JUNG QUALITY SEEDS

The Products of Jung's Seeds are Unexcelled

VEGETABLES of SUPERB QUALITY

MAR 17 1947
Jung's Seeds

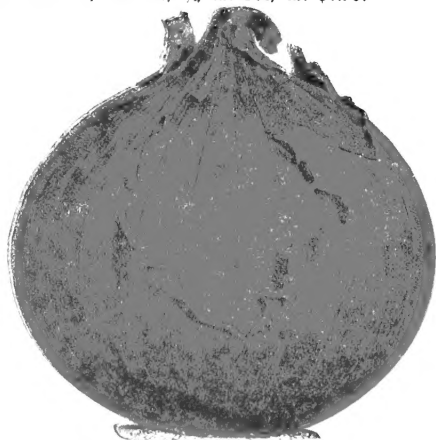

BEST OF ALL BEET

"BABY" OR CANNING BEET

*Best of All
Unexcelled for Home or Market
Gardens. Deep Red Throughout.
No Light Zones.*

A new Beet that will please the most critical planter. Ready to use in 50 or 55 days. Beets are deep red in color with no white rings or zones, globe shaped and very tender and sweet. A splendid variety for pickling, bunching or canning as they are always smooth and uniform. We consider this one of the finest Beets for either the home or market gardens. Pkt. 8c; oz. 18c; 1/4 lb. 50c; lb. \$1.75.

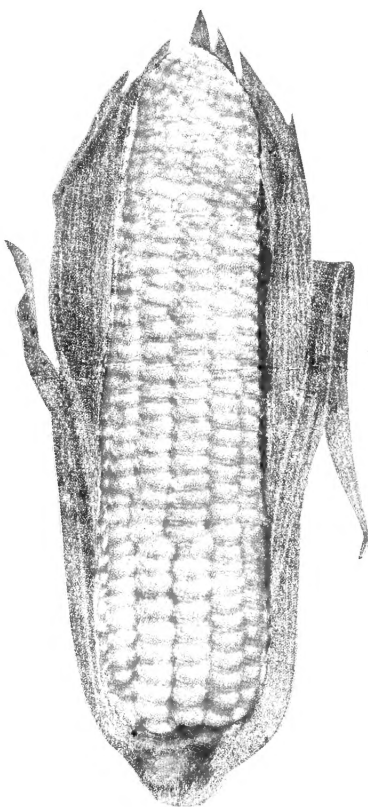

GIANT SWEET SPANISH ONION

ONION

Giant Sweet Spanish (Utah Strain)

Giant in Size. Heavy Yields. Sweet Mild Flavor. Why buy the large sweet onions at fruit stores when you can grow them in your own garden? This new variety was developed especially for this country and anyone having reasonably good garden soil can grow these fine large onions, seed sown early in the spring will produce magnificent large globe shaped onions often weighing a pound or more. It has a beautiful straw colored skin, flesh pure white, tender and of mild sweet flavor. A good keeper for such a large onion. We offer our special select strain of seed which was grown from only carefully selected bulbs. Pkt. 10c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.50; lb. \$5.25; 5 lbs. \$25.50.

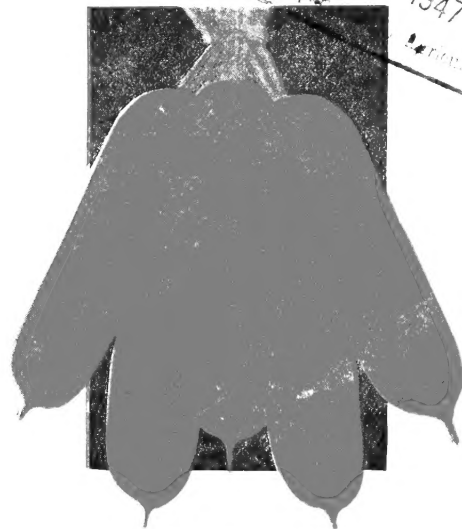

HONEY CREAM SWEET CORN

EXTRA EARLY SWEET CORN

*Jung's Honey Cream
Dwarf in Growth, Requires Little Space,
Deliciously Sweet and Tender.*

This superb sweet corn is the result of over 15 years of intense selection under the personal supervision of J. W. Jung, the demand always exceeds the supply of seed we have been able to grow. It is, by far, the most tender and delicious of all Sweet Corns, plant it once and you will want it every year as for quality it stands at the head of the list. It is very early, the stalks are dwarf and may be planted much closer than the larger varieties. Many stalks produce 2 and 3 ears which are well filled with snowy white kernels. As the seed is small in size much less is required than with other varieties. Pkt. 12c; 1/2 pt. 30c; pt. 55c; qt. \$1.00.

CORELESS CARROT

CARROT

Coreless or Early Market

A handsome half-long variety, the shape of which is well shown in the illustration. They average 6 in. in length by 1 1/2 in. in diameter and are ready for use quite early. The skin is very smooth and clean and of rich orange color. The flesh is of fine texture, free from all stringiness while the core is very small, having no pithy or woody fibre. Our sales of this grand Carrot are increasing every year. Pkt. 10c; 1/2 oz. 18c; oz. 30c; 1/4 lb. 90c; lb. \$2.75.

JOHN BAER TOMATO

TOMATO

Jung's Super Select "John Baer"

This is one of the most widely grown early Tomatoes. First fruits ripen very early and the plants continue to bear to the end of the season. Fruits globe shaped, deep red, very solid and smooth. For planters who wish something extra special we offer seed that was saved from the first picking taken from select plants. You will find that this northern grown seed will produce a crop that will ripen earlier and produce more solid fruit than seed grown further south. Pkt. 15c; 1/2 oz. 65c; oz. \$1.00; 1/4 lb. \$3.00.

JUNG'S SEED ANNUAL FOR 1947

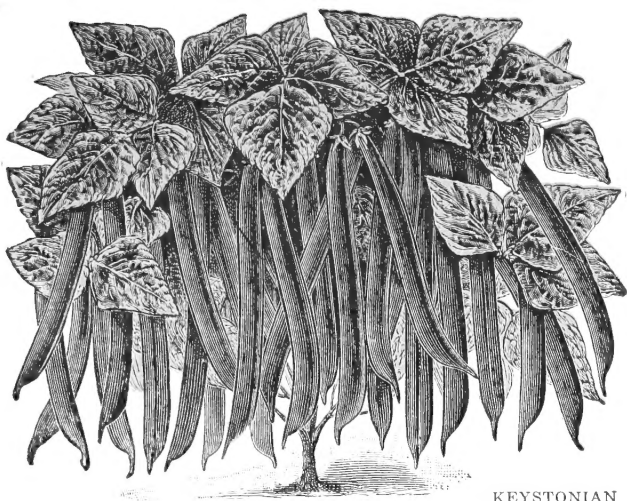

J. W. JUNG SEED COMPANY

Quality Seed Growers

RANDOLPH

WISCONSIN

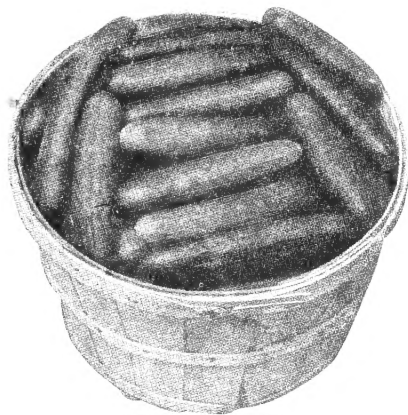

KEYSTONIAN

KEYSTONIAN GREEN POD BUSH BEAN

A remarkably fine greenpod bush bean that has the hardiness, quality and productiveness so that it will soon replace many other varieties. Grows sturdy upright bush and bears an abundant crop of long straight pods. Pods are 6 to 6½ in. long, round, stringless and free from all fibre and remain in edible condition for a very long time. An excellent variety for either canning, freezing, shipping or the home garden. Pkt. 10c; ½ pt. 30c; pt. 45c; qt. 80c.

STRAIGHT EIGHT

STRAIGHT EIGHT CUCUMBER

Unexcelled for Shipping, Slicing or Pickling

This fine new cucumber received the All American Gold Medal as one of the most outstanding vegetables of the year. It is one of the finest shipping cucumbers as the fruit is deep green, free from objectionable light striping and is very uniform in size, usually about 8 in. long, 1¼ in. in diameter, well rounded but not tapered ends. A fine cucumber for either home or market garden as it yields heavily and can be used for shipping, pickling or slicing. Pkt. 10c; oz. 20c; ¼ lb. 70c; lb. \$2.50.

SWEET CORN

Jung's Extra Early Golden Bantam

This variety is pronounced the favorite because of its extreme early character, vigorous growth and has the richest flavor of all. Besides being early, it is very hardy and permits of the earliest planting. The stalks are dwarf in growth averaging 4 ft. in height. The ears are from 5 to 7 in. long and the grain is a bright golden yellow color. In flavor it is exceptionally rich and sugary and by everyone admitted to be the richest flavored Sweet Corn. The small stalks can be planted close together. For productiveness and quality it leads all varieties. **The seed we offer is a special stock of our own growing and for earliness and sweetness is unexcelled.** Pkt. 8c; ½ pt. 25c; pt. 40c; qt. 70c.

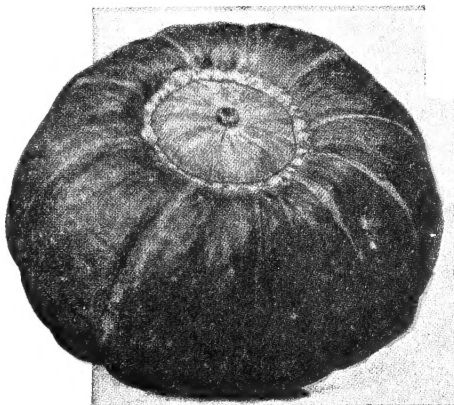

GIANT TENDERSWEET PEAS

Immense Pods, Heavy Yielder, Superb Quality

—A new main-crop Pea that is in a class by itself. Vines are strong and thrifty, 24 to 30 in. tall, require no brush and bear the giant sized pods in profusion. Pods are 5 to 5½ in. in length and contain 8 to 12 large, bright green peas that are very tender and of the very highest quality. We are confident you will be more than pleased with the new size, yield and quality of this splendid new Pea. Pkt. 10c; ½ pt. 25c; pt. 40c; qt. 70c.

NO "LETUP" IN QUALITY

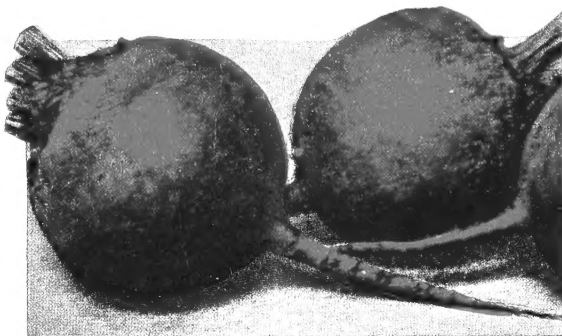

While very many things which you purchase now are not the quality they were in previous years this is not true with anything you purchase from us. The same high standards upon which we built up our business are still in effect and you can order Seeds, Plants, Shrubs and Bulbs from Jung's with the full assurance of "Top Quality" in every way.

BUTTERCUP

JUNG'S GARDEN LEADERS

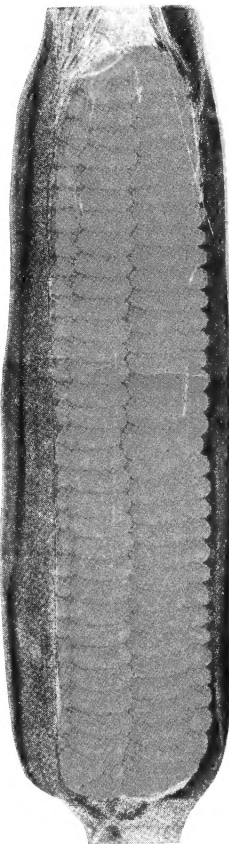

The ten excellent vegetables offered below are of varieties we highly recommend. You should have them in your garden.

EARLY WONDER BEETS

EARLY WONDER BEETS

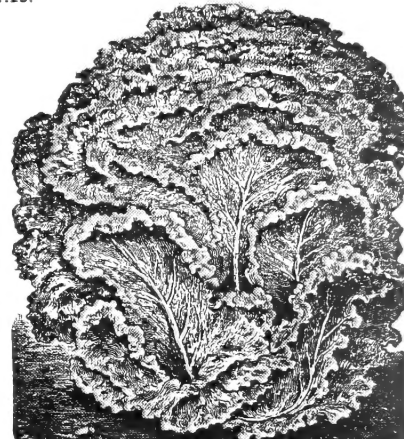

This splendid variety is extremely early, of perfect globe shape and of finest quality. It is a fine selection of blood red beet, extremely smooth and of symmetrical growth, fine rich color and desirable shape. In quality and color it is peerless, very fine grained, tender and sweet, never woody or stringy. The tops are small, making it a good forcing variety. Pkt. 8c; ½ oz. 12c; oz. 20c; ¼ lb. 60c.

GOLDEN BANTAM

JUNG'S ALL CREAM LETTUCE

This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative fine quality. The leaves grow upright, the upper part of the outer leaves turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 85c.

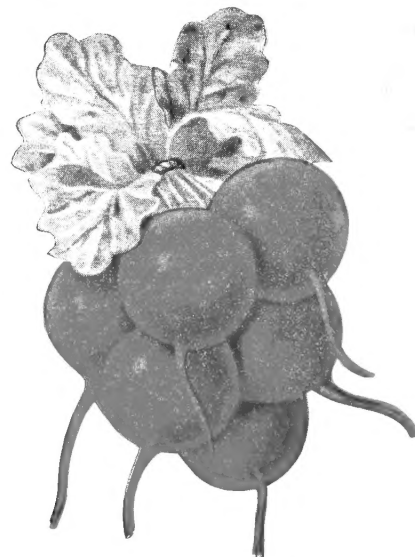

JUNG'S ALL CREAM

EXTRA EARLY RADISH "CAVALIER"

Superb Quality. Rapid Grower. Striking Appearance

A superb new extra early Radish which has been rigidly selected and will meet the most exacting demands of any gardener. Roots are bright scarlet, olive globe shaped and run very uniform in size and color. Flesh is crisp, firm and mild in flavor, slow to become pithy. Tops are small, making it an ideal variety for bunching. Pkt. 8c; oz. 15c; ¼ lb. 40c; lb. \$1.25.

CAVALIER RADISH

MAKING A GARDEN

We have prepared a booklet of valuable information on growing Vegetables and Flowers. You may have a copy free with your order. Ask for it.

THE QUALITY SQUASH "BUTTERCUP"

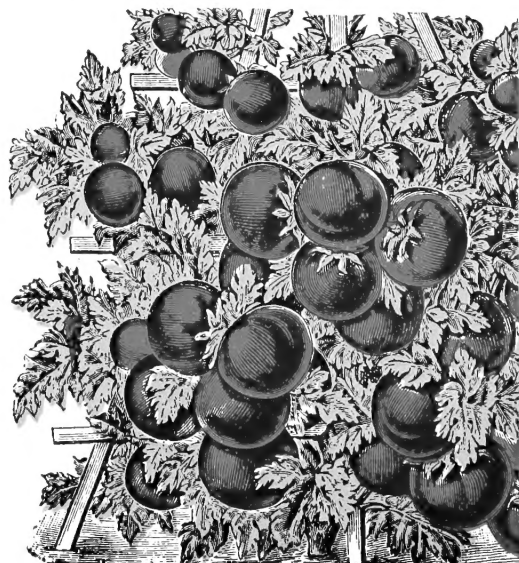

Superb Quality. Excellent Keeper. Heavy Yielder.

A splendid winter squash developed by Prof. Yaeger of the No. Dak. Exp. Station. The squashes weigh 3 to 5 lbs., are dark green in color, mature early, and are excellent keepers. Flesh is very thick, deep orange in color, very sweet, and entirely free from fibre of any kind. **The Highest Quality Winter Squash.** Pkt. 10c; oz. 20c; ¼ lb. 65c.

TOMATO

Jung's Private Stock "John Baer"

We are offering seed of our own growing which for earliness, freedom from all disease, great productiveness and solidity of fruits is unexcelled. John Baer Tomato has always been a popular favorite with our customers ranking as one of our best main-crop varieties. Much selection has been done to improve its good qualities, especially for earliness and yield. Fruits are large in size, globe shaped, deep red color, very smooth and solid. **Select Seed of our own growing.** Pkt. 10c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.75.

JOHN BAER

TENDERSWEET

THE PRODUCTS OF JUNG'S SEEDS ARE UNEXCELLED

1907 For Better Gardens and Finer Flowers, **1947**
Plant "JUNGS" Seeds, Plants and Shrubs

Another planting season will soon arrive and planning our garden and farm plantings for 1947 will receive the attention of farmers and gardeners throughout our beloved country.

While America produced another record crop in 1946, the demand for food is still urgent, so we should not relax our gardening efforts.

"What Will the Harvest Be?" is the question of interest to every planter, one answer is that it will not be profitable unless you plant good seed, this may cost a little more, but the extra cost will be very small when compared to the resulting crop.

While many things you buy today are higher in price and inferior in quality, this is not true of Jung's Seeds, Plants and Shrubs. At no time have we relaxed in our efforts to improve the quality of our products wherever possible.

Our business has been built up by sending out

products of superior quality, seeds and plants that satisfy the planter so that they order year after year.

Throughout this catalog you will find unsolicited testimonials from our customers stating their experiences with our seeds and plants, we have hundreds of these and our only regret is that we do not have room to publish them all.

We have been growing and selling seeds for 40 years, and during this time have established an enviable reputation for quality and fair dealing, you may rest assured when ordering from Jung's you will receive Seeds, Bulbs, Plants and Shrubs of the highest quality, the kind you will want more of the next year.

While it is not possible to send a separate note of thanks to each customer, we take this opportunity of expressing it in this message, and assure each and every one of you that we will strive harder than ever to please you in 1947.

Jung's Wholesale Prices on Garden Seeds

As is the custom with most seedsmen we make special prices to market gardeners or those planters requiring seeds in large quantities. These seeds are of the highest quality being grown by us or growers who have made a specialty of producing high grade pedigreed seeds. Quality considered we believe you will find our prices very reasonable. Remember it costs more to produce good seeds but they are also worth more when the resulting crop is taken into consideration.

Without good seed the best land and cultivation cannot yield you a profitable crop.

Please Notice

At the prices quoted on this page we do not pay shipping charges, please state on your order whether we should ship by freight or express. We cannot fill any orders at these prices unless it amounts to \$5.00 or more. All prices are subject to change.

NOTE — Half bushels may be ordered at bushel rates, half lbs. at lb. rates.

INSTRUCTIONS ON ORDERING

With each catalog we enclose an order sheet and self-addressed envelope. Be sure to write your name and address on order sheet. After writing down the list of articles wanted place same together with remittance in the envelope. Remittance may be made by Money Order, Bank Draft or Check, amounts of 50c or less may be sent in clean postage stamps. You will be surprised how easy it is to make out your order and how soon the seeds will reach you after the order is sent in.

Please Use Order Sheet On Last Page

PREPAID DELIVERY CHARGES AS FOLLOWS

Except where noted we pay the postage on all seeds offered by the packet, ounce, quarter-pound, pound, half-pint, pint, and quart; also on all bulbs and plants offered in quantities up to 200. On plants in lots of 200 or more purchaser pays charges. On seeds offered on wholesale page, also farm seeds in quantities of over 3 pounds we do not pay charges.

WE GUARANTEE SAFE DELIVERY

If any parcel of seeds, plants or bulbs reaches you in bad condition advise us at once and we will refill the order free of charge or refund your money. Also if any goods you receive from us are not satisfactory in every way they may be returned and your money will be refunded.

OUR RESPONSIBILITY

You are absolutely safe in sending your order to us. Any seeds that are not satisfactory upon arrival may be returned and your money will be promptly refunded.

DISCLAIMER

"The J. W. Jung Seed Co. gives no warranty, express or implied, as to productiveness of any seeds, bulbs or plants it sells and will not be in any way responsible for the crop. Our liability, in all instances, is limited to the purchase price of the seed."

C. O. D. ORDERS

We do not advise shipping orders C. O. D., as there is an extra charge of 24c on each order. However, if wanted we will ship orders C. O. D. if 25 per cent of the amount is enclosed when goods are ordered.

ORDERS PROMPTLY FILLED

Under normal conditions we will fill orders for seeds within 48 to 72 hours after they are received. If your order includes potatoes, bulbs, plants, etc., which cannot be safely sent in cold weather, these items will be sent when safe to ship or at proper time for planting.

ERRORS OR MISTAKES

We are only human and will make errors; however, when a mistake does occur we are glad to have our customers write us so that it may be corrected. Always keep a copy of your order to check over the goods when you receive them; often people will write us that they ordered some items which they did not receive but upon looking up their orders we find that the items claimed to be short were not ordered.

GIANT FANCY IRIS

GIANT PRIZE GLADIOLI

SPECIAL PREMIUMS

As a special inducement to have you order from Jung's again this year we offer as a Special Premium some choice bulbs and shrubs.

If your order amounts to \$5.00 or over you may have 3 Gladioli; if it amounts to \$8.00 or more you may have 6 Gladioli; while if it amounts to \$10.00 or more you may have your choice of 12 Gladioli, a Chinese Lilac or 3 Giant Fancy Iris.

NOTICE—Only one Premium will be allowed on an order and Premium must be selected when order is sent in. You will find Coupon on back of order sheet.

GIANT PRIZE GLADIOLI

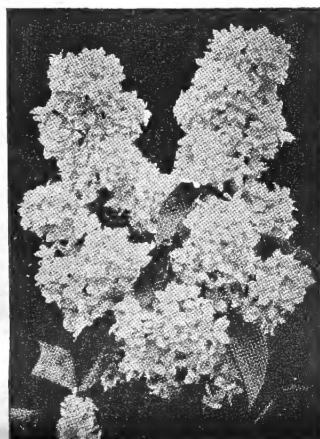

Easy to Grow. Sure to Bloom. Giant Flowers. Brilliant Colors. We grow these grand flowers by the acre and want all of our customers to share their beauty. You will be delighted with the size, beauty and gorgeous colors of the flowers. Many of them will grow 4 to 5 in. across with 6 to 8 flowers open at one time. If cut when first flowers open will last for 10 days.

JUNG'S GIANT FANCY IRIS

This assortment of Iris is made up from select named varieties, many of which sold for 50c to \$1.00 each only a few years ago. For size, beauty and colors they are all that can be desired. They are hardy, easy to grow and will increase in size and beauty for a long time.

CHINESE LILAC

You will be highly delighted with this fine Lilac as it is very hardy and usually comes into bloom the second year after being set out, also it will not spread like the common variety. Flowers are large graceful heads, rich purplish red in color, delightfully fragrant and produced in great abundance. You may have one as a Premium. See offer above.

CHINESE LILAC

L. J. Bates, Minn.—we have always been more than pleased with your seeds, bulbs and shrubs.

LE CYGNE

"Le Cygne"

The Aristocrat of Peonies

With a rating of 9.9, the highest rating, this ranks as the most nearly perfect Peony. Comes into flower early, blooms very large, ivory-white and exquisitely fragrant. Perfect rose type, a perfect flower on every stem. **Special price on strong plants: Each \$1.50.**

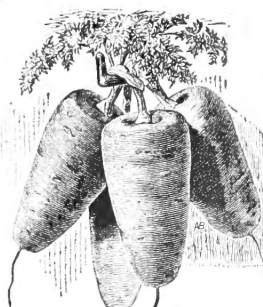

JUNG'S COLOSSAL GLADIOLI

These are mammoth sized bulbs, 2 1/2 in. and up in diameter, and are for those people who want something extra special. The bulbs will grow plants 4 to 5 ft. tall and the flowers will be truly giant in size, many of the bulbs will grow 2 and 3 spikes of flowers. Only the very choicest varieties are used and whether you order 3 or a dozen bulbs no two will be alike. **Only a limited quantity is available. Order early. 3 for 40c; 6 for 75c; doz. \$1.35, postpaid.**

Dr. F. T. Jung, Ill.—The Gladioli we had from you last year were a revelation; we certainly got a lot of pleasure out of them.

COLOSSAL GLAD.

TENDERCORE

EARLIEST OF ALL

TENDERLEAF

FREE SEEDS

The fine Flowers and Vegetables listed below are special selections, things that you will be proud to have in your garden and which you will delight in showing to your friends. These are offered as a premium, you may select one pkt. for each 50c worth of seeds and plants ordered but not more than 6 pkts. to a customer.

TENDERCORE CARROT—A grand carrot that grows to a good size, is practically coreless and of the highest quality.

EARLIEST OF ALL CANTALOUPE—An excellent melon of superb quality and extreme earliness.

TENDERLEAF LETTUCE—You will be delighted with the high quality of this fine Lettuce as it is high in vitamins.

ANNUAL PAINTED DAISIES—Easily grown and produce some of the finest color combinations found among flowers. Do not sow too thick.

SUPERB MIXED CLARKIAS—Few flowers excell Clarkias for grace and beauty. Excellent for either the flower garden or bouquets.

LITTLE MIDGET MARIGOLDS—These grow into compact bushes about 1 ft. high and are a solid mass of color from July until frost.

DAISY

CLARKIA

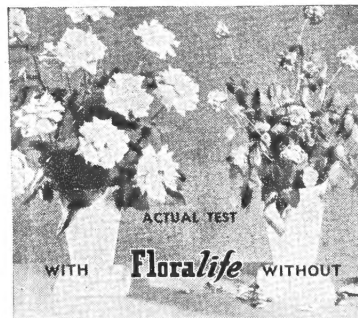

MARIGOLD

FLORALIFE

This preparation more than doubles the life of florist or home grown bouquet flowers, it makes buds open wide and expands size of blossoms. It retards wilting, maintains fragrance and there is no need to change water or clip ends of stems. **Pkt. (enough for 2 qts. water) 10c; 3 pkts. 25c; 30 qt. size pkg. \$1.00.**

WITH **Floralife** WITHOUT

KILLS WEEDS IN 7 TO 30 DAYS' TIME

Rid Your Lawn of Dandelions, Plantain and Other Weeds

This remarkable Weed Killer destroys weeds like Dandelions, Plantain, Chick Weed, Thistles, Poison Ivy, Poison Oak, Wild Mustard, Nettles and many others, it not only kills the tops but the roots as well. Will not harm the soil or sprayers, is harmless to animals and is not dangerous to handle. One spraying is usually enough to clean up all the weeds on your lawn as it kills the weeds but not the grass. Simply mix with water and spray on the lawn, full instructions on every package. **5 oz. (makes 30 gal.) enough for an ordinary lawn 90c; 1 lb. (makes 100 gal.) \$1.70 postpaid.**

OPTOX

PLANT SPRAY

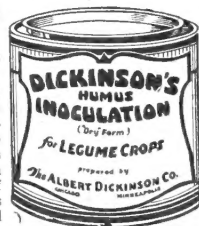

On our Seed Farms and Nurseries we have tried out many different Plant Sprays but thus far have had the best results with Optox, especially for cucumber bugs.

This spray is deadly to insects but absolutely harmless to humans, birds and animals. Will not "burn" delicate leaves on tender flowers. While this spray has always been good it is even stronger now as new ingredients have been added, it contains no DDT. Optox costs a little more than some others but you will find it to be the cheapest when results are compared. Easy to use as all that is necessary is to add water. Full instructions with every bottle or can.

Dickinson's Humus Inoculation

Will Increase Your Crops of BEANS, PEAS & SWEET PEAS

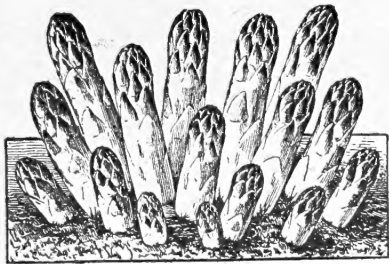

This is a compound which when applied to the seed before planting promotes stronger healthier growth, hastens maturity, increases the crop, improves the quality and also enriches the soil. It is for legume plants such as Beans, Garden Peas and Sweet Peas. In the case of Sweet Peas larger and finer flowers will be had and in Garden Peas and Beans your crop will be much heavier and of finer quality and you can pick more pods from each plant. It is easy to apply as it is put up in powder form and will stick to the seeds, no water is necessary and it can be used a little at a time. **Garden size Pkt. (enough for 5 lbs. of seed) 10c; 3 for 25c. Bu. size for Beans or Peas 50c.**

TAT-ANTU (Formula 83) RAT POISON

So Powerful One Lick Kills Rats

This amazing preparation contains ANTU the sensational new rat killing agent developed during the war. There is no longer any reason why you should have your premises infested with rats when you can rid yourself of these pests with this guaranteed remedy. Easy to use as it is put up in boxes containing bait and also the powder. It may be used with the bait, dusting burrows and runways or even dusted on water where rats come to drink.

Full instructions are on each container. **Size No. 2. Good farm size—Contains 4 oz. Feeding Bait and a package of the Concentrate Powder \$1.00 Postpaid.**

WASHINGTON ASPARAGUS

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety.

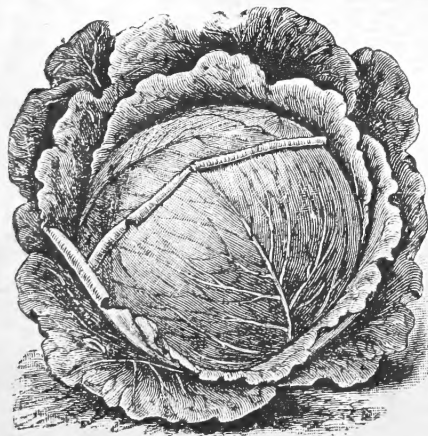

This variety is the result of many years work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size yet they remain so crisp and tender they may be eaten raw. Pkt. 8c; oz. 20c; 1/4 lb. 65c; lb. \$2.00.

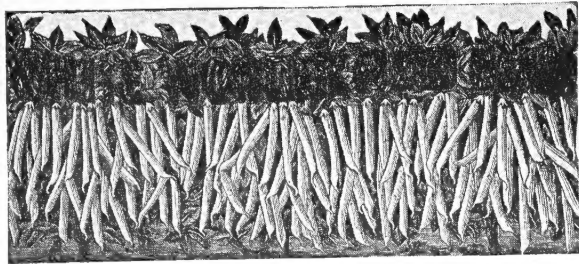

FANCY GOURDS

CLIMBING WATER MELON

DANISH BALLHEAD

SNOWFLAKE FIELD BEANS

Snowflake or 1200 to 1 Field Beans

Ripens Early. Immense Yields. Handsome Appearance. Unequalled for Soups or Baking.

We again sent out many hundreds of packets of this wonderful bean the past season and are delighted to hear of the excellent results our customers are having with it. This is decidedly one of the best Pea Beans to grow either for market or home use both on account of its great yield and handsome appearance. Its cooking and baking qualities are unsurpassed. Vines are very healthy, dwarf or bushy in growth and bear an immense number of pods which are well filled with the pearly white beans. Get at least a pint of these wonderful beans and grow enough for your winter use. Pkt. 7c; 1/2 pt. 20c; pt. 35c; qt. 50c. Not prepaid: Pk. \$2.25; Bu. \$8.50.

Gourds

FANCY MIXED—An interesting and valuable vine, grows very rapidly and quickly covers old walls, fences or outbuildings and trellises. They bear an abundance of the curious shaped fruits and we have included a very choice selection in the seed we offer. Pkt. 7c; 1/4 oz. 15c.

MINHYBRID 250 POP CORN

Just like other hybrid corn this fine pop corn has unusual qualities such as strong stalks, heavy roots, uniform ears and yields heavily. It surpasses all other varieties in yield, quality and popping expansion. A quart of this corn will make 20 qts. after it is popped and for flavor, tenderness and freedom of unpopped kernels it is unexcelled. Nothing better to be had. Pkt. 10c; 1/2 pt. 30c; pt. 50c; qt. 85c; 5 qts. \$4.00, postpaid.

PEANUTS

EARLY VIRGINIA—This splendid variety is very desirable because it is so early and prolific. It grows perfectly erect and seed planted early in May will ripen a crop in September and for this reason can be grown in the north. Let the boys and girls try them, it will give them lots of fun and provide peanuts for the winter. Full culture instructions on every package. Pkt. 7c; pt. 35c; qt. 65c.

EXTRA EARLY WATER MELON

BABY DELIGHT or CLIMBING—Persons having small gardens may have watermelons of their own growing as this melon will climb up a trellis or fence but may also be grown like other varieties. The vines are very vigorous in growth, the heavy foliage nearly concealing the fruit. The first melons ripen very early and the healthy vines keep on bearing heavily until the end of the season. The rich carmine red flesh is always solid and of exceptionally sweet flavor. Pkt. 8c; oz. 20c.

"Hundredweight" Pumpkin

You will be greatly surprised at the size to which pumpkins can be grown when you plant this variety. Specimens have been grown weighing over 100 lbs. It is also of remarkably fine quality as the flesh is fine grained, sweet and tender and of excellent quality for pies. Pkt. 10c; oz. 20c; 1/4 lb. 60c.

Children's Collection

Let your children have a garden of their own. You will be surprised at how much enjoyment they will get out of this work. The above five items are of special interest to them, one large packet of each for only 35c. A booklet on growing vegetables and flowers free with each collection.

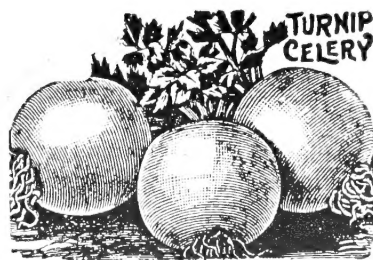

CABBAGE

Danish Ballhead or Hollander

This is probably the most popular and widely grown cabbage for it produces a large crop of heavy solid heads that are unexcelled for shipping and is unequalled as a keeper for winter use. It grows large, almost round heads, exceedingly hard and solid, weighing when trimmed almost one-fourth more than other varieties. Whether you grow cabbage for shipping, near-by markets, sauerkraut or the home garden you will make no mistake in planting this variety. Our seed is an extra select strain, bred for compact growth of plant, short stems and large solid heads. Pkt. 10c; 1/2 oz. 18c; oz. 30c; 1/4 lb. \$1.00; lb. \$3.00 postpaid.

TURNIP CELERY

This is an excellent vegetable. It produces large, turnip-shaped roots which keep well for winter use. Highly esteemed either cooked in the same manner as other vegetables, for flavoring soups, or sliced and used as a salad. Pkt. 8c; 1/2 oz. 15c; oz. 25c.

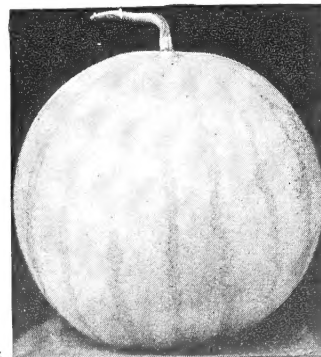

CRESS OR PEPPER GRASS

An annual, making a good salad. Leaves are finely cut and feathery, like a good parsley. It is dwarf and compact in growth, crisp and refreshing. Pkt. 7c; oz. 20c.

CITRON

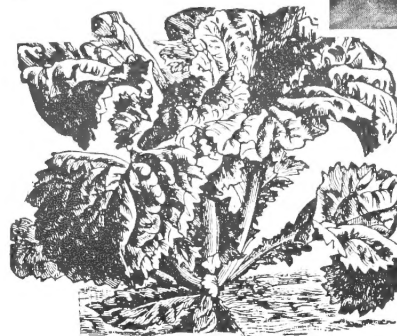

COLORADO PRESERVING—A large fruited variety producing the handsome fruits in abundance. The flesh is white, very solid and is used for pickles and preserves. Pkt. 5c; oz. 10c; 1/4 lb. 25c.

CITRON

MUSTARD

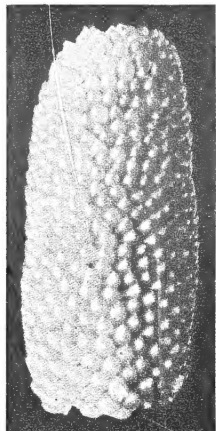

GIANT CURLED—The leaves are large, light green with a tint of yellow, much crimped and frilled at edges. The plant is upright, or slightly spreading in growth. This variety is highly esteemed in the South for the market as well as the home garden on account of its vigorous growth, hardiness and good quality. Pkt. 7c; oz. 15c.

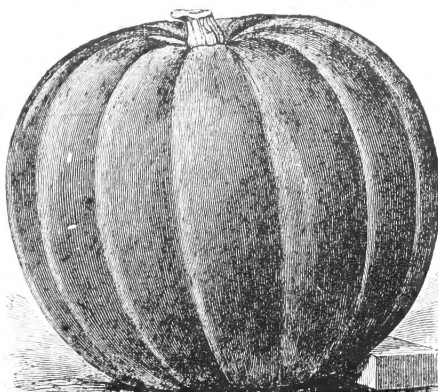

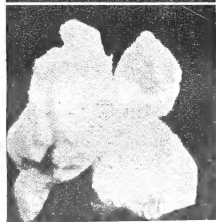

MUSTARD

LEEK

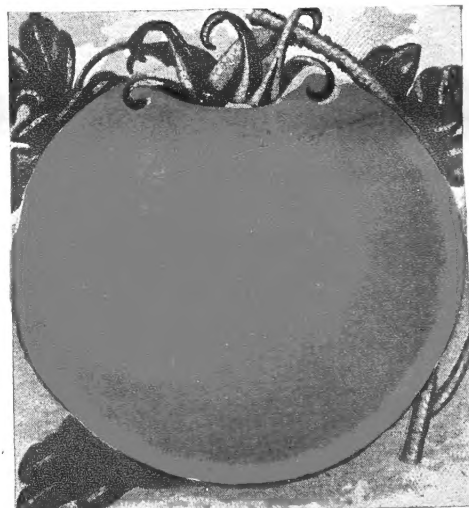

LARGE AMERICAN—Most highly esteemed for flavoring soups, stews, etc. The plants are of vigorous growth and have extra long stems which blanch to a snowy whiteness. Cultivate the same as for onions. Pkt. 10c; 1/2 oz. 20c; oz. 35c.

MINHYBRID POP CORN

HUNDREDWEIGHT PUMPKIN

WISCONSIN 55 TOMATO

Wisconsin "55" Tomato

A superb new Tomato that was developed and perfected by specialists at the University of Wisconsin, their aim being to produce a Tomato that was superior to any other variety. It ripens early and produces the heaviest yield of large, smooth, solid red fruits, in actual tests it has outyielded such varieties as John Baer, Rutgers and Stokesdale by 30%. It is highly resistant to such diseases as early blight, defoliation, leaf spot and blossom end rot. Certified Wis. grown Seed: Pkt. 20c; 1/4 oz. \$1.25; 1/2 oz. \$2.25; oz. \$4.00.

New Everbearing Strawberry "Streamliner"

Heavy Yields, Superb Quality, Large Berries.

This new everbearing strawberry surpasses all other varieties for yield, quality and size of berries. The strong vigorous plants will produce a good crop of fruit this year when planted on good soil and moisture is normal, they usually start ripening in August and will continue until frost. The berries are very large, rich red in color and remarkably sweet and delicious. By far the best of the ever bearing strawberries. 25 for \$1.75; 50 for \$3.25; 100 for \$5.75.

STREAMLINER

Wm. C. Peters, Wis.—Just received my berry plants, they are such fine plants that I am ordering more now.

GIANT TENDERGREEN

GREEN POD BUSH BEANS

GIANT TENDERGREEN

Immense Yields, Giant Tender Pods. Absolutely Stringless. A new green podded bush bean, very productive. Absolutely stringless and bears heavy crops of the long handsome pods that are more tender and brittle than any other variety. The pods are 5 to 6 in. long, round and thick, very meaty, stringless, and of finest flavor. Bushes are unusually strong and vigorous. This variety easily ranks as the most desirable green podded bush bean. Pkt. 10c; 1/2 pt. 25c; pt. 40c; qt. 75c.

GIANT STRINGLESS GREEN POD—Here is an absolutely stringless, giant podded bush bean. It combines extreme earliness, unusual hardiness and great productiveness. The handsome pods are 6 to 7 inches long, very brittle and stringless even when fully matured, deep green in color and of the finest quality. One of the best varieties for either market or the home garden. Pkt. 8c; 1/2 pt. 20c; pt. 38c; qt. 60c.

SPECIAL OFFER No. 1

You can assure yourself a continuous supply of crisp and tender beans by planting the following: **Giant Stringless Green Pod; Imp. Kentucky Wonder; Fairfield Wonder Wax; Best of All Wax.** 1 Pkt. of each for 30c. 1/2 Pt. of each for 85c. 1 Pint of each for \$1.50. 1 Qt. of each for \$2.85.

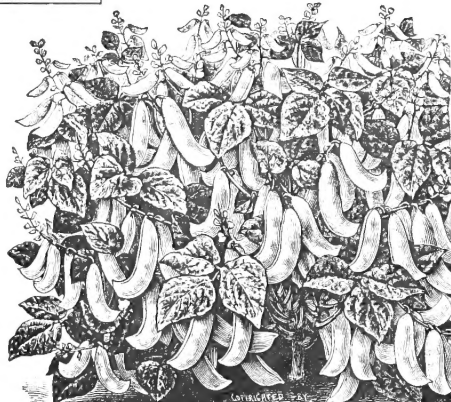

TOP NOTCH GOLDEN WAX

EARLY POTATO LIMA

WONDER BUSH LIMA

FORDHOOK BUSH LIMA

BUSH LIMA BEANS

FORDHOOK BUSH LIMA—Fordhook is the big, almost round, seeded bush lima that bears its pods in clusters of four to six. Each pod contains from three to five large plump beans that are so tightly packed that the ends of the beans are flattened. Of true bush type, the plants grow 16 to 20 in. tall, are well supplied with foliage, the pods are abundantly produced. The most popular of all Bush Limas, both for the family and market gardens. Pkt. 8c; 1/2 pt. 25c; pt. 40c; qt. 70c.

EARLY POTATO BUSH LIMA—The earliest of all Lima Beans, by planting this variety gardeners in the northern States can enjoy Limas from their own gardens. It is at least two weeks earlier than any of the climbing Limas and can be had ready for use by July 20, from then until frost they will yield enormous crops of pods. Bushes grow about 18 inches high and require no stakes; so productive that a small patch will keep a family supplied throughout the season. Pkt. 8c; 1/2 pt. 25c; pt. 40c; qt. 65c.

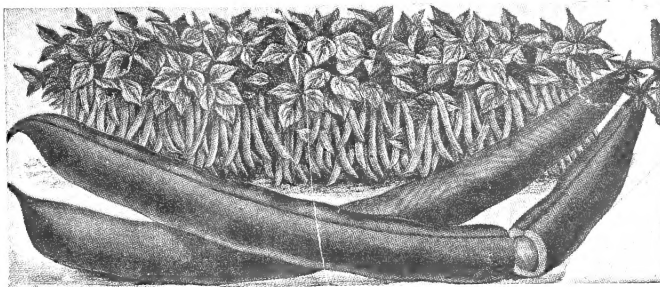

WONDER BUSH LIMA—A great improvement on Burpee's Bush Lima as it is earlier and more productive; the pods are borne much to the center of the plant. This is a great advantage as the pods are held up from the ground. The bushes grow 18 to 24 inches tall and require no stakes or poles. Pods are truly mammoth in size and are borne in clusters of from 5 to 8 pods and contain from 4 to 6 of the large luscious beans. There is nothing quite so delicious in the vegetable line as nice fresh Lima Beans. Pkt. 10c; 1/2 pt. 25c; pt. 40c; qt. 70c.

JUNG'S QUALITY GARDEN SEEDS

In the following pages you will find a complete but select list of both new and standard varieties of seeds, varieties which have been carefully tested and which we can fully recommend. All of these seeds are grown from carefully selected stocks and great care has been used to keep them pure; all have been carefully tested for germination. We make quality the first consideration for we know that without good seeds you cannot raise a good crop. Quality considered, you will find our prices very reasonable.

Jung's Northern Grown Bush Beans

The Seed Beans we offer are practically all of our own growing. They were produced from select stock seed, were thoroughly rogued and hand picked. You will find that our Northern Grown Beans will be ready for use earlier and also bear heavier crops of pods than the ordinary commercial stocks.

GIANT STRINGLESS GREEN POD

WAX OR BUTTER BUSH BEANS

BRITTLE WAX

The Earliest of ALL BUSH BEANS. Of such excellent quality that it might be termed "Best of All." The plants are very hardy and vigorous, of true bush growth, about 15 inches high and heavily laden with the long, straight, round and very solid pods from 5 to 7 inches long. The pods are of a rich golden color, very tender and entirely free from strings at all stages of growth. It will stand longer than any other bean without becoming hard. Pkt. 10c; 1/2 pt. 30c; pt. 45c; qt. 80c.

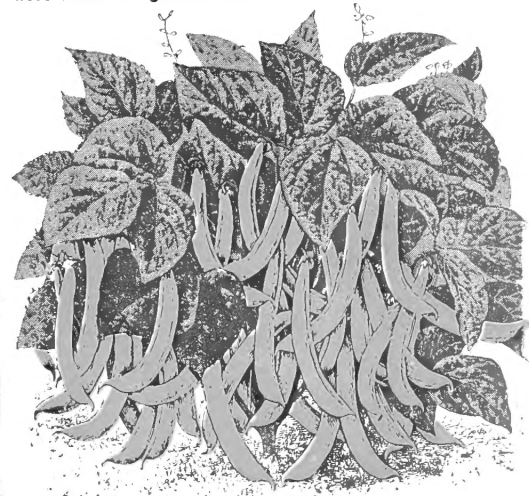

JUNG'S FAIRFIELD WONDER WAX—Without a Doubt the Finest Wax Bean Ever Introduced. It is with pleasure that we offer our customers this grand new Butter Bean, as we are sure it will please those most critical planters. This variety originated on our Fairfield Farm and is by far the finest wax bush bean we have ever seen. The bushes are unusually vigorous and free from disease. They grow from 15 to 20 inches high, have large foliage and bear an immense load of pods which are from 6 to 9 inches long, 1/2 inch broad and have absolutely no strings whatever. The color is a rich lemon yellow. If you want the very best Butter Bean of them all try Jung's Fairfield Wonder Wax. Pkt. 10c; 1/2 pt. 25c; pt. 40c; qt. 70c.

TOP NOTCH GOLDEN WAX—A great improvement on the old Golden Wax as it produces pods that are larger and also of better quality. It is one of the earliest varieties. Bushes grow 12 to 15 in. tall, very robust and free from disease; a sure cropper even under unfavorable conditions. Pods 4 1/2 to 5 in. long, 1/2 inch broad, very fleshy, tender and stringless. It combines earliness, hardiness and productiveness. Pkt. 8c; 1/2 pt. 20c; pt. 35c; qt. 60c.

PENCIL POD WAX

We consider this one of the best Wax Beans yet introduced. It is very productive and of most excellent flavor. The pods are long, straight and round like a pencil, fleshy and of a bright yellow color; tender, brittle and absolutely stringless. The plants are of true bush growth, 15 in. high with abundant foliage. The magnificent pods are from 5 to 7 inches long. Pkt. 8c; 1/2 pt. 25c; pt. 38c; qt. 65c.

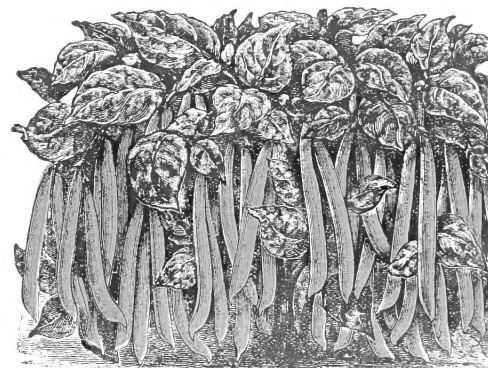

B. S. Austin, Fla.—The best beans and tomatoes I ever raised were from your seed last year.

BRITTLE WAX

Lawrence Berry, Minn.—The Brittle Wax Bush Bean is the best bush bean I have ever come in contact with.

INOCULATE YOUR BEANS . . . See 1st Page

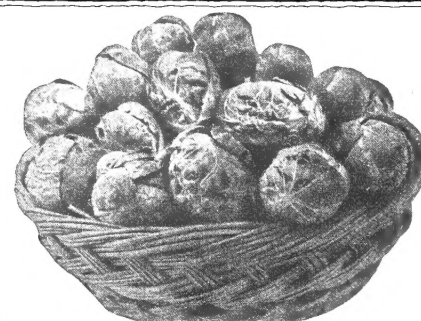

FAIRFIELD WONDER WAX

PENCIL POD WAX

BORECOLE OR KALE

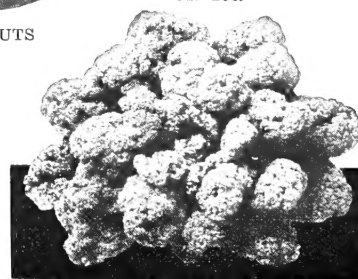

DWARF CURLED—Useful for furnishing greens for boiling during the early fall, winter and spring months. The leaves are very curly, bright green, tender and delicate in flavor. The plants are hardy and the flavor is improved by freezing. Pkt. 8c; 1/2 oz. 15c; oz. 25c.

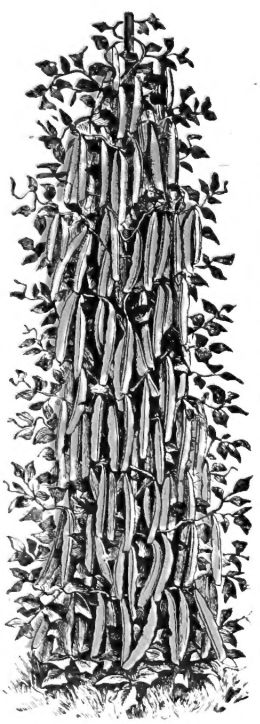

BRUSSELS SPROUTS

BRUSSELS SPROUTS

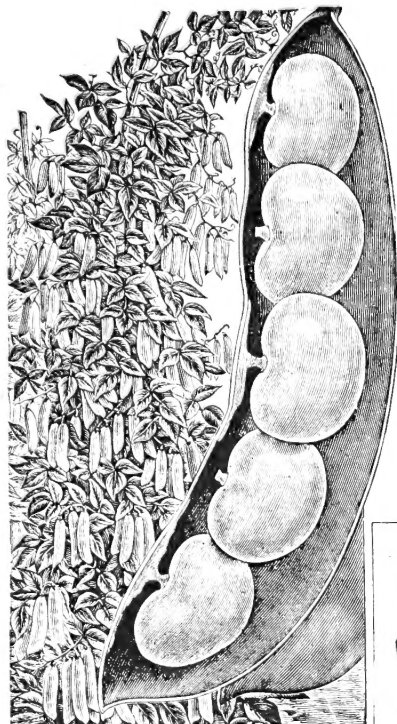

LONG ISLAND IMPROVED—The Sprouts resemble miniature cabbages growing closely on the stalk of the plant. They are more tender and delicious than any cabbage; hard frosts do not injure them and they are left in the garden until desired for cooking. Strip off the outer covering of the sprouts and cook them whole. They are a delicacy not surpassed by the finest cauliflower. Pkt. 8c; 1/2 oz. 20c; oz. 35c.

BORECOLE OR KALE

KENTUCKY WONDER WAX

HENDERSON'S LEVIATHAN

POLE BEANS

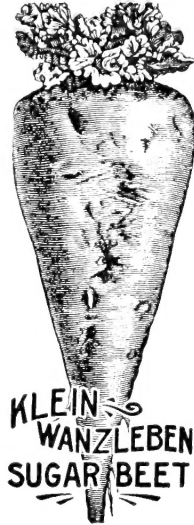

KENTUCKY WONDER WAX—The merits of the old Kentucky Wonder Pole Bean are well known. This variety has all its superb qualities with the addition of a beautiful transparent yellow pod. It is a rampant grower, one plant filling a pole with vines densely loaded with a solid mass of pods, being from 6 to 8 inches in length, exceedingly tender and very fleshy. The pods are so plump and fleshy that frequently they are of greater thickness than width. Deliciously rich and buttery when cooked. Pkt. 10c; 1/2 pt. 25c; pt. 45c; qt. 80c.

IMPROVED KENTUCKY WONDER—One of the earliest and best green-podded pole beans. Its wide popularity is well deserved as it is enormously productive, the pods hanging in great clusters from top to bottom of poles. Pods are 9 to 10 inches long, entirely stringless and cook up rich and buttery. A very sure cropper and may be planted with corn. Pkt. 10c; 1/2 pt. 25c; pt. 40c; qt. 75c.

HENDERSON'S EARLY LEVIATHAN LIMA—This is the very earliest. It will not only give pods earlier than any other strain but it is also much more productive, both early and throughout the season. It is a strong grower, clinging well to the poles and is a sure cropper. The pods hang out from the foliage in large clusters and contain 3 to 5 large beans to a pod. It bears until frost. Pkt. 8c; 1/2 pt. 25c; pt. 45c; qt. 80c.

SUGAR BEETS

KLEIN WANZLEBEN—This Beet is the result of years of methodical and persevering selection. It gives better results than any other variety. It is extremely rich in sugar, thousands of analyses showing that the average percentage of sugar obtained from this variety is about 18 and its average yield may be stated to be 15 to 16 tons per acre, but crops of 25 to 40 tons per acre have been obtained off it. Flesh fine grained and very sweet. Pkt. 7c; oz. 12c; 1/4 lb. 35c; lb. \$1.10.

KLEIN WANZLEBEN SUGAR BEET

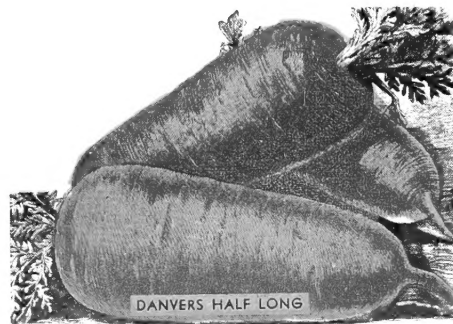

FIREBALL BEET

FIREBALL GARDEN BEET

This early globe-shaped beet of excellent quality is especially esteemed on account of its dark red color, which extends entirely through the beet and without the light colored ring seen in some varieties. The medium sized beets are smooth and handsome and are now being largely used for canning as well as for the home garden or market. It retains its good quality even after it gets large. Matures in about 50 days. Pkt. 8c; oz. 15c; 1/4 lb. 40c; lb. \$1.30.

IMP. KENTUCKY WONDER

DANVERS HALF LONG

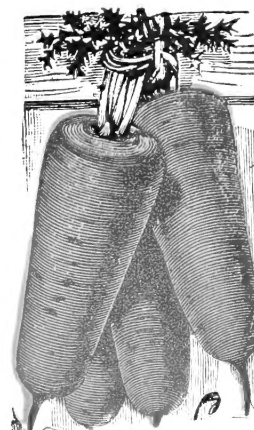

CARROTS

JUNG'S SELECT DANVERS HALF LONG—A magnificent carrot for general culture; indeed by many considered the best of all. It is very thick through, about 5 inches long, stump rooted, often attaining a weight of 5 pounds. Flesh is a rich orange in color, very tender and sweet. We recommend this variety for both home and market gardens; especially for hard or stiff soils where longer varieties will not thrive. Pkt. 8c; 1/2 oz. 12c; oz. 18c; 1/4 lb. 45c; lb. \$1.50.

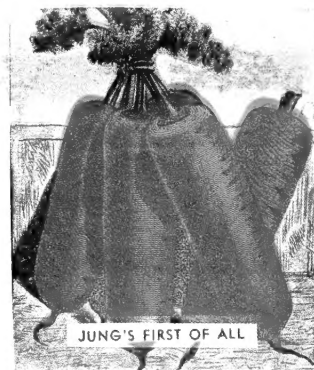

RED CORED CHANTENAY—A very desirable Carrot in every way, it is a great improvement over the well known Chantenay, especially in color, texture and quality of flesh. They grow very smooth, 5 1/2 to 6 inches long, 2 1/4 inches thick at the crown and being stump rooted they are easy to dig. Flesh is reddish orange colored, no light core, fine grained, sweet and tender and has a very delicate flavor. Its fine quality, beautiful appearance and heavy yield make this one of the best carrots for either the home or market garden. Pkt. 8c; 1/2 oz. 12c; oz. 18c; 1/4 lb. 45c; lb. \$1.60.

FIELD OR STOCK CARROT

LARGE WHITE BELGIAN—This is the largest yielding stock carrot grown. Nearly half its length is above the ground, making them very easy to harvest. Carrots are often 18 inches long and 4 to 5 inches in diameter. Yields of 15 tons per acre are nothing unusual. Excellent for either cows or horses. Pkt. 7c; oz. 12c; 1/4 lb. 40c; lb. \$1.25.

CHANTENAY

JUNG'S FIRST OF ALL

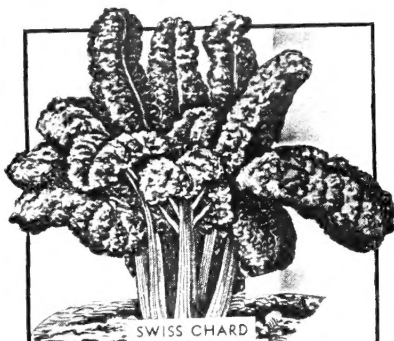

H. Pritchard, Michigan—We have had the best gardens since sowing your seeds.

BROCCOLI

ITALIAN GREEN SPROUTING—One of the new vegetables that is rapidly gaining in popularity. It is grown the same as cabbage or cauliflower and is ready to use in about 90 days after sowing. When the main head is cut numerous sprouts develop along the main stalk which later form into smaller heads thus producing throughout the season. The heads should be cut before the flowers open and may be cooked like cauliflower or asparagus. The heads should have 3 to 5 inches of the branch or stem attached as this is fully as good as the head itself. Pkt. 8c; 1/2 oz. 15c; oz. 25c.

SWISS CHARD

LUCULLUS—Plants grow 2 feet high and consist when fully developed of about a dozen creamy white, attractive curled leaves. The leaves are carried on broad thick stalks about 12 inches long. The leaves may be cooked in the same manner as Spinach. Pkt. 7c; oz. 15c; 1/4 lb. 45c.

SWISS CHARD

BROCCOLI

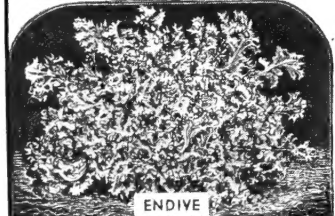

CELERY CABBAGE

CELERY CABBAGE

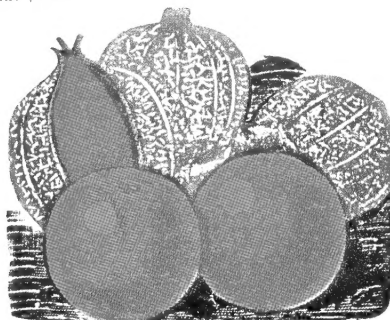

Until recently this new vegetable was unknown but as its good quality became known it is rapidly gaining popular favor. For best results the seed should be sown the latter part of July in rows 2 feet apart and thinned to stand 15 inches apart in the rows, then a most excellent vegetable can be grown. Develops quickly and as the weather gets colder it heads up nicely producing crisp celery-like stalks beautifully blanched. It can be eaten raw, made into salads or cooked as cabbage or greens. Pkt. 8c; 1/2 oz. 12c; oz. 20c.

ENDIVE

GREEN CURLED—Mostly sown in June or July for fall use; plant in rows about 1 foot apart, thin out to 8 inches apart and when well along bunch by tying the tops together. Green Curled is a hardy variety, the most desirable for home use or market garden. Deep green leaves beautifully cut and curled, easily blanched and becomes crisp, tender and very fine flavored. Pkt. 7c; oz. 15c; 1/4 lb. 50c.

ENDIVE

GROUND CHERRY

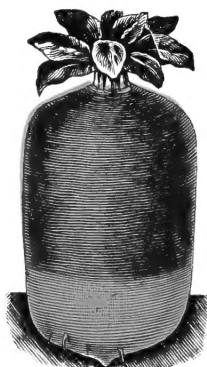

True Yellow Ground Cherry

These plants are low and spreading and produce their luscious fruits in great abundance. Excellent for pies and make delicious preserves as the fruit has a strawberry flavor. Of easy culture and will succeed in most any garden. Pkt. 7c.

MANGELS

MAMMOTH LONG RED—The heaviest cropper. This mangel is enormously, wonderfully productive. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other variety except it be the Half Long Sugar, making it the most nutritious and milk producing. Sheep and other stock thrive better when fed on it picking out pieces of it in preference to all others. Oz. 10c; 2 oz. 18c; 1/4 lb. 35c; lb. \$1.25.

GOLDEN TANKARD—A smooth yellow-fleshed Mangel; roots are of large diameter tapering quickly to the bottom which is quite broad with only a small tap-root. It yields an enormous crop on good soil and can be closely grown in rows. No root crop is a better paying investment for farmers to grow than Mangels. Oz. 10c; 1/4 lb. 30c; lb. \$1.10.

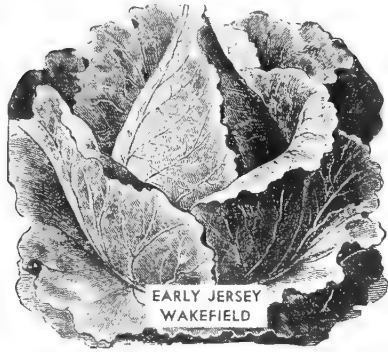

GOLDEN TANKARD

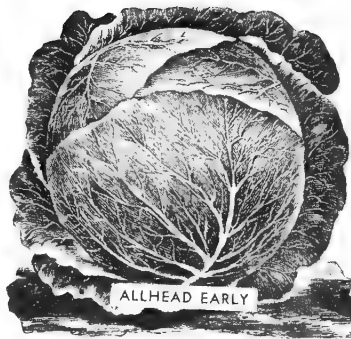

Mrs. John Kroll, Illinois—We had a good yield of sweet flavored and nicely shaped Carrots, and recommend your seeds to all our neighbors.

JUNG'S SELECT CABBAGE

The cabbage seed we are offering was grown from selected stock and the heads were all carefully inspected before being set out. Our packets of Cabbage each contain enough seed to produce 500 plants.

EARLY JERSEY
WAKEFIELD

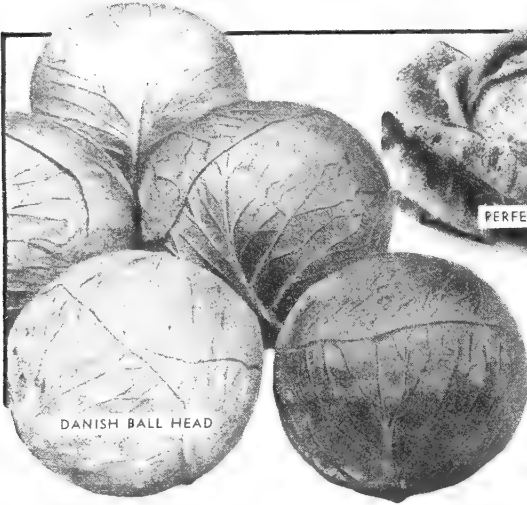

ALLHEAD EARLY

ALLHEAD EARLY—This is the earliest of all large cabbage and considerably larger than any other early summer cabbage. The deep flat heads are remarkably solid and the most uniform in color, shape and size of any variety. Good quality and tenderness are marked features. It is suitable for growth in spring and early summer or for use as a winter sort. The heads grow so compact that fully 1000 more than is usual with large cabbage can be grown to the acre. **Pkt. 7c; 1/2 oz. 18c; oz. 30c.**

EARLY JERSEY WAKEFIELD The standard pointed-headed cabbage throughout the United States. The heads are uniformly hard and solid and are pyramidal in form, generally pointed at the end with few outside leaves. Having but few outside leaves it may be planted close together so that more heads can be grown to the acre than with other sorts. It is exceedingly tender, fine grained and as a cropper no early cabbage can approach it. Size is ideal for marketing. **Pkt. 8c; 1/2 oz. 15c; oz. 25c.**

Edw. H. Pruschen, Conn.—Have been your customer for nine years and am pleased to deal with you.

DANISH BALL HEAD

PERFECTION SAVOY

RED DRUMHEAD

RED DRUMHEAD This is the well known Standard Cabbage. Heads are of large size, slightly rounded and from 7 to 8 inches in diameter. A valuable variety for pickling; very sweet, tender and of excellent quality. **Pkt. 8c; 1/2 oz. 18c; oz. 30c.**

PERFECTION SAVOY—This is the hardest heading and best all-round SAVOY. Plants are of strong growth, having only a moderate amount of outer foliage growing closely around the solid heads. It is very sweet and crisp and always tender. The heads are beautifully blanching and of the finest flavor. **Pkt. 8c; 1/2 oz. 18c; oz. 30c.**

Jung's Select Danish Ballhead or Hollander

A Grand Hard Headed Cabbage

This type of winter cabbage has become very popular of late years on account of its **UNEQUALLED KEEPING QUALITIES** as well as for the great **SOLIDITY** and **WEIGHT** of the heads. It is strong and vigorous in growth and produces large, round compact heads, exceedingly hard and solid, weighing when trimmed fully one-fourth more than any other cabbage of equal size. For boiling, slaw, sauer kraut, etc., it is unequalled, being crisp, tender and sweet. It seems to grow well withstanding hot, dry weather and does not rot from the effects of wet seasons. **Pkt. 10c; 1/2 oz. 18c; oz. 30c; 1/4 lb. \$1.00; lb. \$3.00.**

SELECT FLAT DUTCH It makes a large, round, firm head, uniform in shape and color which seldom rots or bursts. Sureness in heading and regularity in growth has made this one of the most popular standard sorts for winter keeping. The quality, either for slicing or kraut or for general table use, is superb. It is a very fine strain of late cabbage and can be profitably grown anywhere in this country; it is a splendid sort for giving unbounded satisfaction. **Pkt. 7c; 1/2 oz. 15c; oz. 25c; 1/4 lb. 85c.**

SUPER SNOWBALL

Super Snowball Cauliflower

The Leading Early Cauliflower. Very Early. Sure to Head.

Growers wishing a Cauliflower that is early and sure to produce large, white, solid heads will find this variety to be all that can be desired. It is very early, plants make a compact growth with ample foliage, the inner leaves curve over the head and serve as a protection to the snowy-white heads. We offer select seed which is very scarce this year. **Pkt. 15c; 1/4 oz. 90c; 1/2 oz. \$1.40; oz. \$2.50.**

CAULIFLOWER

No effort is spared in the growing and breeding of our Cauliflower seed. Regardless of what price you pay you cannot get seed that is more uniform in growth or surer to produce large, white solid heads. Give our seed a trial—you will not be disappointed.

PEDIGREE EARLY SNOWBALL—For earliness and reliability to produce a head of good size and rich white curly appearance it is unexcelled. It forms snow white heads, 6 to 10 inches in diameter, of good quality. While originally recommended and used as an early variety, it has not only supplanted all other sorts for spring planting but it has largely driven out the large sorts for fall use, being more certain to head. When conditions are ordinarily favorable, compact and deep they will outweigh those of any other strain. There is a great difference in the strain of this variety but our stock is the very best. **Pkt. 12c; 1/4 oz. 75c; 1/2 oz. \$1.25; oz. \$2.25.**

DRY WEATHER—Especially adapted to resist drought. Reaches perfection when ordinary sorts fail. Preeminently the best early variety for market gardeners in sections which are not especially adapted for cauliflower. Plants are of vigorous growth, producing heads of snowy whiteness and fine quality. It has heavy foliage and is not liable to rot in hot weather. It is in all respects a first class cauliflower but is particularly adapted to dry situations and to resisting the effect of drought. It also does well in wet or moist situations, producing heads equal to the best. **Pkt. 15c; 1/4 oz. 85c; 1/2 oz. \$1.40; oz. \$2.50.**

Disease Resistant Cabbage

The select strains of cabbage offered below are especially suited for sections infested with cabbage "yellows" where the regular strains will rot. You will find these varieties of superior quality.

RESISTANT GOLDEN ACRE—An extra fine extra-early Cabbage that has all the good qualities of Golden Acre and in addition is resistant to "yellows" and for this reason can be successfully grown in sections where this disease will destroy other varieties. Plants grow very compact and can be set close together. The heads grow to good size, are round, very solid and uniform in size and shape. **Extra Select Seed: Pkt. 10c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.35.**

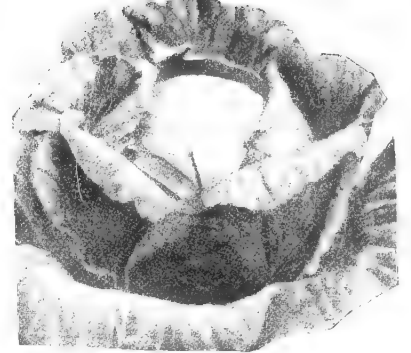

MARION MARKET One of the most popular and widely grown "yellows" resistant, early, round headed cabbage. May be classed as a very select Copenhagen Market as it is early and sure to produce large, round, solid heads. **Pkt. 8c; 1/2 oz. 15c; oz. 25c; 1/4 lb. 95c.**

"WIS. BALLHEAD"—This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. **Pkt. 10c; 1/2 oz. 20c; oz. 35c; 1/4 lb. \$1.25; lb. \$4.50.** (See inside front cover.)

EXTRA EARLY JERSEY QUEEN

A selection of the popular Jersey Wakefield, it retains the earliness and quality of the parent and in addition is resistant to "yellows," grows a compact plant and is sure to head. You will find this to be the best "resistant" pointed variety. **Pkt. 10c; 1/2 oz. 20c; oz. 35c.**

Protect your Cabbage from worms, bugs and plant lice by using "Op-TOX." See page 1.

GOLDEN ACRE

MARION MARKET

JERSEY QUEEN

GOLDEN PLUME

UTAH

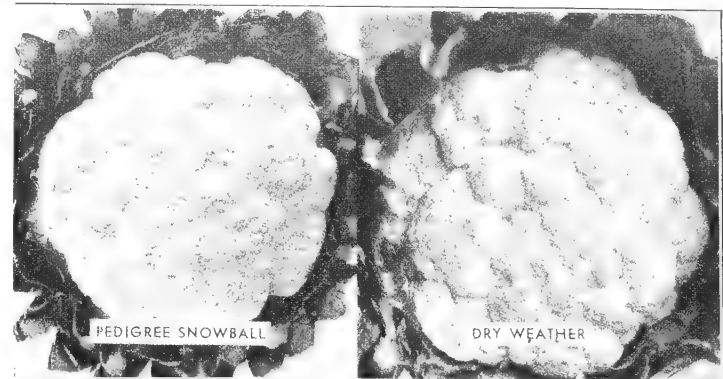

GOLDEN SELF-BLANCHING

CELERY

GOLDEN SELF-BLANCHING—The best of all self-blanching varieties. It is without doubt the most popular celery grown. The ribs are perfectly solid, crisp, brittle and of a delicious flavor which is not surpassed by any other variety while it has the decided merit of being self-blanching to a remarkable degree. It is extensively grown for market and private use, not only on account of its easy culture but for its superior quality. The hearts are large and hard and blanching to a beautiful golden yellow. When grown in moist soil the stalks are numerous and large in size. **Pkt. 10c; 1/2 oz. 30c; oz. 50c.**

UTAH No. 99—A very desirable selection of the new green type celery and contains more vitamins than the golden varieties. Plants are compact, stalks broad and thick, exceptionally solid and crisp; of nutty flavor and fine quality, free from strings and fibre. **Pkt. 10c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.90.**

GOLDEN PLUME—This is a fine new celery that we can recommend without reserve. It is fully a week earlier than Golden Self-Blanching, is similar in color and flavor but is superior to it as this variety blanches more easily, is more blight-resistant. It has been especially selected for large, solid hearts. Specimen stalks have been grown 2 feet tall and 4 1/4 inches thick. Has been blanching in the remarkably short period of 5 days. **Select Seeds: Pkt. 10c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.95.**

PEDIGREE SNOWBALL

DRY WEATHER

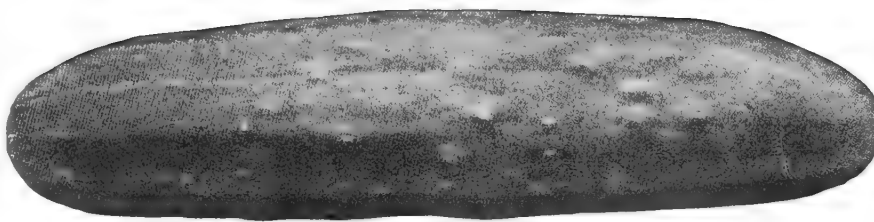

CHICAGO PICKLING
Chicago Pickling
The Most Popular and Widely
Grown Pickling Variety

The fact that it is used by most of the large pickling factories is the best proof of its leadership in its class. The vines are very vigorous growers and will produce a large number of fruit if kept gathered before they become too large. Skin is extremely thin, tender and free from toughness. Pkt. 8c; oz. 20c; 1/4 lb. 60c.

WHITE WONDER

JUNG'S FAIRFIELD GIANT

JUNG'S SELECT CUCUMBERS

JUNG'S FAIRFIELD GIANT or LONGFELLOW—The vines are unusually vigorous in growth and produce an enormous crop of handsome fruits. They are of a deep green color and grow from 12 to 18 inches long being one of the handsomest cucumbers grown. When the fruits are from 6 to 8 inches in length, or just the right size for slicing, they are practically solid, there being hardly a trace of seed to be found. The pure white flesh is very firm, sweet and crisp and of the finest flavor. The fruits are very long and slim, which together with their deep green color will make them bring the top prices on all markets. Pkt. 10c; oz. 25c; 1/4 lb. 75c.

EVERBEARING—This is a very early variety and extremely prolific. If the fruits are kept gathered, vines will continue in bearing throughout the season. The fruits are of a rich, dark green color, averaging 4 to 5 inches in length. Owing to its productiveness it is a fine variety to plant for producing small pickles. Pkt. 7c; oz. 20c; 1/4 lb. 60c.

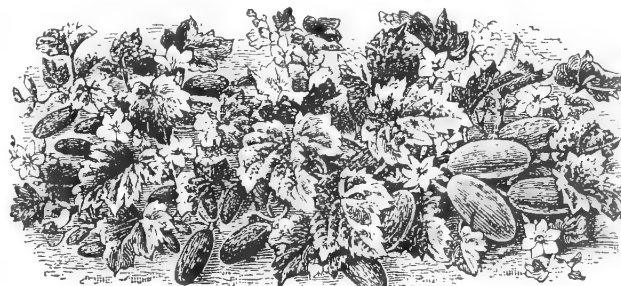

WHITE WONDER—A wonderful good slicing cucumber. In color it is a beautiful pure snow white. Grows to good size, usually 8 to 10 inches long, and is very uniform. Its smooth clear surface makes this an ideal pickle. The firm, crisp flesh with its pleasing flavor is just right for slicing or in salads. A package of seeds yields Cucumbers in abundance for pickling and slicing. Pkt. 8c; oz. 25c; 1/4 lb. 75c.

FIGHT CUCUMBER BUGS WITH OPTOX—See Page 1

Alfred Prosser, Mich.—I would like to boast about the wonderful results I had with your Fairfield Giant Cucumbers. I had 11 hills and picked 22 bushels, would have had more but frost came too early.

AMERICAN CLIMBING

EVERBEARING

EARLIEST OF ALL

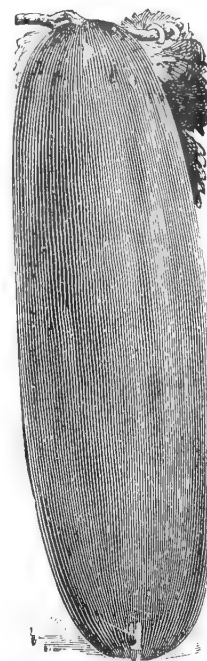

EARLIEST OF ALL—By planting this variety you can have cucumbers ready to use when others are only in blossom. Not only is it extra early but it also produces fruit of fine quality and is very productive. Excellent for slicing or pickling and will continue in bearing a long time if fruits are kept picked. Pkt. 8c; oz. 20c; 1/4 lb. 65c.

Improved Long Green

Deep Green Color. Fine for
Pickling or Slicing.

This is one of the best and most popular standard varieties and you will find our stock to be a very fine strain. The cucumbers are a rich dark green, grow 12 to 16 inches in length and are of the highest table quality. Flesh is very firm and crisp. The young fruits are largely used for pickling and full sized cucumbers are especially fine for slicing and making sweet pickles when the fruits are ripe. Pkt. 8c; oz. 25c; 1/4 lb. 75c.

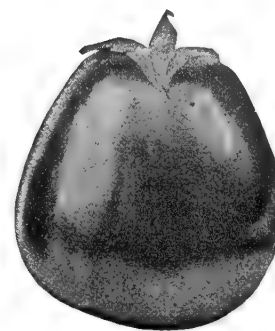

DILL This herb is used in large quantities in the making of Dill Pickles; also for flavoring vinegar. Pkt. 7c; oz. 20c.

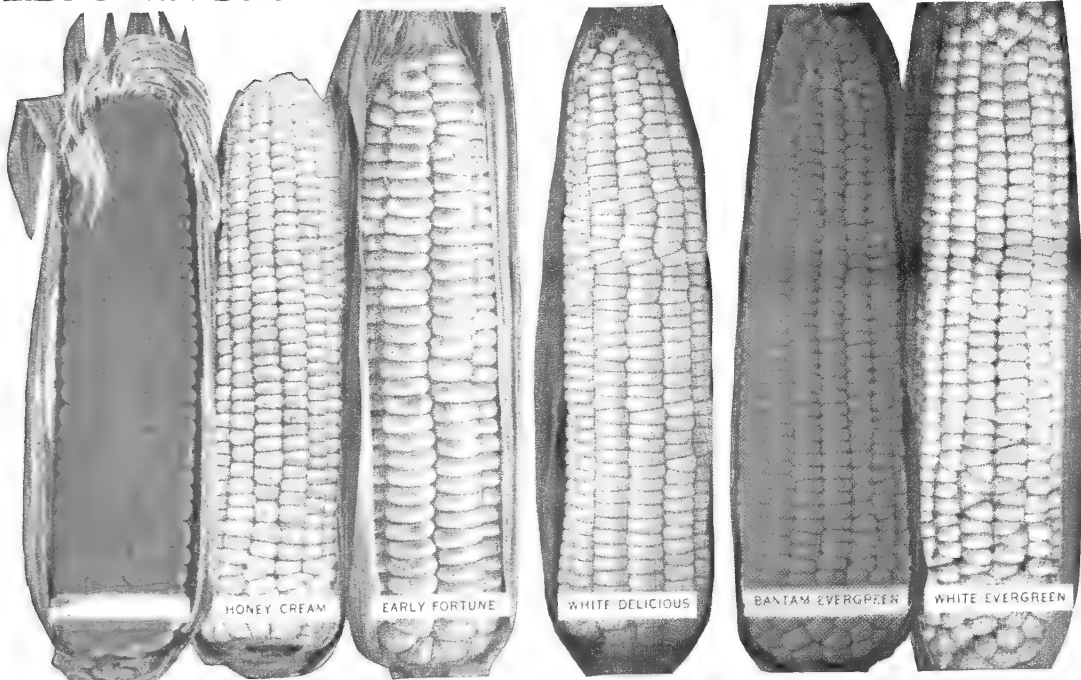

IMP. LONG GREEN

Black Beauty Egg Plant

The earliest and best of all large fruited Egg Plants. It is an extra early variety with fruits of a beautiful jet color. The fruits set freely and develop quickly so that the crop can be gathered before there is any danger from frost. It is of dwarf growth and bears its fruits, which weigh from 1 to 3 pounds each, close to the stem. The calyx is entirely free from spines and thorns. The intensely brilliant coloring is uniform over the whole fruit. The plants usually bear 8 to 10 immense fruits before being killed by frost. Pkt. 8c; 1/2 oz. 25c; oz. 40c.

EGG PLANT

GOLDEN GEM

LUSCIOUS TENDER SWEET CORN

EARLY WHITE DELICIOUS

Large Ears. Early Maturity. Superb Quality. One of the largest eared, sweetest flavored early varieties. Grows a strong, vigorous stalk, many producing two ears. Ears are 7 to 9 in. long and contain 12 to 14 rows of pearly white grains which are remarkably sweet and tender. Pkt. 7c; 1/2 pt. 22c; pt. 35c; qt. 65c.

GOLDEN OR BANTAM EVERGREEN

This variety of golden or yellow Sweet Corn combines the size of the Evergreen ear with the color and quality of the Golden Bantam. In crossing these two excellent varieties none of the good qualities have been lost, rather it surpasses them in sweetness and tenderness. The ears are 7 to 9 inches long, well filled with deep kernels of rich yellow corn. It comes just right in season to follow the first early sorts. The larger ear and prolonged season make it the favorite both in the home garden and for fancy market trade. All lovers of Sweet Corn must at least give Bantam Evergreen a trial. Pkt. 8c; 1/2 pt. 25c; pt. 40c; qt. 70c.

WHITE EVERGREEN

The Leading Late Variety of Sweet Corn. The most valuable Sweet Corn ever produced. White Evergreen is much superior to Stowell's. It retains all the most desirable features with the added merits of pure whiteness in color, a more tender grain and distinctly sweeter flavor. The ears average very large and are well filled to the tips with the long sweet grains of pure whiteness and most delicious flavor. The stalks are very strong growers from 6 to 7 feet high and sometimes bear three fine ears to a stalk. The ears contain 16 or more rows of deep grains which are protected by a thick heavy husk. Pkt. 7c; 1/2 pt. 20c; pt. 35c; qt. 60c.

JUNG'S ALL SEASONS BLEND

This is a blend of sweet luscious goldenkerneled varieties that are ready to pick at different times and will give you tender high quality ears for 3 to 4 weeks from one planting. Only select seed of the highest quality is used in making this blend and you will have to make but one planting instead of 3 to 4 if only one variety were used. Pkt. 8c; 1/2 pt. 25c; pt. 38c; qt. 65c.

Our stocks of Sweet Corn are mostly of our own growing and are of extra fancy quality and high germination. You will find that for earliness and sweetness our northern grown seed is way ahead of western grown seed. If you want to be the first on the market with Sweet Corn of quality, plant some of this seed.

Our Sweet Corn is grown on our seed farms where Stewart's Disease or wilt is unknown.

GOLDEN GEM

Extra Early. Luscious Quality. Heavy Yields.
Profitable for Early Markets.

A wonderful new sweet corn that will appeal to all lovers of truly delicious corn. It has the luscious sweet flavor of Golden Bantam and is fully a week earlier. Although extremely early the ears are of good size, 6 to 7 in. long, and contain 8 rows of delicious tender kernels. The stalks grow only 2 1/2 to 3 ft. tall and often bear two ears. As the stalks are dwarf it can be planted quite close and a great many ears grown on a small piece of ground. Pkt. 10c; 1/2 pt. 25c; pt. 38c; qt. 70c.

JUNG'S EXTRA EARLY HONEY CREAM

Requires Little Space. Deliciously Sweet and Tender. By far the most tender and delicious of all Sweet Corns. Make a planting of this corn and we are sure you will want it every year as for quality it stands at the head of the list. It is very early, the stalks are dwarf and may be planted much closer than the larger varieties. Many stalks produce 2 and 3 ears which are well filled with delicious snowy white kernels. Pkt. 10c; 1/2 pt. 25c; pt. 40c; qt. 75c.

JUNG'S EXTRA EARLY FORTUNE

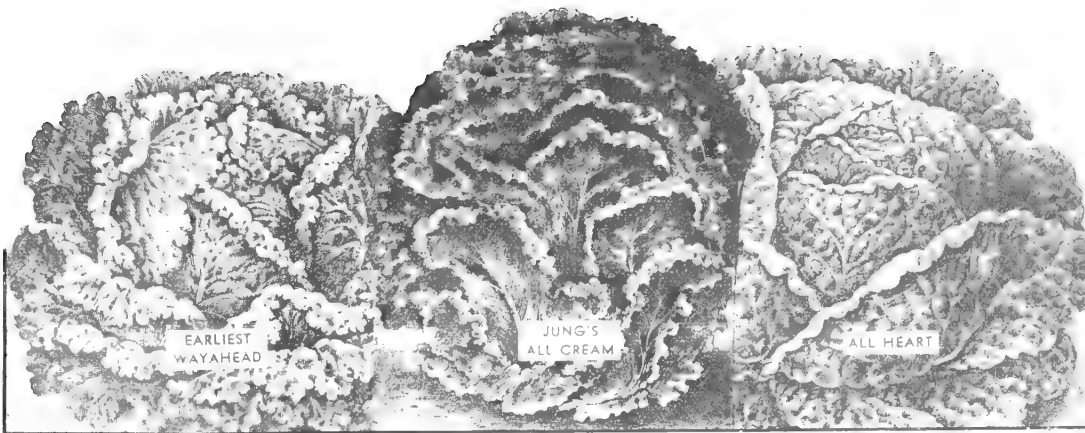

This variety originally came from Canada and at our Fairfield Farm trials it was the earliest of all. There is no product of the garden so eagerly waited for as the first sweet corn of the season. Early Fortune is the real tender, juicy sweet corn for use before the summer has really commenced. On account of its extreme earliness, Early Fortune is especially adapted for planting in northern latitudes and in high altitudes where other varieties fail entirely. The stalks do not grow very large but have two and often three unusually large ears. Ears are about 7 inches long and well filled with sweet and tender grains. Pkt. 7c; 1/2 pt. 22c; pt. 35c; qt. 65c.

JUNG'S BEST OF ALL

Mrs. Zeb. Morris, N. Car.
—Your All Cream Lettuce
proved very delicious and
the best for summer. Car-
rots also were very tender
and of good flavor, also
Rapid Red Radish is ex-
cellent.

Mrs. Hazel Harris, Kans.
—Want you to know we
enjoyed the Great Lakes
Lettuce very much.

EARLIEST
WAYHEAD

JUNG'S
ALL CREAM

ALL HEART

CRISP TENDER LETTUCE

JUNG'S BEST OF ALL—A fitting companion to our famous "All Cream" Lettuce which it resembles very much except that it does not have the pink or brown edges on the leaves. It can be relied upon whether sown early in the spring or during the summer as it is unsurpassed as a heat resister. The leaves are of a handsome green, beautifully crumpled and are crisp, tender and sweet at all times. **Pkt. 7c; oz. 18c; 1/4 lb. 50c.**

EARLIEST WAYHEAD This is our quickest growing and most attractive extreme-early Lettuce producing handsome solid heads fully one week earlier than Black Seeded Tennis Ball. Its quality is unsurpassed; the heads are very solid, have weighed 6 oz. when trimmed. The interior of the head is blanched to a beautiful creamy color while the leaves are tender, juicy and sweet flavored. The quality of this variety is unequalled among the early sorts. **Pkt. 7c; oz. 20c; 1/4 lb. 60c.**

ICEBERG The usual solidity of the heads is assured by the large white main ribs of the leaves, each of which curving strongly into the center acts like a truss making it impossible for the leaves to open outward and expose the center which is thoroughly blanched. It is quick drying and always crisp and tender whether grown in early spring or in the hot days of summer. The heads are of good size. **Pkt. 7c; oz. 25c; 1/4 lb. 65c.**

CHICKEN OR RABBIT LETTUCE Makes the best green feed for chickens or rabbits and you can grow immense quantities on a small piece of ground. When cut it immediately starts a new growth or the leaves can be pulled off the stalks and new ones will grow in a short time. Does not make a head but grows stalks 2 to 3 feet high which are loaded with leaves. **Pkt. 7c; oz. 15c; 1/4 lb. 50c.**

JUNG'S ALL CREAM This remarkable Lettuce does does head but makes a large loose bunch of leaves of superlative quality. The leaves grow upright, the upper part of the outer turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. **Pkt. 8c; oz. 25c; 1/4 lb. 65c.**

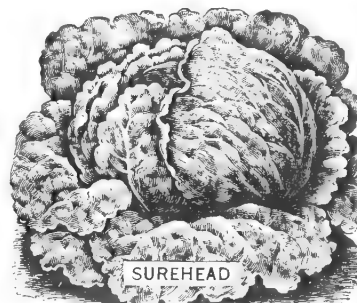

CABBAGE LETTUCE Allheart—This magnificent lettuce stands hot weather better than any of the rich butter varieties. Plants make firm heads nearly as large and almost as solid as a cabbage. The heads are light green outside while the inner blanched portion is creamy yellow and of a delicious rich buttery flavor. **Pkt. 7c; oz. 20c; 1/4 lb. 60c.**

SELECT GRAND RAPIDS A well known forcing variety. It makes large bunches of light green leaves with fringed edges. Its upright habit of growth permits close planting. It will make a quick growth under adverse conditions and is not subject to rot. Quality excellent. **Pkt. 8c; oz. 20c; 1/4 lb. 60c.**

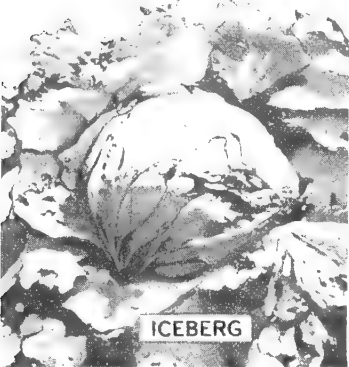

EARLY SUREHEAD A specially selected strain of lettuce that is ready to use early and sure to form heads. Outer leaves are medium green while the center or heart blanches a rich creamy yellow. By planting this variety you can grow head lettuce as easily as radishes. Sow the seed early and as soon as well started thin out plants to stand 4 to 5 in. apart in the rows. **Pkt. 8c; 1/2 oz. 15c; oz. 25c.**

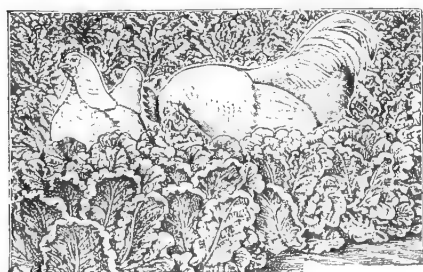

SELECT GRAND RAPIDS

SUREHEAD

ICEBERG

CHICKEN OR RABBIT LETTUCE

FIGHT MELON BUGS WITH OPTOX
See Page 1

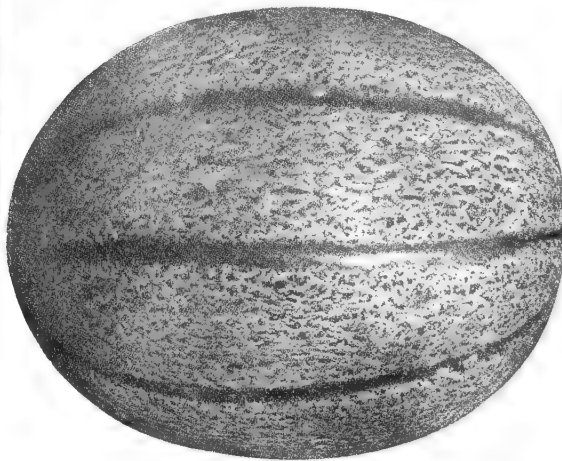

EARLIEST RIPE

EARLIEST RIPE—A new extra early Musk Melon which is especially suitable for sections where seasons are short. Melons are slightly oval, 5x6 in., distinctly ribbed, well netted and run remarkably uniform in size and shape. The thick flesh is deep orange salmon in color, very fine grained, and of very high quality. This fine new melon combines earliness, superb quality and fine appearance. Seed scarce, order early. **Pkt. 10c; oz. 25c; 1/4 lb. 80c.**

SELECT MUSK MELONS

Jung's Special Extra Early Knight

Positively the earliest green-fleshed musk melon ever grown. Of medium size weighing from 2 1/4 to 4 pounds. The skin is green ribbed and netted, the flesh deep and thick and light green in color, inclining to yellow towards the center. In flavor it is exceedingly fine. A heavy cropper and absolutely the earliest of all musk melons. We recommend it particularly to all whose profit depends upon being first in market and their uniform size and shape combined with their delicious flavor, sell rapidly at high prices. **Pkt. 8c; oz. 15c; 1/4 lb. 45c; lb. \$1.60.**

EXTRA EARLY KNIGHT

JUNG'S BIG PROFIT An excellent grower, the foliage is of such firm texture that vines resist the attacks of insects and blight. The melons are slightly oval and of uniformly large size, very fine in appearance as they are distinctly ribbed and well covered with a coarse gray netting. Flesh is a rich orange salmon color, very thick, fine grained and of delicious quality. The seed cavity is so small that there is little tendency towards cracking open at the stem end. **Extra select seed: Pkt. 8c; oz. 25c; 1/4 lb. 60c; lb. \$2.00.**

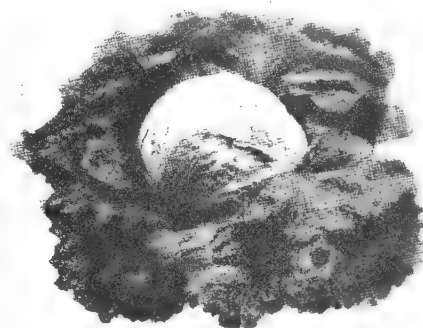

Giant Early Wonder

Mammoth Size. Superb Quality. Beautiful Appearance. An Excellent Melon for the Home or Market Garden.

A new Musk Melon combining extra large size, fine appearance and superb quality. Although of the largest size it ripens early (85 to 90 days). Melons are slightly oval in shape, 8 to 10 in. long and 6 to 7 in. in diameter, rind heavily netted, a sure indication of quality. Flesh is very thick, deep orange in color, fine grained and very sweet and delicious. **Extra Select Seed: Pkt. 10c; oz. 25c; 1/4 lb. 60c; lb. \$2.00.**

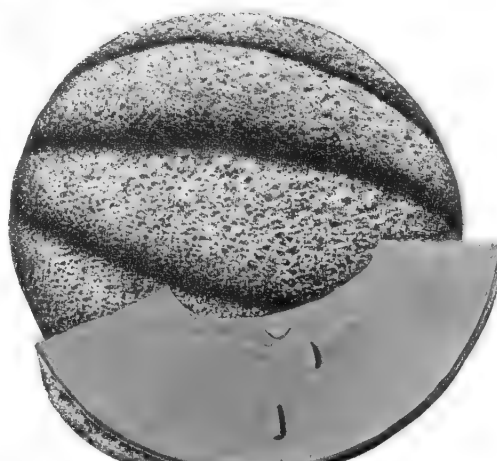

GIGANT EARLY WONDER

Great Lakes Head Lettuce

Crisp and Tender. Sure to Head. High Quality.

A remarkably fine new Head Lettuce that will stand up and produce nice solid heads even during hot weather. The heads are of good size, attractive deep green in color, with crisp tender leaves, interior of heads bleach to a creamy white color. Remains in fine condition long after the heads are formed as it is slow to run to seed. Why pay high prices for head lettuce when you can grow even better ones in your own garden? Plant thin as the plants need room to head. **Pkt. 10c; 1/2 oz. 30c; oz. 50c.**

JUNG'S BIG PROFIT

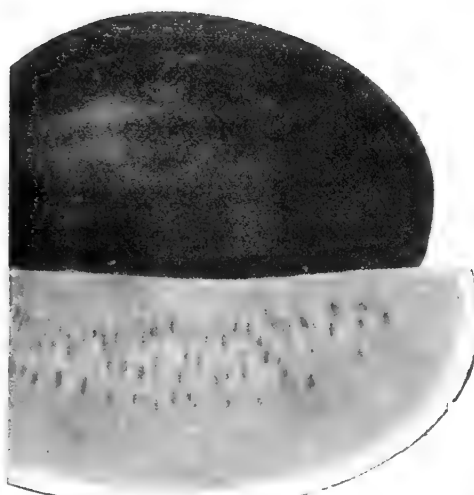

JUNG'S SELECT WATERMELONS

EXTRA EARLY NORTHERN SWEET—A new extra early watermelon introduced by the Minn. Exp. Station. It has been ripened as far north as Winnipeg, Canada, has been grown to maturity in 55 days. Not only is it the earliest variety but is also of very good quality; flesh is bright red, crisp, sweet and sugary. Melons weigh 10 to 12 lbs., rind dark green with a lighter stripe. Pkt. 8c; oz. 15c; 1/4 lb. 40c; lb. \$1.45.

Dixie Queen

Large in Size, Superb in Quality, Handsome in Appearance.

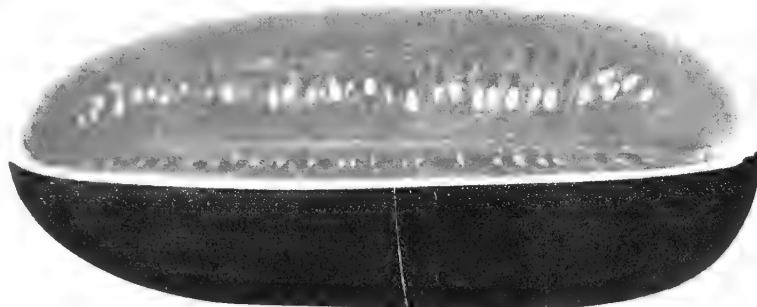

A superb new Watermelon that will delight the most critical grower, has been one of the most popular shipping melons for the past few years. The fruits are almost round in shape, of good size (30 to 40 lbs.), rind is tough which makes it a good shipper. Flesh is richly colored, very sweet and juicy and melons seem to be all heart as the seeds are small. You will find this excellent melon uniformly good in size, shape and quality either for market or the home garden. Pkt. 8c; oz. 18c; 1/4 lb. 50c; lb. \$1.85.

NORTHERN SWEET

DIXIE QUEEN

HALBERT HONEY

EARLY KANSAS—One of the newer early melons that is rapidly gaining in popularity as it has earliness, good size and high quality. Melons are deep emerald green with paler green stripes, nearly round and often grow to a weight of 25 to 30 lbs. Flesh is rich red and of the highest quality, a superb melon in every way. Pkt. 7c; oz. 15c; 1/4 lb. 40c; lb. \$1.50.

HALBERT HONEY—The very finest melon in cultivation for home use or near-by markets. A melon that has no equal in beauty, quality and productiveness. The melons are smooth and regular in outline, 14 to 18 in. long, 6 to 8 in. in diameter. Color of the rind is a clear, glossy deep green. The flesh is a beautiful crimson, extending to within 1/2 in. of the rind which is so tender that it will not stand shipping a long distance unless carefully handled. The first melons ripen early and the vines continue to develop fine fruit throughout the season. The sweet flesh melts away in your mouth like honey. Pkt. 8c; oz. 15c; 1/4 lb. 40c; lb. \$1.40.

Golden Honey Sweet

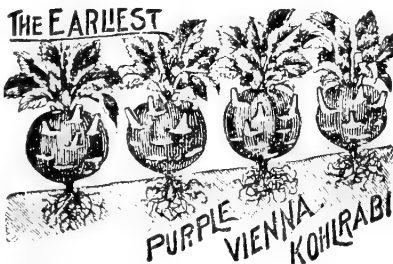

A Delicious Yellow-Fleshed Water Melon. Ripens Very Early.

A highly desirable yellow fleshed watermelon. The flesh is golden-yellow in color, firm, crisp and of luscious sweetness. The melons are oblong in shape, light green with mottled stripes of deep green, rind is thin but hard so will keep for a considerable time. It not only possesses high quality but is also one of the first to ripen. We highly recommend this fine new melon. Pkt. 8c; oz. 18c; 1/4 lb. 50c.

Wilt Resistant Water Melon

In many sections of our country ordinary strains of Water Melons often fail due to fusarium wilt. This destructive plant disease may be present in the soil for many years and so far as is known cannot be successfully controlled. To combat this disease State Colleges have developed strains that are resistant to this ailment.

IMPROVED KLECKLEY SWEETS No. 6 (Wilt Resistant)—A great improvement on the old Pride of Muscatine. It has the resistant quality of the Pride of Muscatine and the quality of the best strains of Kleckley Sweets. In addition it is also a splendid shipper as the rind is tough. The melons are oblong in shape, about 22 in. long and 10 to 12 in. in diameter. Pkt. 8c; oz. 15c; 1/4 lb. 45c; lb. \$1.50.

KOHL RABI

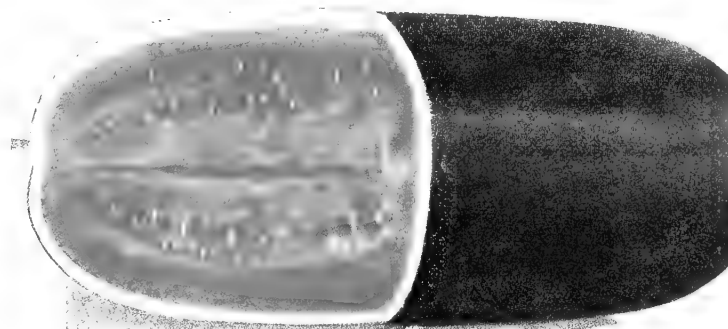

EARLY PURPLE VIENNA—This vegetable is grown for its turnip-shaped bulb which grows above the ground. Excellent for soups or cooking in the same manner as turnips. Grows to a large size and of juicy quality. Very early and of fine shape and delicate flavor. Pkt. 8c; 1/2 oz. 18c; oz. 30c.

WHITE VIENNA This variety is very early with distinct small tops. The bulbs are of medium size and very light green or almost white in color and are of the finest quality; if used when about 2 in. in diameter. Pkt. 8c; 1/2 oz. 18c; oz. 30c.

King Winter Melon

By planting this variety you can have watermelon for your Christmas dinner as they are remarkable keepers. The melons are round, have a thin hard rind and are very solid; they are from 8 to 12 in. in diameter and sell well at all seasons. Flesh is bright red and very sweet. Pkt. 7c; oz. 15c; 1/4 lb. 45c.

KING WINTER MELON

IMPROVED KLECKLEY SWEETS No. 6

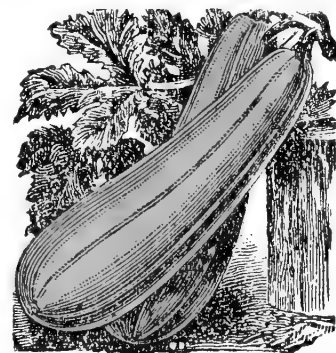

Vine Peach

Grows on a vine the same as a melon. The fruits have the size, shape and color of an orange. The flesh is snow white and makes excellent preserves or sweet pickles, may also be sliced and fried like egg plant. Fruit will keep a long time after picking. Pkt. 7c.

PARSLEY

MOSS CURLED—The leaves are of an extra dark color. It is very productive, and on account of its densely curled character of leaves a large quantity can be gathered in a short time. It is much used for flavoring and garnishing. Pkt. 7c; oz. 15c.

TURNIP ROOTED—This variety, the roots of which resemble a small parsnip, is used in flavoring soups, stews, etc. For winter use store the roots same as turnips; as easy to grow as carrots. Pkt. 7c; oz. 15c.

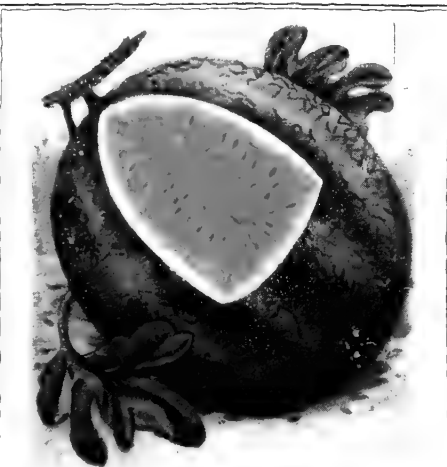

BANANA MUSK MELON

Banana Musk Melon

A remarkably fine melon that looks and tastes like a banana. The fruits grow 14 to 18 in. long, flesh is deep orange colored, solid and sweet, and spicy in flavor. Try a few of these melons in your garden this year, any which you don't eat can be sold at a good price. Pkt. 8c; oz. 20c; 1/4 lb. 50c.

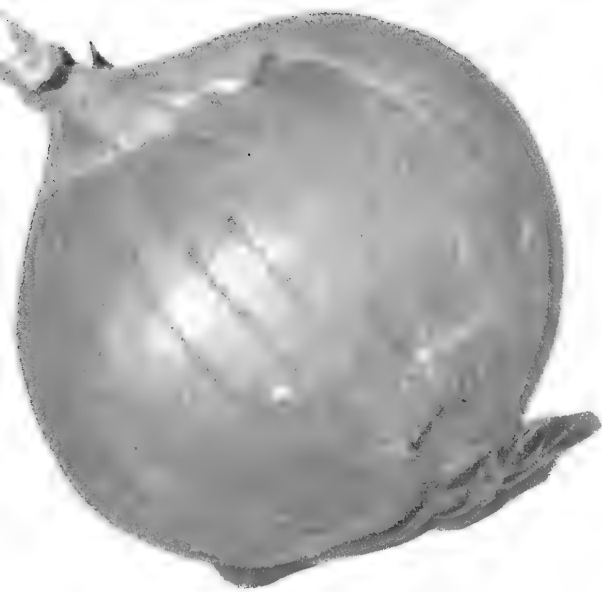

MOSS CURLED PARSLEY

CLIMBING WATER MELON

EXTRA EARLY WATER MELON

BABY DELIGHT or CLIMBING Persons having small gardens may have water melons of their own growing as this melon will climb up a trellis or fence but may also be grown like other varieties. The vines are very vigorous in growth, the heavy foliage nearly concealing the fruit. The first melons ripen very early and the healthy vines keep on bearing heavily until the end of the season. The rich carmine red flesh is always solid and of exceptionally sweet flavor. Pkt. 8c; oz. 20c; 1/4 lb. 60c.

GIANT SWEET SPANISH

W-12 Giant Sweet Spanish (Utah Strain)

Giant in Size. Heavy Yields. Sweet Mild Flavor. Why buy the large sweet onions at fruit stores when you can grow them in your own garden? This new variety was developed especially for this country and anyone having reasonably good garden soil can grow these fine large onions, seed sown early in the spring will produce magnificent large globe shaped onions often weighing a pound or more. It has a beautiful straw colored skin, flesh pure white, tender and of mild sweet flavor. A good keeper for such a large onion. **We offer our special select strain of seed which was grown from only carefully selected bulbs. Pkt 10c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.50; lb. \$5.25; 5 lbs. \$25.50.**

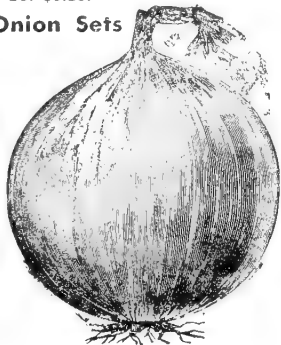

VICTOR ONION SETS

VICTOR ONION SETS

The finest thing ever offered in Onion Sets and will no doubt displace all other sets. The common sets when grown during the summer often run to seed; these sets instead of running to seed will mature a large and handsome bulb of yellow or golden color, very solid and excellent keeper. Those who have used the sets before are now planting them entirely. We guarantee them to give satisfaction or will refund your money. **Pt. 20c; qt. 32c; 4 qts. 95c, postpaid. Not prepaid: Bu. \$3.25.**

Golden Globe Onion Sets

The ideal onion set for people who wish to grow large onions that will keep throughout the winter. These sets will produce beautiful deep yellow, globe-shaped onions that are remarkably good keepers; planted on rich soil and given sufficient room onions weighing 1 pound can be grown. In our trials the past summer not one set threw any seed stalks. **Our stock of these new onion sets is limited; order early. Pt. 20c; qt. 35c; 4 qts. \$1.10.**

The New Vitamin Rich Vegetable Edible Soybean "Mendota"

This new variety was originated at the University of Wisconsin and may be classed as one of the best early edible varieties and well suited for shelling like limas, freezing or baking like dry navy beans. Plants grow 24 to 30 in. tall and produce an abundance of pods containing 2 to 3 seeds. Plants grow upright and require no support; first pods are ready for picking in 90 to 95 days. Soy Beans are rich in Vitamins A, B and G. **Pkt. 7c; 1/2 lb. 25c; 1 lb. 45c; 5 lbs. \$1.90.**

Inoculate Your Soy Beans with Nod-o-Gen. See page 1

Three True Globe Onions

The Southport Globe Onions have increased wonderfully in public favor during the past few years and they well deserve their popularity. In almost all markets they invariably bring top prices. They are not only of handsome appearance, remarkable solidity and good keepers, but also fully equal in yield to the best strains of any variety.

Select Southport Yellow Globe

This is one of the most satisfactory and popular varieties raised for family use or market. It is an enormous yielder, hardy and reliable, making under normal conditions often up to 1,000 bushels per acre. The onions are models of perfection, growing uniformly deep and extra large, averaging 9 or 10 inches in circumference. The color of the skin is an attractive golden yellow, the flesh snow white, firm and juicy. The small necks enable the onion to ripen down evenly insuring good keeping qualities. **Pkt. 8c; 1/2 oz. 18c; oz. 30c; 1/4 lb. \$1.00; lb. \$3.75.**

Jung's Select Onion Seed

We make a specialty of **HIGH GRADE ONION SEED**. It is better to plant no Onions at all than to sow seed of poor quality. Our Onion Seed is all grown from carefully selected true-to-type bulbs. Such seed may cost a little more but will be far the cheapest when you compare the resulting crop.

Select Southport White Globe

The most beautiful onion grown, being of symmetrical globe shape with a smooth satin-like skin forming a perfect silver ball. It grows to a large size, averaging 7 to 9 inches in circumference, and is solid and heavy; the flesh is purest white, close grained, mild and of delicate flavor. Owing to its larger size it is later in ripening than the White Portugal or Silverskin. As soon as ripe the bulbs should be stored in a cool, dark or dry cellar. It is a heavy cropper and for the family garden as well as for market it is a valuable onion. **Pkt. 10c; 1/2 oz. 20c; oz. 35c; 1/4 lb. \$1.35; lb. \$4.90.**

Select Southport Red Globe

A handsome onion of immense size, averaging from 9 to 10 inches in circumference, solid, heavy and of perfect globe shape. The skin is a glossy deep purplish red color; the flesh is close grained, sparkling white, cooking tender and mild. It is hardy, a splendid keeper and a big yielder, averaging under good culture from 800 to 1000 bushels per acre. Our strain of this seed is unsurpassed, the bulbs being selected for largest size, thus insuring thorough and regular ripening and curing. You will make no mistake in giving this onion a trial. **Pkt. 8c; 1/2 oz. 18c; oz. 30c; 1/4 lb. \$1.00.**

Silverskin or White Portugal

A leading white, flat onion. The bulbs attain a good size, ripen evenly, and the color is a beautiful silvery white when cured. Its shape is flat but symmetrical. It is largely grown for pickling, being sown three or four times as thick as usual and is also extensively sown for sets. **Pkt. 10c; 1/2 oz. 20c; oz. 35c; 1/4 lb. \$1.30; lb. \$4.75.**

IMPROVED HALF LONG

Jung's Select Parsnips

IMPROVED HALF LONG—This variety is an improvement on the old Hollow Crown forming roots thicker and shorter than that variety and is also more easily gathered. The flesh is white, of fine texture, free from core and stringiness and of the finest flavor when cooked. This parsnip is one of the heaviest croppers and we recommend it both for garden and field culture. **Pkt. 7c; oz. 12c; 1/4 lb. 30c; lb. \$1.10.**

JUNG'S PRIVATE STOCK—This is a highly improved type of the Half Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulders, well rounded, gradually tapering to the base so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from side-roots and wrinkles. The flesh is white, of fine texture, free from core and stringiness and especially fine flavored, cooking tender, sweet and rich. **Pkt. 8c; oz. 15c; 1/4 lb. 35c; lb. \$1.25.**

IMPROVED STUMP ROOTED—A very fine new Parsnip that is short and thick being easy to dig especially in heavy soils. Roots grow 6 to 8 in. long, and 3 in. thick at the shoulder. They are smooth and of attractive appearance. Flesh is very fine grained, sweet and tender. The earliest of all Parsnips. **Pkt. 8c; oz. 15c; 1/4 lb. 35c; lb. \$1.25.**

Lewis Olson, Wisconsin — We always buy our seeds from you because we can depend on them.

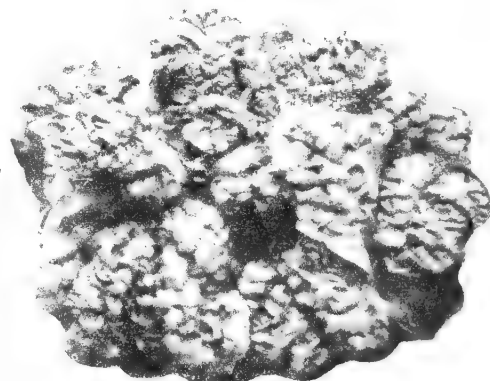

PRIVATE STOCK

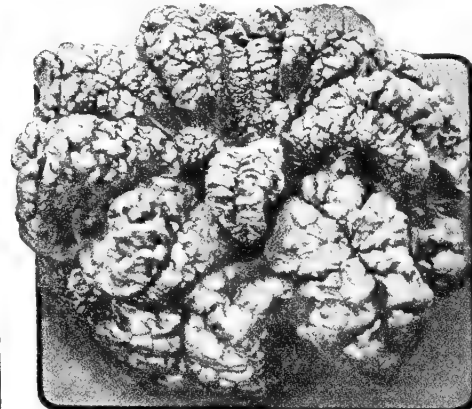

IMP. STUMP ROOTED

SPINACH

KING OF DENMARK

KING OF DENMARK—This is a handsome variety, the leaves being of an exceedingly dark green color and has very long standing qualities. The foliage is heavy, the wide dark green leaves are wrinkled like a Savoy cabbage and are of the finest quality. It produces nearly twice the bulk of crop as the ordinary sort and will remain in prime condition for a very long time. **Pkt. 8c; oz. 12c; 1/4 lb. 30c; lb. 95c.**

LONG STANDING BLOOMSDALE

LONG STANDING BLOOMSDALE—Remarkable new Spinach that is far superior to all of the other kinds. Its great advantage is that it will stand 2 weeks longer before running to seed than any other kind. For productiveness and quality it is unexcelled. **Pkt. 7c; oz. 12c; 1/4 lb. 25c; lb. 90c.**

SWEET LUSCIOUS PEAS

EXTRA EARLY LITTLE MARVEL The vines are of dark even growth averaging 15 inches in height and are heavily set with fine pods, frequently borne in pairs. The pods average about 4 inches in length, are square at the bottom and well filled with six or seven large deep green peas. The pods are ready for the table as early as the American Wonder while the peas are larger and the vines produce a heavier crop. The peas retain their attractive dark green color and superb flavor when served at the table. You will be delighted with the choice flavor of Little Marvel. Pkt. 8c; 1/2 pt. 22c; pt. 38c; qt. 65c.

LITTLE MARVEL

SELECT LITTLE GEM One of the most popular extra early dwarf peas. The demand for Little Gem increases every year which is a sure indication that it is giving satisfaction. Vines grow 14 to 16 in. tall, require no brush and are literally covered with pods. Pods contain from 6 to 8 peas of fine quality. A great favorite for home and market gardens. You will not be disappointed if you plant our "Gem." Pkt. 7c; 1/2 pt. 20c; pt. 35c; qt. 60c.

EVERBEARING A fine second-early or main crop Pea which combines quality and yield and will continue a long time if the pods are kept picked. It has a remarkable habit, sometimes forming as many as six stalks which accounts for its great yields. The pods are of good size, and contain from eight to ten large peas which are of remarkable fine quality. Pkt. 7c; 1/2 pt. 20c; pt. 35c; qt. 60c.

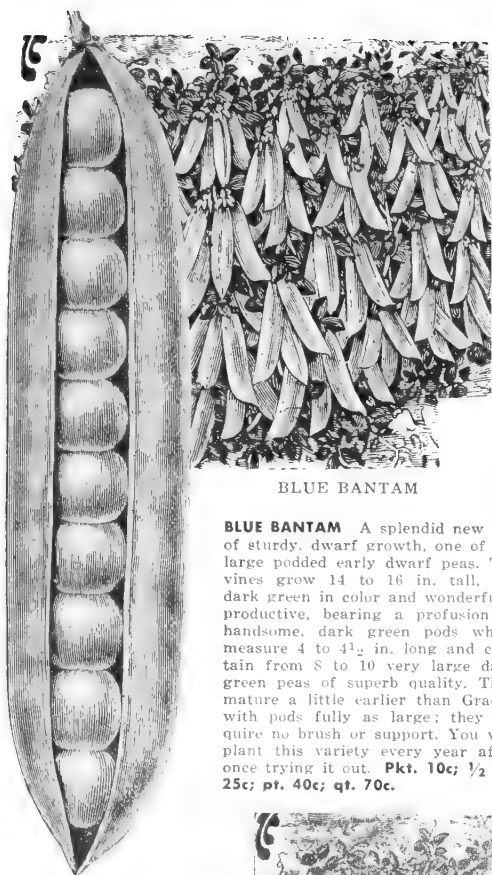

LITTLE GEM

GROW MORE AND BETTER PEAS BY USING NOD-O-GEN.
See Page 1.

Special Offer No. 7

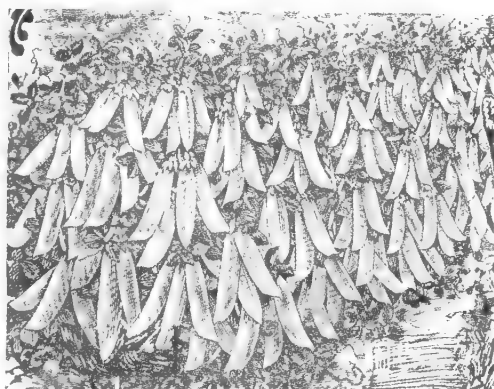

To have a supply of fresh tender peas for a long period of time use the varieties offered here. Giant Podded Early may be sown very early and the others as soon as the soil is warm.

| 1/2 pt. of ea. for \$1.00. | 1 qt. of ea. for \$3.00. |

BLUE BANTAM

BLUE BANTAM A splendid new pea of sturdy, dwarf growth, one of the large podded early dwarf peas. The vines grow 14 to 16 in. tall, are dark green in color and wonderfully productive, bearing a profusion of handsome, dark green pods which measure 4 to 4 1/2 in. long and contain from 8 to 10 very large dark green peas of superb quality. They mature a little earlier than Gradus with pods fully as large; they require no brush or support. You will plant this variety every year after once trying it out. Pkt. 10c; 1/2 pt. 25c; pt. 40c; qt. 70c.

GIANT PODDED EARLY

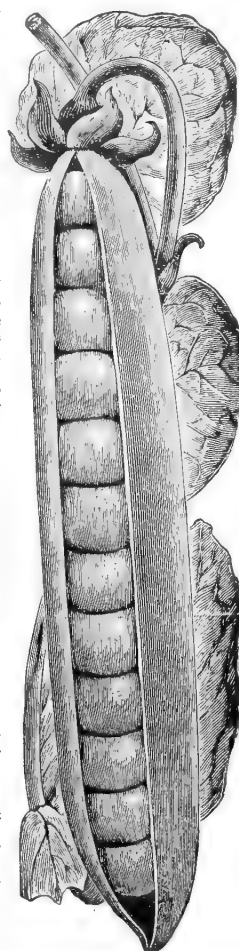

GIANT PODDED EARLY -An exceptionally early pea, as early as Alaska with pods one-fourth larger. Vines grow medium height very robust and productive. Pods 3 1/2 to 4 in. long and contain 7 to 8 large peas. A very fine extra early Pea that can be sown as early in the spring as the soil can be worked. Pkt. 8c; 1/2 pt. 20c; pt. 35c; qt. 60c.

EDIBLE PODDED PEAS

MAMMOTH MELTING SUGAR -This variety is far superior to all others of the edible class of garden peas, not only in size but also in delicious quality. The large pods are sweet, brittle and tender and have none of the tough lining found in so many of the edible kinds. The pods are used the same as snap or string beans and will also make excellent pickles. Full grown pods measure 5 in. long and are so tender and brittle that they snap like glass; they have no strings. Pkt. 10c; 1/2 pt. 30c; pt. 45c; qt. 85c.

JUNG'S HONEY SWEET -One of the best main-crop Peas to be had as they are truly of the most delicious flavor actually "sweet as honey." They grow a very healthy stocky vine about 18 in. high and require no support. The pods are produced in great profusion; they are 4 to 4 1/2 in. long and contain from 8 to 10 peas of most luscious flavor. A very heavy bearer never failing to produce a crop of the giant pods. Pkt. 10c; 1/2 pt. 22c; pt. 38c; qt. 65c.

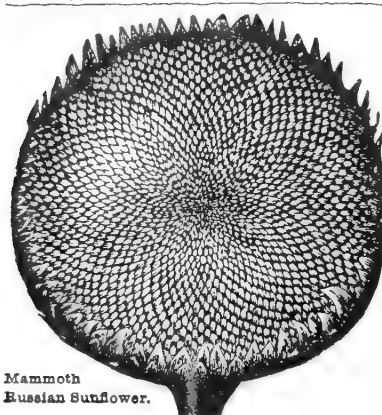

Your seeds are excellent. I've used them for fifteen years. I always receive compliments on my garden, especially the Giant Podded Early Peas. -Mrs. Preston Teegardin, Ind.

HONEY SWEET

MAM. MELTING SUGAR

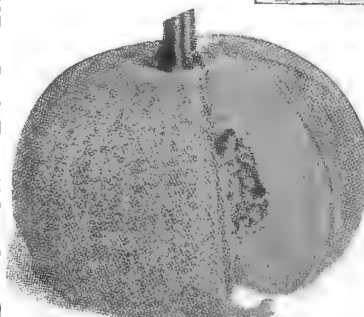

Mammoth Russian Sunflower.

SUNFLOWER

MAMMOTH RUSSIAN -Single heads measure 12 to 22 in. in diameter and contain an immense quantity of seed which is highly valued by all farmers and poultry breeders who have tried it as an excellent and cheap food for fowls. They eat it greedily, fatten well on it and attain a bright, lustrous plumage and strong healthy condition better than on almost any other food. It is the best egg producing food known. Every farmer should plant some of the seed in any waste piece of ground any time from early spring to the middle of July. Oz. 8c; 1/2 lb. 30c; lb. 45c; 5 lbs. \$2.00, postpaid.

PUMPKINS

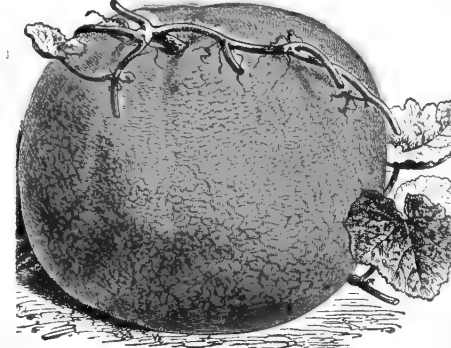

BUSH PUMPKIN -A new type of Pumpkin that grows in a compact bush instead of long vines so delicious pie pumpkins may now be grown where space is limited. The plants form compact bushes and may be planted in hills 4 ft. apart. The fruits set freely, are of good size and of excellent quality for pies. Pkt. 7c; oz. 15c; 1/4 lb. 45c.

BUSH PUMPKIN

TRUE MAMMOTH -This is a true Mammoth Pumpkin. Fruits grow to enormous size. Specimens have been grown weighing 100 pounds and over. The skin is a light yellow russet color; flesh very thick, bright yellow and fine grained, sweet and tender and of excellent quality for pies. If you wish to see just how large a pumpkin you can raise try this variety. Pkt. 8c; oz. 20c; 1/4 lb. 65c; lb. \$2.00.

BIG TOM FIELD PUMPKIN -Vines are of strong, vigorous growth and wonderfully productive. Fruits will average 15 to 20 in. in diameter, round or oval in form. It is the hardest of all pumpkins and is good for pies. Pkt. 7c; oz. 12c; 1/4 lb. 30c; lb. \$1.10.

TRUE MAMMOTH

LUXURY PIE PUMPKIN

LUXURY PIE -This is the very best Pumpkin that has ever come to our attention. It is enormously productive, medium in size, being about 10 inches in diameter, almost globe-shaped and ripens early. The skin is finely netted and in color a beautiful golden russet, which is a sign of finest quality. The flesh is very thick, sweet and sugary and deep golden in color. An excellent keeper for winter use. If you want some delicious pies for Thanksgiving Day plant LUXURY PIE. Pkt. 8c; oz. 20c; 1/4 lb. 50c.

SUPERB VEGETABLES

Extra Early Golden Acre Cabbage

A wonderfully fine, extra early, round headed cabbage being ready for cutting ahead of Jersey Wakefield. The heads are of good size, very round, solid and every one just alike. Plants grow very compact and may be set close together. Plant this cabbage for market and it will prove to be your "golden acre" as your crop will be ready to cut while prices are high. **We offer an extra select stock of this finest extra early cabbage.** Pkt. 10c; 1/2 oz. 18c; oz. 30c; 1/4 lb. \$1.10.

Select Honey Rock Musk Melon

Sweet as Sugar. Solid as a Rock. Heavy Yielder. Handsome Appearance. Rapid Seller. Melon growers will find Honey Rock an ideal melon as it combines quality, productiveness, high quality and handsome appearance. It is main-crop variety, maturing in about 85 days; the vines are vigorous growers, free from disease and produce 5 to 7 large melons. Flesh is very thick, deep orange in color and remarkably sweet. You will make no mistake in planting this fine melon. **Extra select seed saved only from hand selected melons.** Pkt. 10c; oz. 20c; 1/4 lb. 50c; lb. \$1.75.

Hybrid Golden Bantam Sweet Corn

Hybrid corns are remarkable for their uniformity of stalk, ears and maturity and this is true of sweet corn as well as field corn. This variety grows a vigorous stalk 5 to 6 ft. tall and many stalks produce two ears. Ears are 6 to 7 in. long and have 10 to 12 rows of tender, luscious, golden kernels. An excellent variety for market gardeners as the crop all matures at one time, also well suited for canning or freezing as the kernels are so tender and sweet. Pkt. 10c; 1/2 pt. 28c; pt. 50c; qt. 80c.

Alfred Anderson, Mich.—Best of all we like your Wayahead Tomatoes, they ripen before any other. The Cerebor Radish also turned out just fine.

A. C. Thompson, N.Y.—JUNG'S seeds were A No. 1, and better germination than others I have used before. I am sold on North-east grown seeds.

Select Detroit Dark Red Beet

(See Cut Below)

This Beet is regarded as the standard of excellence and you will find Jung's Select Strain to be as fine a Beet as it is possible to grow. Many years of time have been spent in breeding and selecting this strain. The color is rich dark red, globe shaped and free from side roots and always smooth and uniform. Whether you grow for the home garden or market you will make no mistake in sowing this Beet. Pkt. 8c; oz. 18c; 1/4 lb. 45c; lb. \$1.50.

Red Giant or Rutgers Tomato

A superb main crop tomato that will delight and please you with a crop of beautiful extra large tomatoes. Fruits are globe-shaped, deep red in color, very smooth and often weigh 8 oz. and over. Flesh is solid, contains few seeds and is of highest quality. Plants are strong and healthy, outstanding in vigor, size and productiveness. Pkt. 10c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.75.

HYB. GOLDEN BANTAM

GOLDEN ACRE

HONEY ROCK

JUNG'S WAYAHEAD

JUNG'S IMPROVED Wayahead THE EARLIEST OF ALL TOMATOES
First to Produce Ripe Tomatoes. Good Sized Fruit. Smooth and Solid. Bright Red Color. Fine Quality.

As its name indicates it is way ahead when it comes to early ripening of fruit, even ahead of our famous John Baer and Earliana. We know this is a strong claim to make but it is an actual fact and we know that after you give it a trial you will be more than satisfied. The fruits are of good size, bright scarlet color, almost round, very smooth and remarkably handsome in appearance. The flesh is solid and of the finest flavor. Although it is the first to ripen vines continue bearing for a very long time. Every tomato grower knows that the first tomatoes always bring a big price and we are confident that this variety will more than please everyone who plants it. **Our strain of this tomato has all been grown from single plant selections and is highly improved.** Pkt. 15c; 2 pkts. 25c; 1/2 oz. 60c; oz. \$1.00.

JUNG'S SUPER SELECT WAYAHEAD TOMATO

Many planters want Super Select or stock seed Tomato even though the price is high. To supply this demand we offer you seed saved only from the most select plants and first or crown-set fruits. **Price of this super-select seed:** Pkt. 25c; 1/4 oz. \$1.00; 1/2 oz. \$1.75; oz. \$3.25.

GRAND NEW TOMATO

Wisconsin "55"

This superb new tomato was developed by Dr. John C. Walker and Dr. James Kuntz of the University of Wisconsin, their aim was to produce a tomato superior to anything thus far available. It ripens as early as John Baer and has all the good qualities of Stoke-dale and Rutgers. Compared to these it has larger fruit, no shoulder cracks, no blossom end rot, ripens evenly, is uniform in size, has a strong skin and solid walls so makes an excellent shipper. It is also resistant to defoliation diseases, early blight and leaf spot, thus far it has out-yielded other varieties by 30%. you will find this to be the top ranking tomato. **Certified Wis. grown seed:** Pkt. 20c; 1/4 oz. \$1.25; 1/2 oz. \$2.25; oz. \$4.00; 1/4 lb. \$13.25.

Musk Melon Pride of Wisconsin

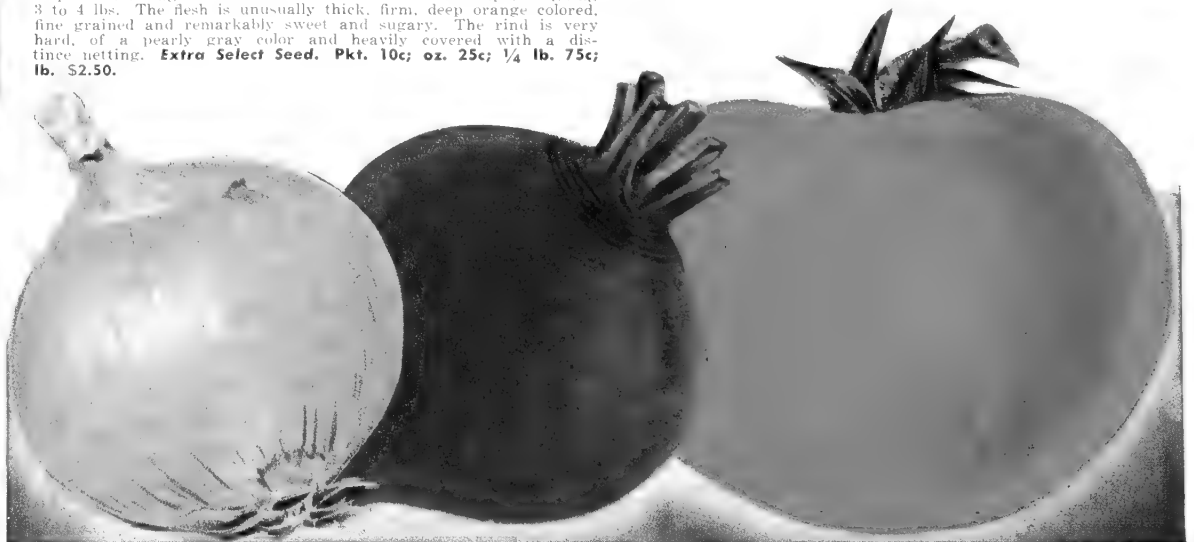

A splendid new Musk Melon combining the fine quality of Honey Rock with the firm flesh and hard rind of Hearts of Gold and will ship well for long distances. The melons are oval in shape, weighing 3 to 4 lbs. The flesh is unusually thick, firm, deep orange colored, fine grained and remarkably sweet and sugary. The rind is very hard, of a pearly gray color and heavily covered with a distance netting. **Extra Select Seed.** Pkt. 10c; oz. 25c; 1/4 lb. 75c; lb. \$2.50.

PRIDE OF WISCONSIN

EARLY YELLOW GLOBE ONION

This variety will mature 10 days to two weeks earlier than Southport Yellow Globe and is especially suited to sections where seasons are short. It is a good yielder and a much better keeper than most other early varieties. Bulbs grow 2 1/2 in. in diameter, globe shaped, skin is deep yellow, flesh pure white, solid and of excellent quality. Where quick maturing early onions are wanted this variety should be used. Pkt. 8c; 1/2 oz. 18c; oz. 30c; 1/4 lb. 90c; lb. \$3.25.

Mrs. Jas. L. Kraving, Ind.—We were so thrilled with the abundance of the Wayahead Tomatoes, their even ripening, the fine quality of the fruit and its early setting and ripening.

HALE'S BEST

Super Hale's Best Cantaloupe

Many years of extreme care were spent in producing this splendid strain of cantaloupe. No matter what price you pay you cannot get a better melon. It is extremely early, very productive, uniform in size, and the deep orange flesh is of the highest quality. The melons are heavily netted and the flesh very solid, making it one of the very best shippers. You will never regret having planted this fine melon. **Extra Select Seed. Pkt. 8c; oz. 15c; 1/4 lb. 40c; lb. \$1.50.**

RHUBARB

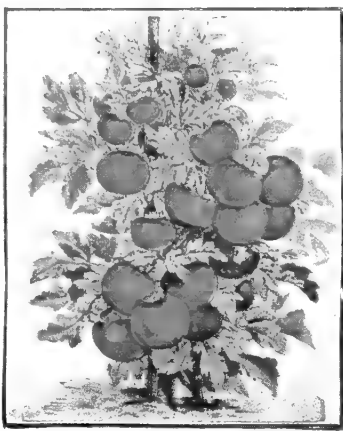

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces big stalks and large crops. This variety is the result of many years' work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size, yet they remain so crisp and tender that they may be eaten raw. We have some very choice 2-yr.-old roots of our own growing but advise early orders. **25 for 75c; 50 for \$1.40; 100 for \$2.50.**

Giant Red Rhubarb "MacDonald"

A few rhubarb plants should be in every garden as it is the first plant in the spring to produce materials for pies, sauce and canning. You will be delighted with the fine large deep red stalks of this variety. Stalks have a thin skin, are very tender and do not require as much sugar as ordinary kinds. **Strong divisions. Each 40c; 3 for \$1.10; doz. \$4.00.**

George T. Smith, Arizona—We have always had the best results from your seeds.

Jung's Earliest Tree Tomato

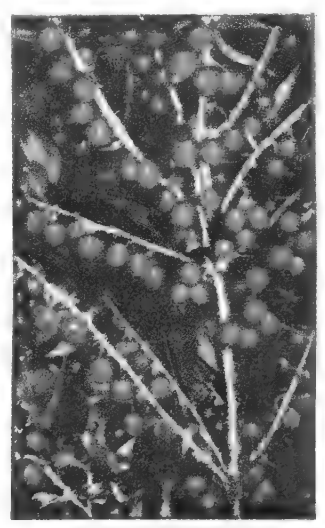

Jung's Earliest Tree Tomato

Enormous Yields. Bright Red. Early and Large.

A splendid variety for the home garden. It is the largest fruited dwarf tree Tomato. The plants grow to a height of about 2 ft. and are stiffly erect until they become over-loaded with fruit. The fruit is produced in clusters of 3 to 5 and as the growth is close-jointed each plant produces a large number. The tomatoes are of large size, and are smooth and solid. Fruits have a solid meaty center and no hard core and produce but very little seed. We consider the Earliest Tree invaluable for the home garden or shipping purposes. **Pkt. 8c; 1/2 oz. 30c; oz. 50c.**

WASHINGTON ASPARAGUS

NANKING BUSH CHERRY

Nanking Bush Cherry

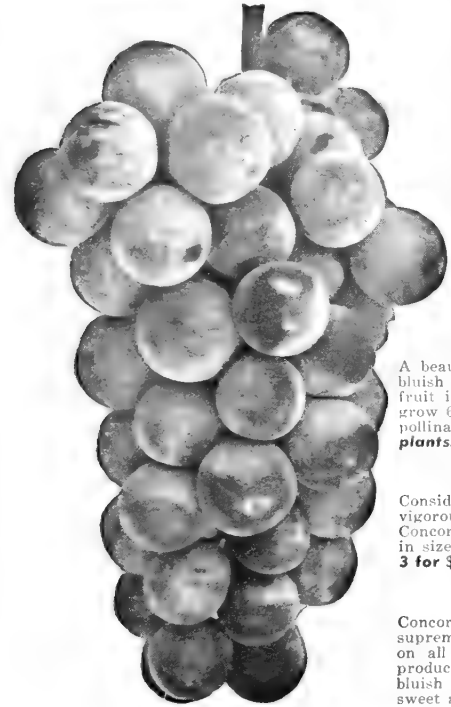

A beauty shrub for your yard or garden, bushes are a mass of bluish blossoms in the spring and bear an abundant crop of fruit in the summer; especially fine for pies and jellies. Bushes grow 6 to 7 ft. tall and start bearing the second year. To insure pollination you should plant 2 or more. **Strong 3-yr. 24-36-in. plants. Each 95c; 2 for \$1.75; 6 for \$5.00, postpaid.**

Fredonia Grape

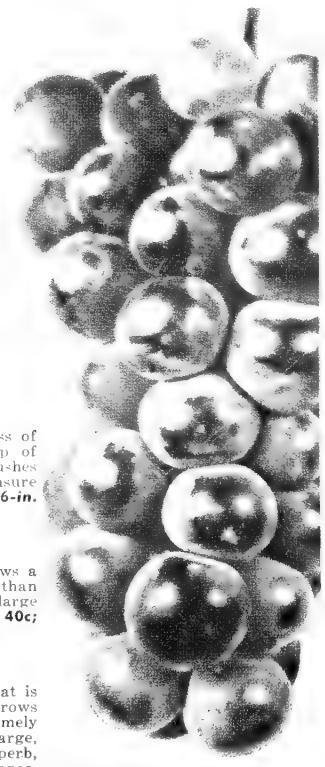

Considered the best grape for the northern states as it grows a vigorous hardy vine and ripens almost 2 weeks earlier than Concord. Clusters are good sized and compact, berries are large in size and of very fine quality. **Select 2-yr. plants. Each 40c; 3 for \$1.10; doz. \$3.50.**

The Great Concord Grape

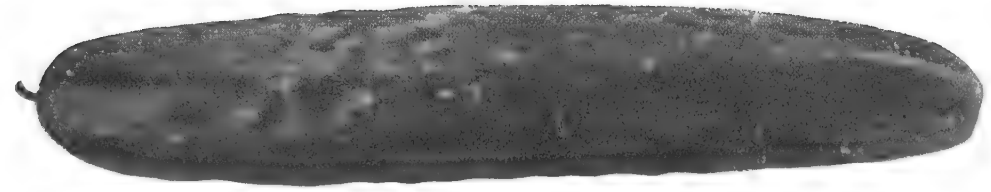

Concord is the most popular grape. It is the one variety that is supreme for every purpose where Grapes are wanted. It grows on all soils, in all climates, is perfectly hardy and extremely productive. The bunches are large and compact, berries large, bluish black overspread with bloom. Flavor rich and superb, sweet and juicy. Fruit is produced annually in great abundance. **Strong 2-yr. plants. Each 35c; 3 for \$1.00; doz. \$3.00.**

CONCORD GRAPE

FREDONIA

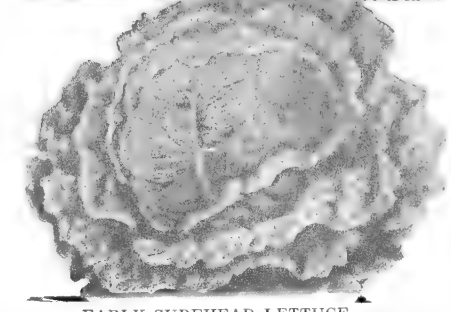

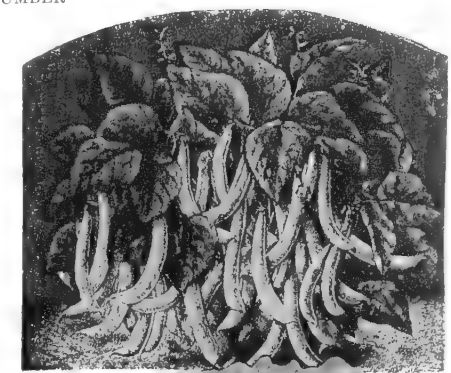

COLORADO CUCUMBER

New Colorado Cucumber

An excellent new cucumber which for dark green color, uniformity of size and handsome appearance should be placed at the head of the cucumber list. The vines are strong rampant growers and bear bountifully. Fruits are 10 to 12 in. long, straight and symmetrical and retain their deep green color for a long time. Will prove to be a money maker for either the home or market grower. **Pkt. 10c; oz. 20c; 1/4 lb. 60c; lb. \$2.25.**

Bush Bean—Best of All Golden Wax

Many times when other varieties were a failure Best of All yielded a heavy crop. It is a very early variety, having withstood frosts which seriously checked other varieties. The bushes are literally covered with fine transparent yellow pods which are from 4 to 5 in. long, remarkably tender and brittle and it has no strings whatever. Plant it once and you will want it every year. **Pkt. 8c; 1/2 pt. 20c; pt. 35c; qt. 60c.**

EARLY SUREHEAD LETTUCE

Early Surehead Lettuce

Crisp, Tender, Easy to Grow. Sure to Head.

A specially selected strain of Lettuce that is ready to use early and sure to form heads, being one of the best varieties for the home garden. Outer leaves much crumpled, heads are solid with well balanced creamy white heart. By planting this variety you can grow head lettuce as easily as radishes. Sow this seed early and thin out plants to stand 4 to 5 in. apart. **Pkt. 8c; 1/2 oz. 15c; oz. 25c.**

Rainbow Flower Garden

Much time and care was taken in preparing the formula of this gorgeous flower mixture. It is made up of flowers suitable for bedding and bouquets, something that will be in flower from early summer until frosts. A bed or row of these flowers will be a bright spot in your garden all summer and also supply many beautiful bouquets. Only seeds of the highest quality are used in this mixture and the grand flowers it will produce will please and delight you beyond your fondest hopes. A pkt. contains sufficient seed to sow a row 30 to 40 ft. long. **Pkt. 10c; 1/4 oz. 20c; oz. 60c.**

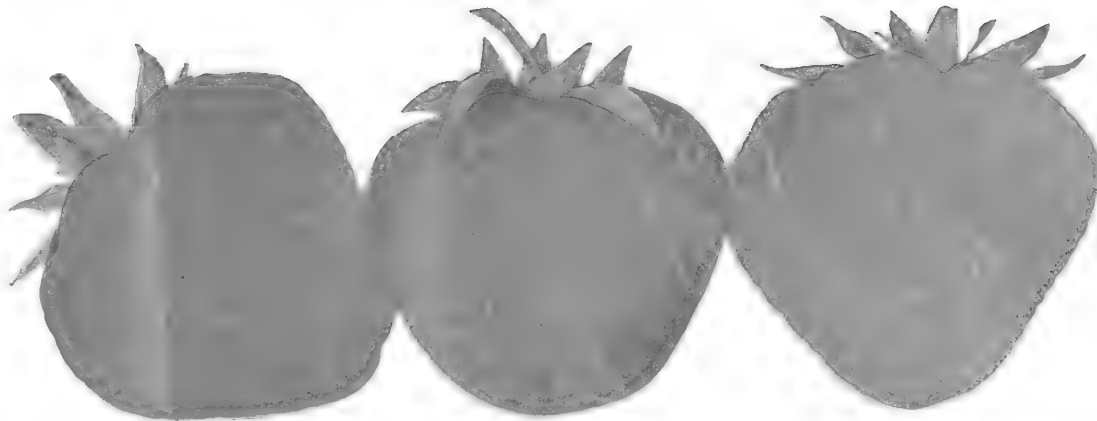

Milo P. Salter, Wis.—I always have a wonderful garden from your seeds, the strawberry plants did exceptionally well.

EVERMORE

New Everbearing Strawberry "Evermore"

We consider this to be the best of the everbearing strawberries as it grows tall, strong, well rooted plants that bear heavy crops of large luscious berries. Plants set out this spring will bear this fall and will produce two crops the following season. Berries are red all the way through and of excellent quality for jams, jellies and preserves. We know you will be highly pleased with this great everbearing strawberry. 25 for \$1.50; 50 for \$2.75; 100 for \$4.75; 500 for \$21.50.

GIANT ROBINSON

CATSKILL

WONDERBEARING

JUNG'S NORTHERN GROWN STRAWBERRY PLANTS

Spring or June Bearing Strawberries

CATSKILL—Extra large, plump NEW Strawberry which is self-pollinating and ripens mid-season. Has the MOST DAZZLING red color and RICHLY AROMATIC FLAVOR of any mid-season Strawberry. Fine in texture, firm in quality and a prolific bearer—it makes an ideal dessert berry. Thrives on any good soil and is hardy. 25 for 80c; 50 for \$1.50; 100 for \$2.75.

GIANT ROBINSON—This new June bearing variety originated in the heart of the Michigan fruit belt and is rapidly taking favor over other varieties. The fruit is large, conical shaped, scarlet-red all the way through. It is very firm and glossy, commands a

premium on the markets for its fine appearance. This is without any doubt the most outstanding spring bearing variety and is a berry you should plant. Delicious for table use, a wonderful canner and preserver. 25 for 85c; 50 for \$1.60; 100 for \$3.00.

JUNG'S WONDERBEARING A strawberry that will delight all growers who want a variety which combines fine quality and great productiveness. These plants are very vigorous growers and seem to succeed almost everywhere; they grow upright and carry the fruit well from the soil; it is medium early in ripening. The berries are of large size, some specimens 2 inches in diameter; of extra fine quality and handsome appearance. 25 for 75c; 50 for \$1.35; 100 for \$2.50.

Wholesale Prices on Berry Plants

| Jungs Wonderbearing | 500 for | 6.75 | 1,000 | 12.75 |

Growing Berries

A great part of growing a profitable crop of berries depends on properly setting out and caring for the crop. Unless the right care is given, the best plants will not produce a satisfactory crop. To assist you in every way we have prepared a set of complete cultural instructions for small fruits and will send same with every order for plants.

Mrs. Milton Wisler, Wis.—Thank you for the lovely Raspberry plants despite the very dry spring most of them are growing and bearing. They were A No. 1.

CUMBERLAND

BOYSENBERRY

SODUS

NORTHERN GROWN BERRY PLANTS

New Giant Thornless Boysenberry

This sensational new berry is about the finest berry we know of. Unlike the ordinary variety the vines have no thorns and are even hardier. The berries are of immense size and their sweet delicious flavor is unsurpassed; they are a deep maroon red when ripe and almost seedless. We offer heavy 2 yr. plants as the 1-yr. plants are very fragile and hard to get started. Please bear this in mind when comparing prices. Each 35c; 3 for \$1.00; 12 for \$3.75, postpaid.

CUMBERLAND

The Giant Black Raspberry

This is offered with assurance as a most desirable variety because of its immense size, fine quality and great productiveness. It is a wonder in size of berries and vigor in growth and is as hardy as any variety grown. Fruit is jet black and of extra fine quality. By far the best results in growing Black Raspberries have been obtained from 2 yr. or transplanted plants. We are now offering 2 yr. old plants at prices very little more than was formerly charged for inferior 1 yr. plants. Please bear this in mind when comparing prices. Heavy 2 yr. Plants: 6 for \$1.45; 12 for 2.75; 25 for \$5.45; 100 for \$21.00.

Taylor Red Raspberry

A Most Promising New Red Raspberry An excellent new variety from the New York Exp. Station. Taylor is a thrifty grower and a heavy yielder of large bright red berries. The large conic berries are firm, bright red in color, of excellent quality and attractive appearance. Select plants: 12 for \$1.35; 25 for \$2.60; 100 for \$8.50.

"LATHAM," the Giant Red Raspberry

By far the best raspberry to be had and stands unsurpassed for vigor and hardiness, size and handsome appearance of berries. Has made the remarkable yield of 5,430 qts. per acre. Hardy even as far North as Canada. The ability of Latham to yield so heavily, together with the large size and fine appearance of the berries make it unquestionably the most profitable variety for either home or market garden. Many plants will bear fruit the first year they are set out. Price of strong disease-free plants: 6 for 70c; 12 for \$1.25; 25 for \$2.40; 100 for \$8.25.

New Morrison Black Raspberry

This grand new "blackcap" produces mammoth sized berries almost an inch in diameter, jet black in color and of superb quality. Grows strong, vigorous bushes that are healthy and disease resistant. Plants root deep so are resistant to drought and will produce a good crop even in dry years. Strong 2-yr. plants. 3 for 80c; 6 for \$1.50; 12 for \$2.90; 25 for \$5.75, postpaid.

A. J. Nelson, Iowa—The best seeds and Raspberry plants I have come from JUNG'S, so send on your new catalog.

"SODUS," the Best Purple Raspberry

Far superior to Columbian as the berries are larger, of better quality and the plants are hardier. Plants are vigorous and bear an unusually large crop. Will not spread from roots or shoots.

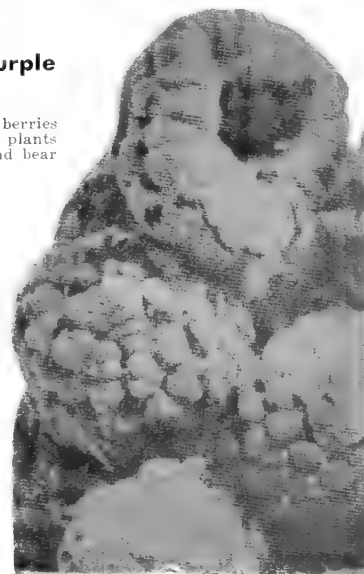

Strong 2 yr. plants: 6 for \$1.40; 12 for \$2.65; 25 for \$5.25; 100 for \$20.50.

Wonderful Everbearing Raspberry

"Indian Summer"

From trials on our own farms we found this new Everbearing Raspberry so much better that we have discontinued all other varieties. It is a heavy yielder both in early summer and fall, the berries are of large size and excellent quality. Bushes are very vigorous and hardy. Extra select plants. 6 for 85c; doz. \$1.50; 25 for \$2.75; 100 for \$9.50, postpaid.

C. F. Wetzel, Minn.—The Raspberry plants came in fine condition.

INDIAN SUMMER

Our Berry Plants Are Certified

All of our raspberry plants have had double inspection by State Inspectors and are free from Mosaic and all other dangerous plant diseases and insects.

LATHAM

MORRISON

BARBADOS LILY

THE NEW BARBADOS LILY

A new Lily belonging to the Amaryllis family being very easy to grow and sure to bloom. It may be grown and flowered in pots or can be planted in the garden with equally fine results.

Our bulbs are of large size, they usually throw two flower spikes each having 2 to 4 flowers and those flowers remain in perfect condition for 10 days and longer. When grown indoors the flowers are a deep orange pink while if grown outdoors the color is orange red. We know you will be highly delighted with this fine Lily. **Large select bulbs: 3 for 55c; 6 for \$1.00; 12 for \$1.90.**

The bulbs came today and I was much pleased with them. I was also pleased with your very prompt service and the free seeds.—Elliot P. Brewer, Maine

GIANT AMARYLLIS

GIANT HYBRID AMARYLLIS

We know of no flowering bulb that will give more satisfaction for indoor flowering than these new giant flowered Amaryllis. The bulbs we offer are a most select strain, large bulbs that often produce two stems with from two to four giant blooms of most perfect form. Colors range from white through various shades of rose, red, and deep crimson, but as they are hybrids we cannot send specified colors; however, most of them are dark rich colors. Will bloom in six to eight weeks after planting. **Extra large bulbs: Each 40c; 3 for \$1.10; 12 for \$4.00.**

**FANCY
LEAVED CALADIUMS**

Few flowers in bloom will attract more attention than the foliage of these grand Caladiums. They are easy to grow and will delight you with their rare beauty and charm. They may be grown as pot plants, in window boxes or in partially shaded beds outdoors. **Extra strong bulbs: 3 for 75c; 6 for \$1.45; 12 for \$2.75.**

ANGEL OR MAGIC LILY

ANGEL OR MAGIC LILY

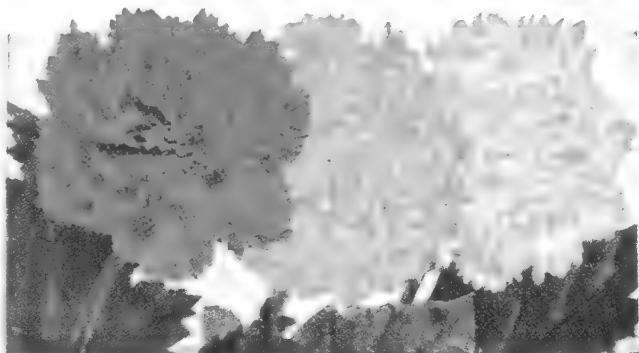

A grand summer flowering bulb, producing with great freedom large Amaryllis-like pure white fragrant blossoms. A most wonderful plant as the flowers are so large and handsome. Bulbs send up tall stems, which bear several of the large flowers. Bulbs may be taken up in October and after a few weeks' rest, potted and flowered in the house in winter. We know you will be highly pleased with this fine Lily. **Each 25c; 3 for 70c; doz. \$2.50.**

MEXICAN LILY

**FANCY
TUBEROUS
BEGONIAS**

The rare charm and beauty of these beautiful flowers is hard to describe as they must be seen to be appreciated. They may be grown as pot plants, in window boxes or on a shady porch or on the shady side of your home. They commence to flower early and continue to bloom until frost. We offer select bulbs of the finest varieties. Instructions on their planting and care will be sent with every order. **Each 25c; 3 for 70c; 12 for \$2.65.**

TUBEROUS BEGONIAS

**NEW PINK
CALLA**

A grand Calla with bright pink flowers and makes one of the most exquisite flowering plants you can grow. Will grow and bloom freely like any other callas. Blooms are sweet scented and gems of beauty. **Blooming size bulbs: Each 75c; 3 for \$2.10.**

NEW PINK CALLA

Have found all your seeds and bulbs to be A-1. — Mrs. H. A. Fry, Wis.

SPOTTED LEAF CALLAS

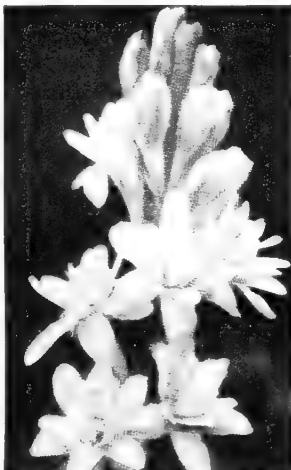

SPOTTED LEAF CALLAS

The most satisfactory Callas to grow either in pots or in the garden as they are easy to grow and sure to bloom. Foliage is deep green with creamy white spots. We can supply either yellow or white flowering; always state color wanted. **Blooming size bulbs: Each 35c; 3 for \$1.00; doz. \$3.50.**

Mrs. A. C. Brunow, Wis. — The Tuberous Begonias you sent us are truly a marvel, I never dreamed there was so much beauty in such a little bulb, blossoms like a delila, so deep red, with an extra bell shaped flower on each side.

**MEXICAN
LILY OR
TIGRIDIA**

The rare beauty of these grand flowers is hard to describe. They grow 18 to 20 in. tall and produce their large showy flowers 3 to 4 in. across in a wide range of color from yellow and orange to brilliant crimson. They are easy to grow and sure to bloom. **3 for 35c; 6 for 65c; doz. \$1.25.**

TUBEROSES

**GIANT HYBRID
RANUNCULUS**

The largest and most gorgeous strain ever offered. Produces giant double and semi-double flowers, 2 in. and more across in shades of red, yellow and pink. May be grown in the garden like ranunculi. **Extra select bulbs, in mixed colors: 6 for 55c; 12 for \$1.00; 100 for \$6.50.**

**DOUBLE FLOWERING
TUBEROSES**

One of the most beautiful and delightfully fragrant summer flowering bulbs, flowers are more conspicuously sweet scented than anything else in the garden. The flowers are double and are produced on stems 2 to 2½ ft. long. They make a grand showing in the garden and are unexcelled for cutting and bouquets. Bulbs planted early in May will bloom in August, may also be started in pots for early blooms. **Select bulbs: 3 for 40c; 12 for \$1.50.**

RANUNCULUS

JUNG'S GLORIOUS FLOWERS

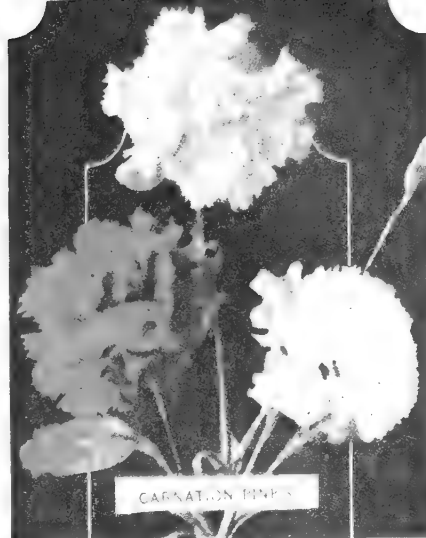

Make Your Flower Garden a Joy All Summer

Asters

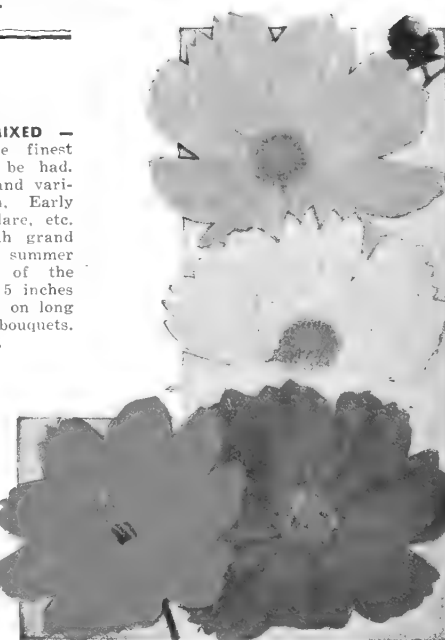

JUNG'S GIANT FANCY WILT RESISTANT—This is a well balanced mixture of the very finest Asters of wilt resistant strains. Regardless of what price you pay better seed cannot be had. It contains all colors and many of the flowers will be 4 to 5 in. across and borne on stems 2 to 3 ft. long. Pkt. 10c; 3 pkts. 20c; 1/8 oz. 30c.

Mrs. J. Morrison, Tex.—Was very much pleased with my order just received. Am taking my catalog to a neighbor from whom you will receive a large order.

James Foreman, Mich.—Have used your seeds for several years and am much pleased. I can highly recommend them.

Mrs. L. Tucker, Ohio—I have planted your seeds in four states and four different kinds of soil and they always produced the finest flowers in the neighborhood.

JUNG'S SUPERB COSMOS

Carnation Pinks

FANCY MIXED The rare beauty of these fine annuals rival Carnations and come into flower in 6 to 8 weeks after sowing. Plants grow 12 to 15 in. tall and bloom profusely for a long period of time. Well suited for beds, borders and bouquets. Pkt. 10c; 1/8 oz. 25c.

Centaurea

JUBILEE GEM—A new type of the popular "cornflower" or bachelor button. Grows only 8 to 10 in. tall and the deep blue flowers fairly cover the bushes. Unexcelled for borders as they commence to flower very early and continue in bloom for weeks. Pkt. 7c; 1/8 oz. 15c.

Everlasting Flowers

GIANT MIXED These everlasting flowers should be in every flower garden and for this reason we have placed them in this list. The plants grow about 2 feet high and produce the beautiful flowers like a half-open rose in great profusion. They make a very pretty bed and if picked will last all winter; excellent for Christmas and New Year decorations. Our seed includes all colors. Easy to grow. Pkt. 8c; 2 pkts. 15c.

"QUALITY"

A great many items which you purchase today are either much higher in price or inferior in quality. This is not the case with Jung's Seeds, Plants and Shrubs.

We have spared no effort or expense to maintain "quality" and you will find that our prices are very reasonable. Our steadily increasing number of customers is the best evidence of the superior quality of the goods we send out.

Cosmos

JUNG'S SUPERB MIXED—Probably one of the finest Cosmos mixtures to be had. Made up of such grand varieties like Sensation, Early Flowering, Golden Flare, etc. Will supply you with grand flowers from early summer until frost. Many of the flowers will be 4 to 5 inches across and are borne on long stems; grand for bouquets. Pkt. 8c; 1/8 oz. 15c.

ANNUAL DAISIES

Mrs. I. Attor, Wis.—I've used your seeds for the past ten years and always have had wonderful luck with them.

CARNATIONS

HOW TO GROW ASTERS

and all other Vegetables and Flowers is written in detail in our booklet on Vegetables and Flowers. A copy is sent free with every order of 25c or more, if requested.

CALIFORNIA POPPY

California Poppy

GIANT HYBRID MIXED—You will be highly delighted with the profusion, size and wonderful new colors of these flowers. Unlike the old variety these form upright bushes with fine cut foliage and bloom from June to October. Colors include orange, rose, crimson, lavender, and many other new shades. Very easy to grow. Pkt. 8c; 2 pkts. 15c.

Gourds

FANCY MIXED—An interesting and valuable vine, grows very rapidly and quickly covers old walls, fences or outbuildings and trellises. They bear an abundance of the curious shaped fruits and we have included a very choice selection in the seed we offer. Pkt. 7c; 1/4 oz. 15c.

CENTAUREA OR BACHELOR BUTTON

strain containing many beautiful colors. Pkt. 7c; 1/8 oz. 15c.

Carnations

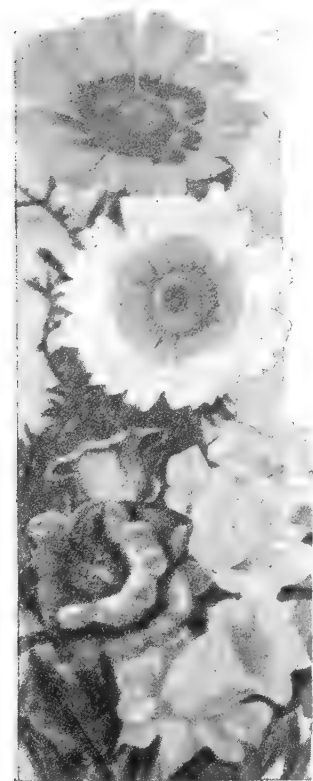

GIANT EVERBLOOMING MIXED A select strain of Carnations that will bloom the first summer and produce large double flowers of rare beauty. Plants may be taken up in the fall and potted and they will continue to bloom during the winter. Pkt. 10c; 3 pkts. 25c.

Annual Painted Daisies

Easily grown annuals that produce some of the best color combinations known in flowers. They are as easily grown as poppies and remain in bloom for a long time. As the flowers are produced on long stems they make splendid bouquets and will last for a long time. Do not sow the seed too thick as the plants require room to give best results; they should be 12 to 15 inches apart each way. Pkt. 7c; 2 pkts. 10c; 1/8 oz. 15c.

Annual Canterbury Bells

ANNUAL FANCY MIXED You can now have these beautiful flowers in bloom in one season. By starting the seed in March they will bloom from August until October. The plants grow 2 ft. tall, each plant having 6 to 8 spikes of large, cup-shaped blossoms. Our seed contains the following colors: White, rose, pink, dark and light blue. We consider this one of the finest new flowers. Pkt. 8c; 2 pkts. 15c.

TOP-ANNUAL PAINTED DAISIES ANNUAL CANTERBURY BELLS

FANCY GOURDS

CLEOME OR SPIDER PLANT

Cleome or Spider Plant

ROSE QUEEN—Plants grow to a height of 3½ ft., well branched, each branch tipped by a head of bright rosy-crimson flowers. Very useful for large beds, backgrounds or planting among other shrubs. Remains in full flower from early in summer until killed by hard frosts. Seed should be sown in the open ground as soon as the soil can be worked and plants should be given plenty of room. Pkt. 8c; 2 pkts. 15c.

Dwarf or Bush Sweet Peas

MIXED—Many people wish to grow Sweet Peas but do not care to bother with putting up a trellis or support. By planting this new strain you can grow fine large flowers without support as the plants grow but 15 to 18 in. tall and will delight you with their abundance of fine large flowers for a long time. Our strain is made up of fancy large flowering strains and will give splendid results. May also be sown in pots for winter blooming. Pkt. 10c; ½ oz. 20c; oz. 35c.

"Quality First"

You can rely upon the Quality of Jung's Flower Seeds. They are grown from select stocks and all mixtures are made up of a well balanced selection of colors. We know you will be delighted with the gorgeous flowers you can grow by planting Jung's Select Flower Seeds.

Four O'Clock

FINEST MIXED No flower makes a prettier border than the old-fashioned Four O'Clock. Plant grows to a height of two feet and blooms in early morning and evening and rivals the choicest garden flowers in color. It is one of the most brilliant and showy plants that can be grown with little or no trouble. Pkt. 8c; ¼ oz. 15c.

FOUR O'CLOCK

CALENDULA

Calendula

FANCY MIXED One of our best and showiest free flowering hardy annuals. Of the easiest culture, producing a fine show in beds as they continue in flower from early summer until killed by frost. Also makes a fine plant for pot culture, blooming freely in winter. The immense double flowers are produced on long stems and last for a long time when cut for bouquets. Pkt. 7c; ⅛ oz. 15c.

DWARF MARIGOLD

Dwarf Marigolds

FANCY MIXED There are few, if any, of the low growing annuals that produce such a profusion of flowers for a long period of time. They form dense attractive bushes 1 ft. high and are a solid mass of color in yellow, orange, brown and maroon. Very useful for borders and also for bouquets and baskets. Pkt. 8c; ⅛ oz. 15c.

LARKSPUR

New Giant Double Larkspur

EXQUISITE MIXED A new and improved strain of Larkspur which for size and doubleness of flowers, long stems and wide range of color is unexcelled. Plants will grow 3 to 4 ft. tall and produce long spikes of the beautiful double flowers. Remains in flower for a long time if kept picked. Pkt. 8c; ⅛ oz. 15c.

Mrs. Florence Laybourn, Wis. — I have planted many seeds but Jung's are the best.

CARNATION CENTAUREA

GAILLARDIA

DOUBLE PORTULACA

Carnation Centaurea

GIANT FLOWERED MIXED The beautiful flowers produce long stemmed, handsomely fringed blossoms 3 to 4 in. across and are delightfully fragrant. They rival carnations for beauty, in fact you will like them better as the colors are very dainty. Easy to grow and especially fine for cutting as they last a long time in water. Pkt. 8c; 2 pkts. 15c.

Annual Gaillardia

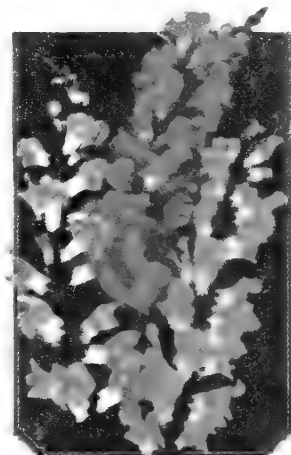

FINEST MIXED One of the most showy annuals and greatly admired for their fine form and rich blending of colors in orange, brown, bronze, maroon and crimson. Many of the flowers are 4 in. across and being produced on long stems are excellent for bouquets. They blossom from July until frost. Easy to grow. Pkt. 7c.

Double Portulaca

GIANT DOUBLE MIXED A very choice strain of the popular bedding annuals that will delight you with their profusion of double flowers and will produce a high percentage of double flowers in a wide range of colors. Unsurpassed for beauty and brilliance. Pkt. 12c; 3 pkts. 35c.

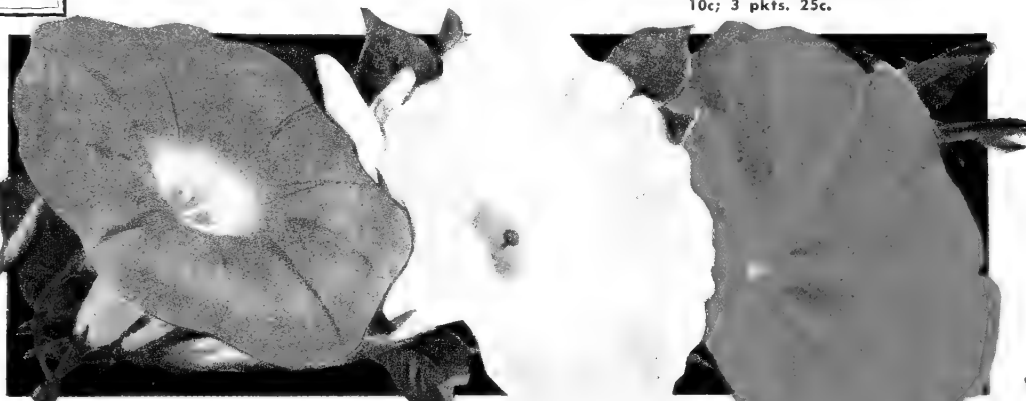

New Snapdragon

RUST-PROOF MIXED In many sections rust destroyed these plants before they flowered. This new strain is very resistant to rust and you may grow these favorites to perfection. It will produce very large flowers in a wonderful range of bright, rich colors. Pkt. 10c; 3 pkts. 25c.

SNAPDRAGON

Mrs. B. Ambrose, Ill.—We prefer your seeds to all others, have always found them satisfactory.

HEAVENLY BLUE MORNING GLORY

PEARLY GATES

SCARLET O'HARA

GRAND NEW MORNING GLORIES

HEAVENLY BLUE—A plant of these beautiful Morning Glories in bloom is a truly grand sight. The flowers measure 3½ to 4 inches across and in color are dark sky-blue with a white throat. Very profuse bloomers and remain in flower for a long time. Pkt. 8c; 2 pkts. 15c; ¼ oz. 25c.

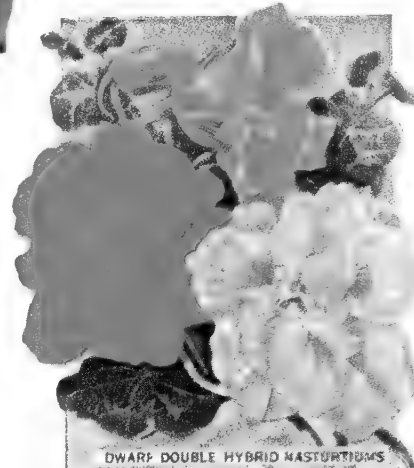

PEARLY GATES—A fitting mate for Heavenly Blue except for color. Flowers are of giant size, abundantly produced and a rich satiny white color. Comes into flower early and blooms for a long time. Pkt. 15c; 2 pkts. 25c.

SCARLET O'HARA—A remarkably fine showy climber as first flowers open in July and from then until frost they are borne in profusion. Flowers are 3 to 3½ in. across and of a soft velvety scarlet. Pkt. 12c; ¼ oz. 35c.

GIANT FANCY MIXED A superb mixture of the above varieties and also some of the ruffled strains, truly a superb mixture. Pkt. 8c; ¼ oz. 20c.

Double Hybrid Nasturtiums

DWARF MIXED—Now you may have these wonderful sweet scented double Nasturtiums in a wide range of color in true bush form. The plants will grow 12 to 15 in. tall and when in full bloom are a mass of color. The flowers are double, large, well formed and delightfully sweet scented. Colors range from lemon through orange to flaming scarlet. Pkt. 7c; ½ oz. 12c; oz. 20c.

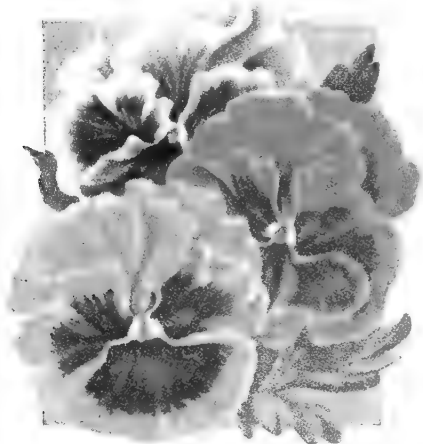

DWARF DOUBLE HYBRID NASTURTIUMS

GIANT FANCY MARIGOLDS

Giant Fancy Marigolds

By planting this seed you can have all the beautiful new Marigolds at small expense. This mixture contains seeds of the carnation and chrysanthemum types, also the Crown of Gold. You will be delighted with the giant size of the flowers and wide range of colors. Will bloom from early summer until frost. **Pkt. 8c; 2 pkts. 15c; 1/8 oz. 20c.**

PANSIES

Pansies

JUNG'S GIANT FANCY MIXED — This "Fancy" Mixture contains seeds of the largest, richest and handsomest pansies known to the horticultural world. The well formed expanded flowers are uniformly of the largest size and of fine substance; they are borne on long, stiff stems well above the heavy deep green foliage. The colors are rich and varied such as white, cream, yellow, deep orange, mahogany, claret, reddish bronze rose; all are distinctly blotched. **Pkt. 25c; 1/8 oz. \$1.25.**

VELVET FLOWER

Velvet Flower

GIANT FLOWERED MIXED

Undoubtedly one of the most attractive annuals and for richness of colors they are unsurpassed. Splendid for either beds or bouquets, they are as easy to grow as petunias and should be in every garden. The colors are very rich and velvety, each flower showing tints of gold. Continually in flower from early summer until frost. **Pkt. 8c; 2 pkts. 15c.**

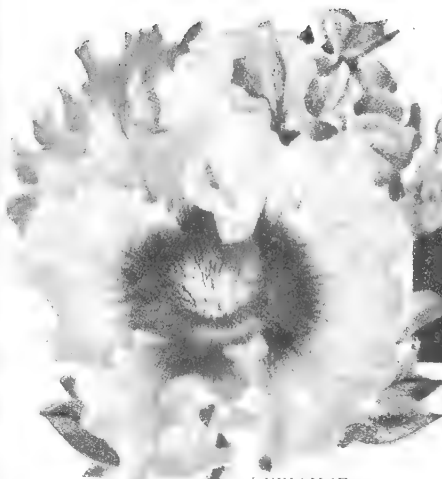

MASTODON SNAPDRAGONS

Snapdragon

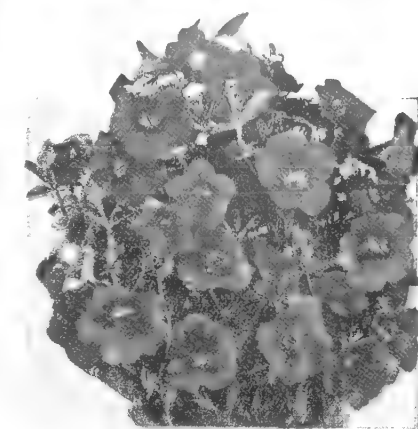

MASTODON MIXED

These wonderful Snapdragons are truly giant in size and must be seen to be appreciated. They produce spikes of flowers 2 ft. long and many of the single flowers will be 1 to 1 1/2 in. across. Our mixture is composed of the very best colors and a bed will supply you with cut flowers all through the summer and fall. **Pkt. 8c; 3 pkts. 20c.**

Mrs. W. H. Wohlers, Wis. — Have planted your seeds for almost 20 years and have never been disappointed with them in any way.

DEFIANCE

FLAMING VELVET

BEAUTIFUL BEDDING PETUNIAS

BRILLIANT BEAUTIES A very select strain of dwarf compact Petunias especially suited for beds, borders or window boxes. The plants grow very compact, 8 to 12 in. high, and commence to bloom when only a few inches high. They are a solid mass of bloom from early summer until killed by hard frosts. Our mixture is made up of a well balanced selection of live bright colors. If you wish a bed of flowers that will last all summer and survive heat and dry weather plant some of these grand Petunias. **Pkt. 8c; 2 pkts. 15c; 1/8 oz. 35c.**

BRILLIANT ROSE If you wish a flower bed that is bright and cheery throughout the summer and fall plant some of these brilliant Petunias. Plants grow compact, 8 to 12 in. tall, they commence to bloom when only a few inches tall and are a blaze of color from early summer until hard frosts. Flowers are of good size and a live, rose red color. **Pkt. 10c; 3 pkts. 25c; 1/8 oz. 50c.**

FLAMING VELVET One of the most showy Bedding Petunias. Plants are a mass of striking color from early summer until late fall. The large flowers are a beautiful shade of deep velvety maroon-red, very rich and showy. **Pkt. 10c; 3 pkts. 25c; 1/8 oz. 60c.**

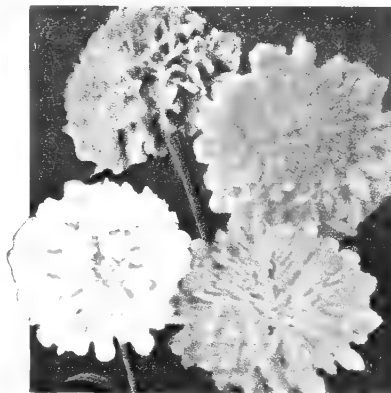

DEFIANCE MIXED This strain bears grand substantial flowers of the largest size in profusion. The flowers frequently measure 5 in. across. Most of the flowers are fringed beautifully and have open throats. All are distinctly veined especially in the throat portion and in many the throat is darker than the outer portion of the petals, imparting a rich velvety effect. Some of the colors are rich and gorgeous while others are of lovely delicate shades. **Pkt. 35c; 3 pkts. \$1.00.**

Scabiosa

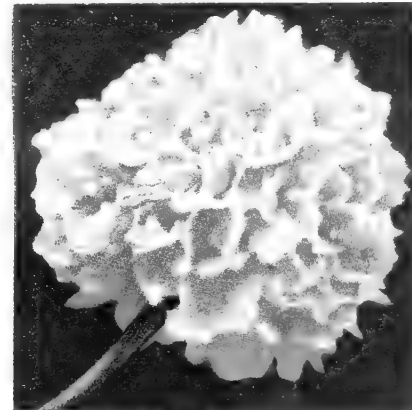

BLUE MOON One of our most showy blue garden annuals. Plants grow 18 to 24 in. tall and produce an abundance of bloom for a long period of time. Flowers are of large size, a beautiful blue, and being borne on long stems are ideal for bouquets. **Pkt. 10c; 2 pkts. 15c; 1/8 oz. 25c.**

Scabiosa

GIANT FANCY MIXED A hardy and easily grown annual well suited for beds or bouquets. Bushes grow 2 1/2 ft. tall and are in flower from early summer until frost. The flowers are borne on long, wiry stems, are of large size and exquisite colors. Our seed is a highly improved strain selected for large flowers and wonderful colors. **Pkt. 8c; 2 pkts. 15c.**

GIANT FANCY SCABIOSA

BLUE MOON SCABIOSA

"There is a Difference"

Seeds may look alike but the flowers you grow will depend very largely on the seed you sow. We use extreme care in growing our flower seeds so that you will get seeds that will grow and produce flowers of rare beauty. A booklet on Growing Flowers is free for the asking with every order of 25c or more. Do you want one?

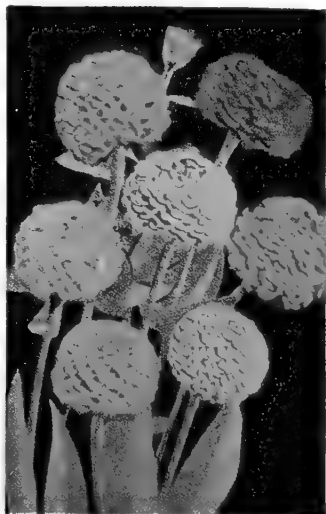

STOCKS

Zinnias

RUFFLED GIANTS — A great improvement on former Fantasy types. The long petals are quilled, curled and pointed with no centers of flowers showing. Flowers are remarkably large, 4 to 4 1/2 in. across and are borne on long stems. The seed we offer covers a wider range of rich color than most Zinnias. You will be delighted with these grand new Zinnias. **Pkt. 15c; 2 pkts. 25c.**

Fancy Pom-pom Zinnias

SUPERB MIXED — These elegant Zinnias are suitable for beds, edgings or cut flowers. The plants grow very neat, compact and bushy and are loaded with the beautiful perfectly double flowers. The flowers are double as a rose and come in a variety of beautiful colors. This type of Zinnia has been greatly improved and is becoming very popular. **Pkt. 8c; 2 pkts. 15c.**

POM-POM ZINNIAS

RUFFLED GIANT ZINNIAS

JUNG'S SUPER GIANT ZINNIAS

Our sales on the truly Giant Flowered Zinnias are increasing every year. People who saw them in flower in our fields were amazed at the giant size of the flowers and brilliant colors. The plants make a strong growth and form compact bushes 2 to 3 ft. tall; the flowers are borne on stiff stems well above the foliage. For a wealth of flowers plant them in rich soil, give frequent cultivation and lots of water and you will be surprised at the results. Flowers are often 5 to 6 inches across. They will be a glory to behold from early summer until frost.

CANARY BIRD Graceful flowers of rich canary yellow. Pkt. 10c.

DREAM Large attractive flowers. Lavender changing to purple. Pkt. 10c.

EXQUISITE One of the most pleasing as regards form and size. Light rose with deep rose center. Pkt. 10c.

METEOR—A rich, deep glowing red and the darkest of all red shades. Flowers very large and produced in abundance. Pkt. 10c.

ORIOLE Well worthy of the beautiful bird for which it was named. Immense orange and gold bicolor flowers which change color as the flowers grow older. Pkt. 10c.

POLAR BEAR—Decidedly the best pure white Zinnia. For size, color and free blooming it stands supreme. Pkt. 10c.

SPECIAL ZINNIA OFFER

1 Pkt. of each of above 6 Grand Zinnias for 40c.

Jung's Super Giant Mixed Zinnias

This is one of the finest mixtures of Zinnia to be had. It contains seed of all those shown besides many other colors. If you want glorious colors around your house from early summer until frost, plant some of these Zinnias. As they are produced on long, stout stems they will make excellent bouquets for livening up any room. Pkt. 8c; 3 pkts. 20c; 1/4 oz. 40c.

JUNG'S SUPER GIANT ZINNIAS

Inoculating your Sweet Peas will produce larger and finer flowers. See page 1.

EVERBLOOMING SWEET PEAS

Jung's Giant Everblooming Sweet Peas

This superb Sweet Pea mixture is made up of both early and late Giant Spencers and will remain in flower for many weeks. It has been made with extra care from the finest large flowering Spencers and will produce a well balanced color effect. All dull and undesirable colors have been omitted making this as fine a mixture of Sweet Peas as it is possible to produce. Pkt. 8c; 1/2 oz. 15c; oz. 25c; 1/4 lb. 90c.

GIANT SPENCER SWEET PEAS

These new Sweet Peas are of enormous size, which with their charming colors and waved or fluted appearance entitles them to be put in a class by themselves. Some of the flowers grown on our farm measured 2 1/2 inches across. The plants are vigorous in growth and should stand at least 18 inches apart.

BONNY BRIAR A sparkling rose pink of immense size. Long stems often bearing four flowers. One of the best.

FLAGSHIP A rich deep navy blue and the best in its color class. Flowers of large size and on long stems are borne in profusion.

FLORA A magnificent flower of clear deep lavender. Flowers are beautifully waved or ruffled and borne 3 and 4 on long stems.

MAYTIME One of the most beautiful giant flowered ruffled sweet peas. Color is a rich golden cerise and must be seen to be appreciated.

RUBICUND The flowers of this grand variety are heavily ruffled and very showy. Flowers are a striking crimson scarlet and fairly glisten in bright sunlight.

SNOW WHITE The grandest of all white sweet peas, remarkable for its pure whiteness and large size.

WARRIOR—Beautiful flowers of deep maroon red, large in size and true ruffled type. A vigorous grower and profuse bloomer.

PRICE of any above Sweet Peas: Pkt. 8c; 1/2 oz. 20c; oz. 30c.

Special Sweet Pea Offer One large pkt. of each of the 7 fine Giant Spencer Sweet Peas listed above for only 30c.

Dual Purpose Shrubs

These two fine shrubs may be planted singly, mixed with other shrubs or used for hedges and windbreaks.

They are very hardy, free from insects and grow up to a height of 8 to 10 ft. in a few years.

A hedge of either one makes a grand sight when in bloom.

HONEYSUCKLE

Fireball Bush Honeysuckle

A very hardy shrub that may be planted as a hedge, mixed with other shrubs or planted alone as a specimen. Grows 8 to 9 ft. tall and will thrive in full sun or partial shade. Flowers during May and a bush in bloom is a mass of bright red color followed by red berries in summer and fall. **Select 2 yr. plants. Each 40c; 3 for \$1.10; doz. \$4.00; 50 for \$14.75.**

PERSIAN LILAC

The Graceful Persian Lilac

This is considered one of the best and most satisfactory of all our Lilacs and may well be ranked with the cream of the flowering shrubs. Few shrubs can match the grace and blending quality of its flower heads or the spicy fragrance of the blooms. It is very hardy, sure to bloom and does not spread like the common lilacs. May be planted singly, among other shrubs and it also makes one of the grandest hedges. **Strong 2-yr. field grown plants. Each 35c; 3 for \$1.00; doz. \$3.75; 50 for \$13.25 prepaid.**

Ernst Wachs, Ky.—Plants received from you all doing well, better than I expected.

Improve Your Home Like This by Planting Jung's Shrub Collection

JUNG'S IDEAL SHRUB COLLECTION

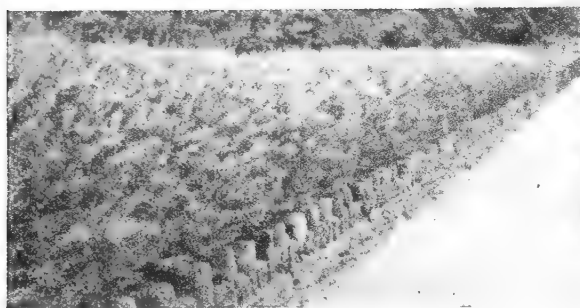

25 Strong 2 Year Field Grown Shrubs for \$7.75 prepaid

- | | |
|--------------------------|--------------------------|
| 2 Bush Honeysuckle | 2 Red Leaved Barberry |
| 2 Forsythia-Ovata | 1 Regal Privet |
| 1 Golden Elder | 3 Spirea-Van Houttei |
| 2 Hydrangea-Pan. | 2 Spirea-Anthony Waterer |
| Grandiflora | 1 Siberian Almond |
| 1 Hansa Rose | 2 Snowberry |
| 2 Persian Lilacs | 1 Yellow Dogwood |
| 2 Philadelphus-Snowdrift | 1 Red Berried Viburnum |

These are all strong well rooted 2 year field grown shrubs. At catalog prices they would cost \$9.50 but as a special offer they will be sent to you all charges prepaid for \$7.75.

Mrs. N. C. Stephens, Utah—The shrubs purchased from you last spring are all growing and are very beautiful.

Joe McBride, Wash.—We are well pleased with the shrubs received from you. They started to grow as soon as they were planted and sure are a nice collection.

AS A HEDGE

RUSSIAN OLIVE

AS A TREE

Russian Olive

We know of no tree or shrub that will endure as much heat, drought or severe cold as the Russian Olive. It may be grown as a tree, mixed with tall shrubs or for a hedge or windbreak; grown in any of these ways its beautiful silver gray foliage makes a wonderful appearance during the entire season. When grown as a tree it will grow 20 to 25 ft. tall, as a shrub or windbreak it will grow 8 to 10 ft. tall in a very short time. For a hedge or windbreak set 3 to 4 ft. apart. **Select field grown plants. Each 40c; 3 for \$1.10; 12 for \$3.75.**

Fern Leaved Spirea

A handsome and vigorous shrub that should be included in every planting. It has foliage like a fern or Mountain Ash and produces large spikes of pure white flowers similar to a Hydrangea during July and August. Very fine for planting with other shrubs as the fern-like foliage shows up splendidly. **Each 45c; 3 for \$1.25; doz. \$4.50.**

Mrs. P. Knutson, Wis.—Never before had such a profusion of beautiful long stemmed Sweet Peas as those grown from your seed last year. Everyone marveled at them.

FERN LEAVED SPIREA

ISLE DE FRANCE

Snowball Hydrangea

These beautiful hardy shrubs attain a height of 4 to 5 ft. with nearly the same diameter. They are very graceful with their large trusses or heads of beautifully formed flowers of dazzling whiteness, rendering it a plant of peerless beauty. It comes into bloom right after Lilacs and remains in flower until August, does fine in partially shaded locations. It has been planted in all parts of the country and proved very hardy. **Strong 2 yr. plants.** Each 60c; 3 for \$1.75.

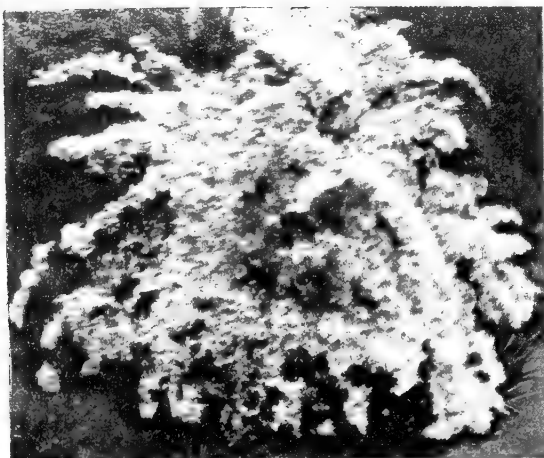

Hardy Forsythia

Ovata

This new hardy Forsythia will stand severe winters much better than our standard varieties. It is one of the first shrubs to bloom in the spring, the masses of bright yellow flowers appearing before the leaves. Plants grow 5 to 7 ft. tall—excellent for the border. Branches may be cut late in the winter, taken indoors and forced into bloom. **2 yr. field grown plants.** Each 45c; 3 for \$1.25.

Scarlet Flowering Quince

A very showy and beautiful shrub and one of the first to bloom, the flowers opening before the leaves are fully developed. Grows 4 to 5 ft. tall and a bush in full bloom is a shrub of rare beauty when completely covered with its dazzling scarlet flowers. **2 yr. field grown plants.** Each 45c; 3 for \$1.25; doz. \$4.25.

BEAUTY BUSH

Beauty Bush

There are few shrubs that can surpass this for beauty and profusion of flowers. It is absolutely hardy, grows to a height of 6 to 8 ft., and makes a wonderful showing when in full bloom. Its trumpet-shaped flowers are produced in such profusion that the branches droop gracefully like a Bridal Wreath. Be sure to plant one or more of these fine shrubs. **Strong 2 yr. field grown plants.** Each 60c; 3 for \$1.75.

Mrs. J. C. Soffe, Utah—The shrubs you sent me were very nice.

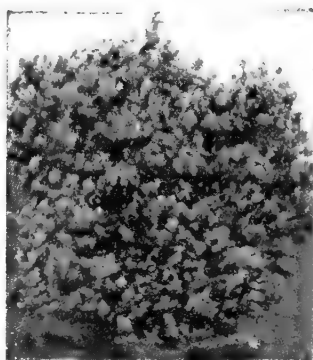

HARDY FLOWERING SHRUBS

All of our Shrubs are 2 and 3 yr. field grown plants and have been transplanted several times which gives them very heavy roots. There is a great difference between these and the 1 yr. rooted cuttings which are sometimes offered at low prices. Order your shrubs early, we will send them out at the proper time.

Send Your Orders Early. Plants will be sent out at proper time for planting.

New Butterfly Bush

ISLE DE FRANCE This wonderful new Butterfly Bush is a rare beauty with its brilliant, rosy-purple flowers, also delightfully fragrant. Grows a beautiful bush, 3 to 4 ft. tall, every branch bears a spike of flowers 9 to 12 inches long. Blooms from July until hard frosts. **Strong plants that will bloom this year.** Each 40c; 3 for \$1.10.

BUSH BITTERSWEET

New Lilac

CANADA GEM — A grand new lilac that is hardy as an oak and rivals the best French Hybrids for grace and beauty. It comes into bloom after our native varieties are through and remains in flower a long time. The flower heads are of immense size almost like Hydrangeas. We consider this one of the finest hardy shrubs you can have on your lawn. Will not spread like common lilacs. **Strong 2 yr. plants.** Each 65c; 3 for \$1.75.

Bush Bittersweet

A beautiful hardy shrub which will grow 6 to 8 ft. tall. In spring it is covered with a mass of bright yellow flowers, followed by brilliant rose colored berries (like bittersweet) which remain on the plants until mid-winter. Leaves color up beautifully in the fall. **Strong 2 yr. plants.** Each 40c; 3 for \$1.10.

CANADA GEM LILAC

Snow Garland Duetzia

A valuable and beautiful shrub which grows 3 to 4 ft. tall and may be used as a single shrub or planted in front of taller shrubs. Flowers are pure white and a bush in full bloom is a mound of glistening whiteness. **Each 45c; 3 for \$1.25; doz. \$4.50.**

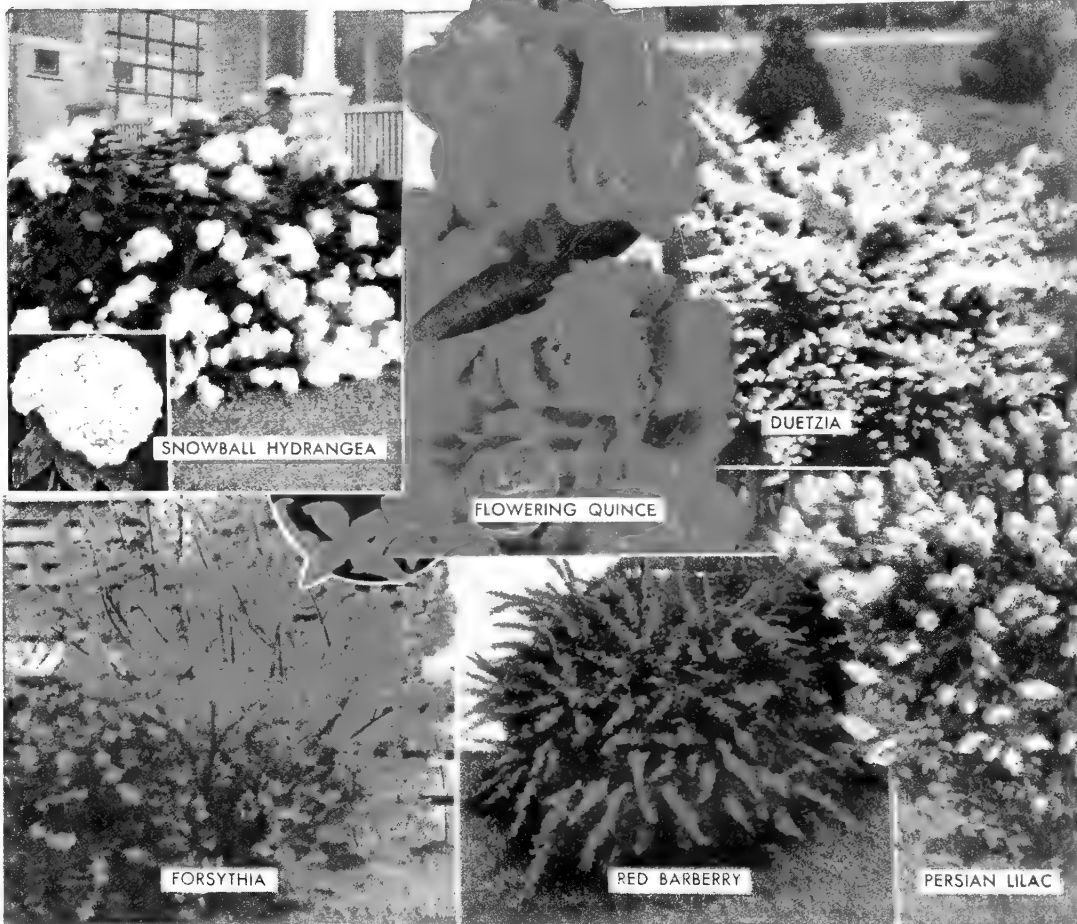

Red Leaved Barberry

A new shrub that is rapidly gaining popularity. It has all the good points of the green leaved Japanese Barberry, being hardy, free from disease and grows in all kinds of soils. Its glowing red leaves give a warm touch to the landscape planting especially when planted singly as specimen shrubs but in all cases should have full sunlight to bring out the best color. **Select 2 yr. plants.** Each 45c; 3 for \$1.25; doz. \$4.75.

Persian Lilac

One of our most popular and beautiful Lilacs. Bushes make a rapid, graceful growth and are excellent for use either as a shrub or for a hedge. Flower heads very large, beautifully formed, bright lilac color and very fragrant. A very profuse bloomer, very hardy. **Strong 2 yr. plants.** Each 35c; 3 for \$1.00; doz. \$3.25.

U. V. Blake, Texas—I am greatly pleased with your prompt service and the strong healthy plants you sent. One week after setting out the Forsythia was covered with buds and flowers.

Pan. Grandiflora Hydrangea

The Most Satisfactory Ornamental Shrub. Very Hardy. Easy to Grow. Sure to Bloom. Very Showy.

If you can have but one shrub let it be one of these Hydrangeas. You will never regret having planted it. These shrubs grow 4 to 6 ft. tall and each branch is tipped with one of the immense flowers. It is very hardy, enduring the severest winters. Easily transplanted and rarely fails to bloom the first year planted. The giant flowers appear in July, they open pure white, later changing to pink. **We offer only 2 yr. field grown plants of the true Giant Flowered type.** Each 55c; 3 for \$1.60; doz. \$6.00.

TAMARIX

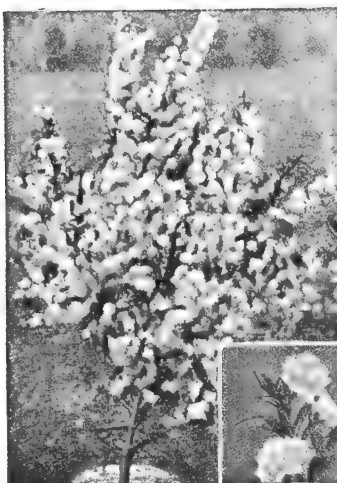

HYDRANGEA PAN. GRANDIFLORA

Tamarix

HISPIDA—This is the hardiest and best variety. Will grow 8 to 10 ft. tall but can be trimmed to a lower height if desired. Foliage is dense and feathery, silvery blue in color very much like silver spruce. Bright pink flowers are borne over a long period of time. Grows in sun or shade and in wet or dry places. **Strong 18-24 in. plants.** Each 45c; 3 for \$1.25.

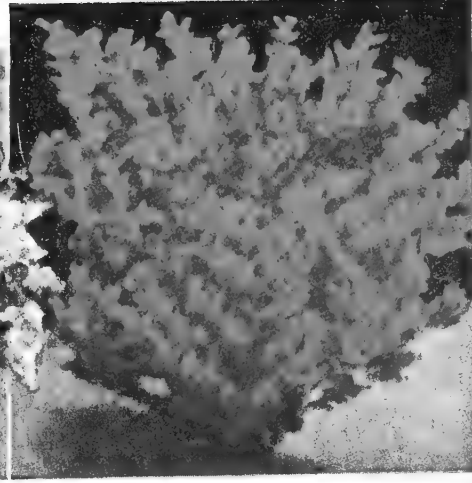

HOPA CRAB

CHINA ROSE TREE

FRENCH LILAC

RED LEAVED PLUM

BEAUTIFUL FLOWERING TREES

1—The Glorious "HOPA CRAB"

Probably the most beautiful of the flowering crabs and is very hardy. It develops into a medium sized graceful tree and is an ornament wherever planted. When in full bloom the trees are covered with the deep rose colored blossoms which remain for quite a few days. The fruit is also used for jelly. **Strong 3-4 ft. trees. Each 65c; 3 for \$1.75.**

2—CHINA ROSE TREE

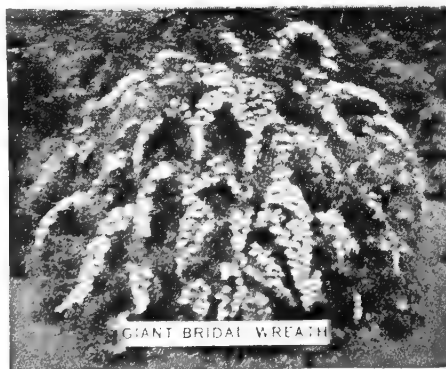

A very hardy, handsome ornamental tree that grows to a height of 6 to 8 ft., and is ideal for planting on a lawn as a specimen or in the rear of a shrub planting. It bears a wealth of double delicate pink flowers very much like roses. Comes into bloom very early even before the leaves appear. **Strong 2 to 3 ft. trees. Each 70c; 3 for \$2.00.**

PHILADELPHUS SNOWDRIFT

Giant Bridal Wreath

The finest of all Spireas. A splendid hardy, rapid growing shrub, 4 to 6 ft. tall when matured and even greater in diameter. It forms a large dome shaped bush which in blooming season is covered with long gracefully drooping garlands of snowy white flowers which are delightfully fragrant. A very hardy attractive shrub that is sure to please. **Select 2 yr. plants. Each 45c; 3 for \$1.25.**

Hardy Wiegela

ROSALIE This is one of the hardiest and most profuse bloomers; here in our nurseries it has withstood 20 below zero. In June the bushes are completely covered with deep rose pink flowers and often flowers again late in the summer. It grows 6 to 8 ft. tall, will thrive in partial shade or full sun and may be planted singly or with other shrubs. You will never regret planting this grand new Wiegela. **Strong select plants. Each 45c; 3 for \$1.25.**

DOGWOOD

Cornus or Dogwood

These are especially valuable for the brilliancy of the bark and berries. The beautiful coloring of the bark is especially attractive during the winter. The berries are a great attraction for birds. They are very hardy, rapid growers and succeed in sun or shade.

RED BRANCHED The stems and twigs are deep blood red. Grows 6 to 8 ft. tall, with clusters of fine white flowers succeeded by a fall crop of ornamental berries.

YELLOW BRANCHED Very similar to the above except that the branches are bright yellow.

Price of above: Strong 2 yr. 18-24 in. plants. Each 40c; 3 for 1.00. State color wanted.

HARDY WIEGELA

3—FRENCH LILAC

The French Lilacs have larger clusters and are even more fragrant than the common varieties. They make strong sturdy bushes and may be grown in tree form by pruning. You will be delighted with the immense trusses of lilac blue flowers of this fine Lilac. **Extra strong plants. Each 60c; 3 for \$1.75.**

4—RED LEAVED PLUM

This may be classed as one of the best red leaved shrubs, especially fine for planting among other shrubs as the deep red foliage shows up in contrast. If kept cut back new shoots will form on which the foliage is always the brightest, is very hardy and will grow 6 to 8 ft. tall. **Strong 2-3 ft. plants. Each 70c; 3 for \$2.00.**

5—MAY DAY TREE

A flowering tree of superb beauty useful for either the lawn or boulevard as it will grow to a good size, 20-25 ft., and is perfectly hardy. Early in the spring the profusion of fragrant white flowers makes the trees a massive bouquet of loveliness. One of the first trees to leaf out in the spring. **Select 2-3 ft. trees. Each 65c.**

MAY DAY TREE

Philadelphus Virginalis

This may be classed as one of our most beautiful hardy shrubs; if you can have but one shrub let it be one of these. Grows to a height of 4 to 5 ft., they come into full bloom in June and when in full flower resemble a huge bouquet being completely covered with clusters of large, double, pure white, sweet scented flowers and remain in flower for 3 to 4 weeks. **Extra strong 2-yr. plants. Each 50c; 3 for \$1.45.**

Philadelphus "Snowdrift"

We rate this as one of our most desirable shrubs as it is very hardy and blooms so profusely that the bushes look like a snowdrift. It grows a very shapely bush, 4 to 5 ft. tall and in June the bushes are completely covered with the white sweet scented flowers, very much like orange blossoms. A very fine shrub for planting singly, mixing with plantings or as a hedge. **Strong 2 yr. field grown plants. Each 45c; 3 for \$1.25; 12 for \$4.50.**

GOLDEN MOCK ORANGE

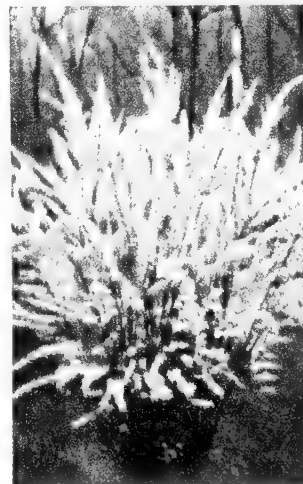

Golden Leaved Mock Orange

One of the Best Golden Leaved Shrubs. It not only has golden foliage but also produces a wealth of handsome, fragrant orange-like flowers in May and June. Well suited for planting singly, in groups, or for planting among other shrubs as the golden foliage adds life and charm to the planting. Makes a beautiful bush, perfectly hardy, and grows to a height of 4 to 5 ft. **Each 60c; 3 for \$1.75.**

White Glory Spirea

A Jewel Among Shrubs

The grace and beauty of this fine shrub are hard to show in a picture. The handsome dark green foliage is fine and feathery and makes a beautiful shrub even when not in bloom. Bushes are a mound of snowy whiteness when in full bloom. Grows 3 to 4 ft. tall. **Strong bushy plants. Each 45c; 3 for \$1.25.**

WHITE GLORY SPIREA

Mrs. J. T. Graham, Ill.—My order arrived in good condition, am well pleased with all the plants.

J. E. Powers, Wis. — Received my shrubs from you in fine condition and decided to order more.

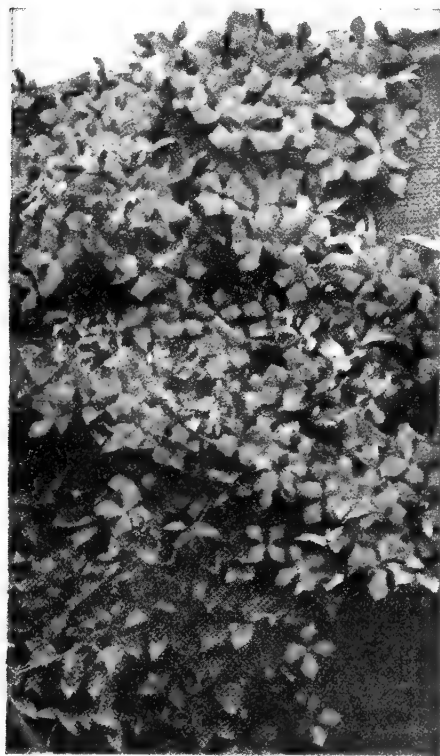

"Skyrocket" Rose

A new Rugosa Rose hardy as an oak and a most profuse bloomer. Unusually beautiful when in bud as these are long and pointed, later they open into beautiful single and semi-double flowers which completely cover the bush. You will be delighted with this fine rose. **Select Plants: Each 90c; 3 for \$2.50.**

Giant Red Berried Viburnum

AMERICANUM One of our hardy useful and beautiful shrubs, growing to a height of 5 to 6 ft. They have a handsome brilliant green foliage which forms a rich setting for large broad heads of white flowers in June which are later followed by great clusters of crimson berries that remain on the bushes until late winter. **Extra strong 3-yr. plants. Each 45c; 3 for \$1.25; doz. \$4.25.**

CLEMATIS

BLUE LEAF ARCTIC WILLOW

Blue Leaf Arctic Willow

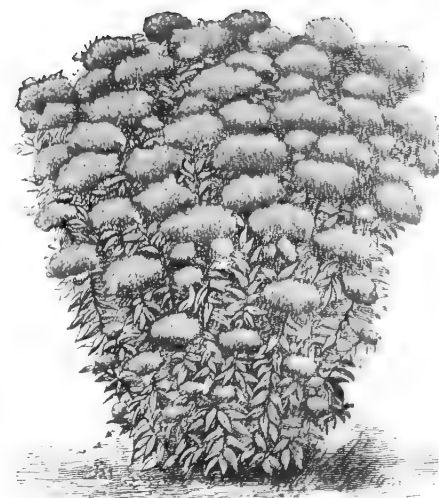

Very desirable for a dwarf, dense, compact hedge. Foliage is an unusual blue or gray-green color somewhat like a blue spruce. It is hardy in all parts of the U. S. and thrives in either wet or dry locations, grows rapidly into a beautiful dense hedge up to 4 ft. high and can also be used for mixing with other shrubs. Plant 18 to 24 in. apart. **2 yr. field grown plants. Each 35c; 3 for \$1.00; 12 for \$2.75.**

VIBURNUM

ROSY PLUME SPIREA

SPIREA A. W.

Anthony Waterer Spirea

The Best Everblooming Red Shrub

A popular and handsome shrub forming round bushes 2 1/2 to 3 ft. in height and width, widely used for borders or planting in front of tall shrubs. Produces wide heads or clusters of rosy-red flowers and if flowers are picked off it will continue in bloom from early summer until late fall. **2 yr. plants. Each 45c; 3 for \$1.25; 12 for \$4.50.**

Rosy Plume Spirea

A beautiful hardy shrub, grows 4 to 5 ft. tall and blooms very profusely. The tip of each branch bears a plume of rosy pink flowers. The flowers are also fine for cutting. A very useful shrub for planting singly, in groups with other shrubs or also as a hedge. **Strong 2-yr. plants. Each 45c; 3 for \$1.25; 12 for \$4.50.**

NOTICE Owing to the extra expense of filling and packing plants and shrubs we cannot accept orders for these items unless they amount to \$1.00 or more. With every order we include free a booklet of instructions on how to plant and care for Bulbs, Plants, and Shrubs.

ENGELMAN'S IVY

HARDY CLIMBERS

Clematis-Jackmanni

One of our most popular and beautiful climbers. Flowers when fully open are 4 to 5 inches in diameter, deep violet purple with rich velvety appearance. When in full bloom the entire plant is a mass of solid color; they remain in flower over a long period. **Strong 2-yr. field grown plants. Each 85c; 3 for \$2.45.**

Wisteria

HARDY PURPLE A rapid growing vine unsurpassed for beauty, excellent for pergolas, porches or trellises as it has a tightly clinging habit. It is very hardy and lives to a great age. They are especially ornamental in the early summer when the vines are covered with the large drooping blossoms. **Strong 2-yr. old plants. Each 50c; 3 for \$1.40.**

Silver Lace Vine

This is the newest and most fascinating hardy vine and has proved highly satisfactory wherever it was planted. Perfectly hardy, very fast growing

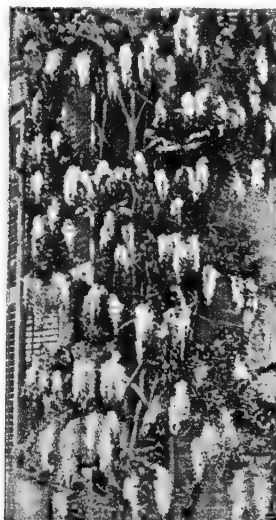

and will cover a lattice, trellis, arbor or porch and provide both shade and beauty with its wealth of fine blossoms. It is provided with fine plentiful foliage and during August and September the vines are a fleecy cloud of bloom of white color. **Select 2-yr. plants. Each 45c; 3 for \$1.25.**

Engelmann's Ivy

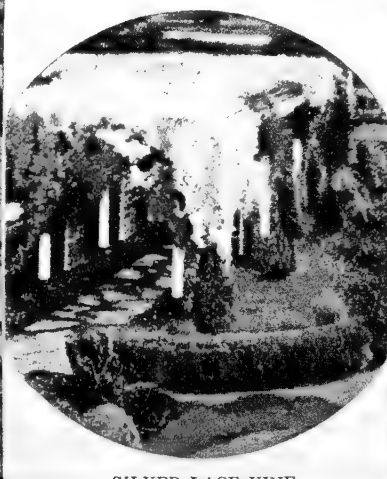

A very desirable variety as it is much hardier than Boston Ivy withstanding heat and severe cold much better. It is a type of Ivy which has been long wanted as it has shorter joints and handsome foliage and is well supplied with tendrils that cling to the wall very tight. **Each 35c; 3 for \$1.00; 12 for \$3.50.**

Trumpet Vine

A vigorous growing, hardy vine, well supplied with heavy fern-like foliage and remains in bloom all summer. The large trumpet-shaped flowers of orange scarlet are borne in clusters at the tips of the branches and bend the branches gently with their weight. **Strong plants. Each 45c; 3 for \$1.25.**

OUR BEST HARDY CLIMBER

Scarlet Beauty Honeysuckle

**Very Hardy. Blooms from June to October.
Will Bloom Same Year Planted.
No Insects or Disease.**

We consider this to be one of our very best hardy climbers, also never bothered by insects or disease. Early in June the large fragrant flowers cover the vines and are then produced until late in the fall. If you wish a hardy and beautiful vine that will not disappoint you let it be Scarlet Beauty. **Select plants that will bloom this year. Each 60c; 3 for \$1.65.**

GAS PLANT

Dictamnus or Gas Plant

A very showy hardy plant that well deserves a place in every flower garden. It grows to a height of about 2½ ft. and is well supplied with attractive fragrant foliage. During June and July the showy spikes of heavily scented flowers are borne in great profusion. Should be planted in heavy soil and a sunny position. We can supply either pink or white, mention color wanted on order. **Select field grown plants. Each 45c; 3 for \$1.10.**

Monarda

Crimson Beauty

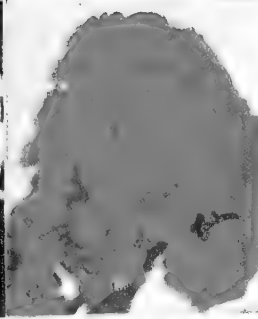

This hardy and showy perennial deserves wide popularity. The plants grow 2 to 3 ft. tall and succeed in almost any soil but show up best in a sunny location. Well suited for planting among shrubs or in borders. The brilliant showy flowers are produced from June until August. Both flowers and foliage are very fragrant. **Select field grown plants. Each 40c; 3 for \$1.00.**

BORDER QUEEN

MRS. JENKINS

FIREBRAND

HARDY PHLOX

These may be classed as one of our best summer flowering perennials. They are very hardy, easy to grow and suitable for a wide variety of soils. All of our plants are strong field grown and not small rooted cuttings.

BORDER QUEEN—The best pure deep pink. Flower heads of mammoth size and a profuse bloomer. The best pink.

DAILY SKETCH—Immense flowers of light salmon pink with carmine eyes. No other hardy phlox produces florets so large.

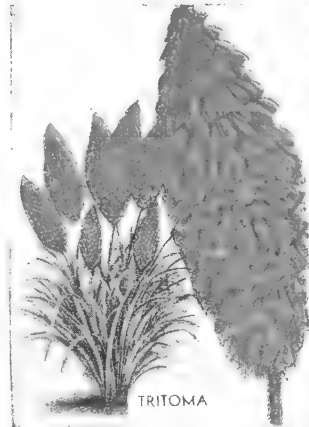

FIREBRAND—Bright vivid scarlet, large and showy. One of the best.

MRS. JENKINS—A favorite variety as it is pure white and blooms for a long period.

Any of the above: 35c each; 3 for \$1.00; doz. \$3.50. Mixed colors: 3 for 85c; doz. \$3.00.

MONARDA

TRITOMA

We pay postage on all items on this page. Remember this when comparing prices.

LYTHRUM

Tritoma

PFITZERI or RED HOT POKER—Strikingly handsome and showy plants surpassing all others in brilliancy of color which is a rich orange scarlet. They grow 2½ to 3 ft. tall and bloom from August to October. A fine plant for beds or borders and also well suited for cutting or bouquets as they last a week to ten days after cutting. **Extra strong plants. 3 for 60c; 6 for \$1.10; doz. \$2.00; 100 for \$12.00.**

Hydrangea Pan. Grandiflora

This grand shrub deserves a place around any home. It is very hardy, usually blooms the first year and comes in the summer when few other shrubs are in bloom. **Select 2 yr. plants. Each 60c; 3 for \$1.75.**

Clara Barkow, Wis.—Received my shrubs and plants in good condition, many thanks for the Premiums

GIANT MIXED PEONIES

JUNG'S SELECT PEONIES

Peonies are the first large flowers to come into flower in the spring and rival Roses for beauty and popularity. They produce their large beautiful flowers in great masses, are very hardy and are not bothered by insects. For best results they should be planted early in the spring or early fall. The plants we offer are strong divisions and should not be compared with light plants that are often offered at low prices. Planting instructions are sent with all plants.

1—EDULIS SUPERBA Comes into flower early, often open for Decoration Day. Very large, deep rose-pink flowers that are unusually fine for cutting. Grows sturdy and blooms profusely. **Each 60c; 3 for \$1.50.**

2—FESTIVA MAXIMA—This fine Peony combines enormous size with wondrous beauty. Color pure white with trace of carmine specks on center petals. The most popular white variety, comes into flower very early. **Each 65c; 3 for \$1.75.**

3—KARL ROSENFELD—Large flowers of semi-rose type, almost a perfect globe when fully open; deep velvety red in color and borne on long straight stems. The plant grows strong and tall and each stem bears one of the brilliant flowers. An ideal variety for either landscape planting or cut flowers. **Each 65c; 3 for \$1.80.**

4—MONS. JULES ELIE—An exquisitely beautiful Peony. Giant sized flowers that are flesh pink shading deeper pink towards the center. One of our largest and most beautiful varieties resembling a giant pink chrysanthemum. **Each 65c; 3 for \$1.80.**

5—THERESA—One of the highest rated Peonies and considered the world's best pink. Flowers of enormous size, rich satiny pink, rose type, with a delightful fragrance. Equally fine for landscape or show, a regal beauty sure to please. **Each 75c; 3 for \$2.10.**

SPECIAL PEONY OFFER

One strong plant of each of these 5 Superb Peonies for only \$2.95.

Iris and Peonies can be planted in the fall also. We can fill orders from August to November.

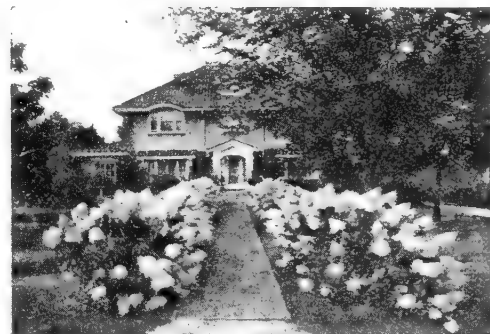

Water Lily Peony "Marie Jacquin"

The rare beauty of this grand Peony rivals the finest water lilies. Flowers are of large size, semi-double and a rich ivory white color. Blooms very much resemble the finest water lilies in appearance. **Each 65c; 3 for \$1.75.**

Giant Mixed Peonies

For people who wish a nice collection of Peonies at a reasonable price our mixture will please. The colors are well balanced and the plants are all strong select divisions. At our low prices you can afford to plant them liberally. **3 for \$1.25; 6 for \$2.25; 12 for \$4.00.**

Wm. T. McCallum, Mich.—Just a word to let you know the complete satisfaction we had from the shrubbery received last year.

HYDRANGEA P. G.

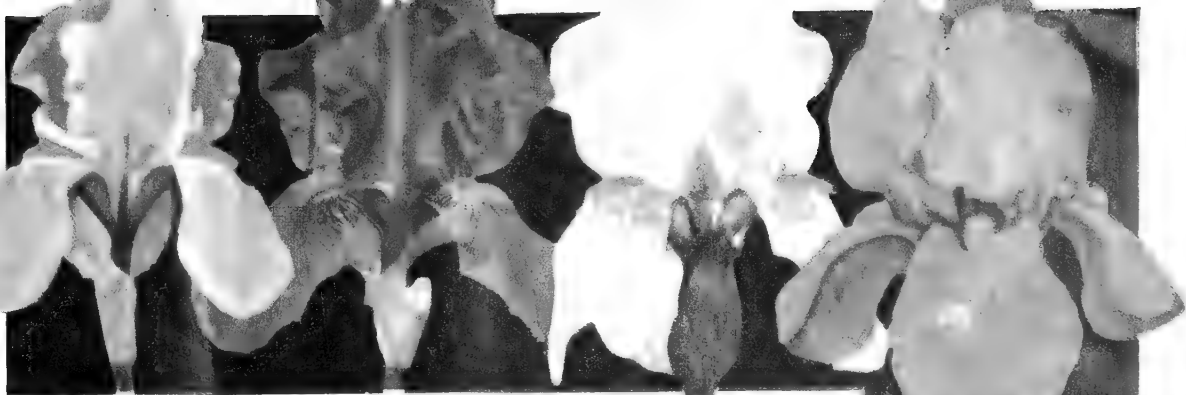

EDULIS SUPERBA

FESTIVA MAXIMA

KARL ROSENFELD

Your *Iristocrats* which I planted last year are beautiful beyond my fondest expectations. — Lillian W. Seyfert, Idaho.

BLENDING BEAUTY

VIOLET BEAUTY

SNOW KING

THE IRIS "IRISTOCRATS"

Anyone wishing to have a collection of new and beautiful Iris that are outstanding for size and beauty will find it in this grand collection.

BLENDING BEAUTY A grand new Iris being a wonderful blend of bronze, gold and red. Strong tall grower with often as many as seven giant flowers open at one time.

ELKHART Deep chestnut red with mahogany red falls. Large flowers and rich colors. Really superb.

GOLDEN MAJESTY One of the very best yellow Iris. Flowers are very large, deep yellow and of thick substance. Grows a vigorous plant and is a profuse bloomer. Each 60c; 3 for \$1.50.

JEAN CAYEUX A Dykes Medal Winner and one of the most distinct and beautiful Iris. A marvelous blending of buff and Havana brown.

MIDNITE Very large deep purple, almost black, color intensified by dark blue beard.

MARQUITA Immense flowers, brilliant ivory yellow falls have bright ruby lines from apex to base. A true aristocrat.

MICHELANGELO A new color in Iris best described as dove-gray. Flowers very large and showy.

LAVENDER RUFFLES Large heavily ruffled flowers, both falls and standards are a beautiful blend of lavender and orchid.

ROSE QUEEN—Probably our most satisfactory Iris as it is very hardy and also a profuse bloomer. Flowers are very large, light rose-pink in color and of heavy substance, 3 to 4 flowers on stems 24 to 30 inches tall.

E. B. WILLIAMSON (The Best Red Iris)

A Gold Medal Winner and considered one of the best in its color class. A glowing coppery red with falls deeper in color than standards. Large flowers of silky texture borne on 2 to 3 ft. stems. A truly grand showy Iris. Each 60c; 3 for \$1.50.

ORDER YOUR IRIS NOW

Note—Iris do best when planted during Aug. or Sept. Orders for plants may be placed now and plants will be sent in August.

12 NEW GIANT FLOWERED IRIS

Wonderful improvements have been made in Iris in recent years. The varieties listed below will give you a truly grand collection of the newer varieties. Only a few years ago many of these sold for \$5.00 to \$10.00 each.

1—BLACK WINGS Intense deep blue, almost black. Giant flowers, very fragrant, a real beauty.

2—CLARA NOYES A fine blend of apricot, orange and peach. Something new and beautiful.

3—DORE—A new and beautiful color combination, standards light yellow, falls pure white.

4—EROS A new color in Iris, being a solid salmon pink throughout. Large, lovely flowers.

TREASURE ISLAND

5—FRIEDA MOHR—A deep lilac and pink of giant size flowers, 6 to 7 in. across. The most fragrant of all Iris.

6—GRACE STURTEVANT — Strikingly showy, standard rich maroon, falls deep velvety red. Strong grower, large flowers.

7—GIANT WHITE—An excellent clear snow white. Immense flowers of good substance. Very free bloomer.

8—HEAVENLY BLUE—Gigantic flowers of solid delphinium blue. An iris of beauty and charm.

9—KING JUBA—A robust grower and prodigious bloomer. Large flowers, standard yellow, falls garnet red.

10—PINK SATIN—A large lovely pink with delightful ruffling. Orange beard gives added charm.

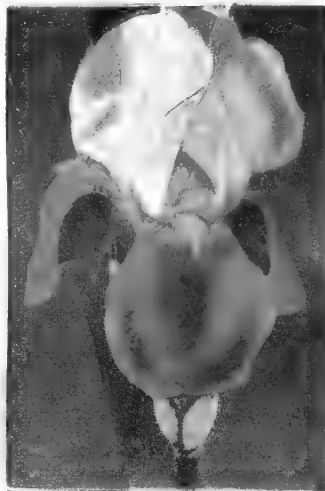

11—RED RADIANCE—A tall grower and one of the better "reds." You will like it. Each 35c; 3 for \$1.00.

12—TREASURE ISLAND One of the very best new deep yellow Iris. Flowers very large, standards beautifully frilled and ruffled. Each 35c; 3 for \$1.00.

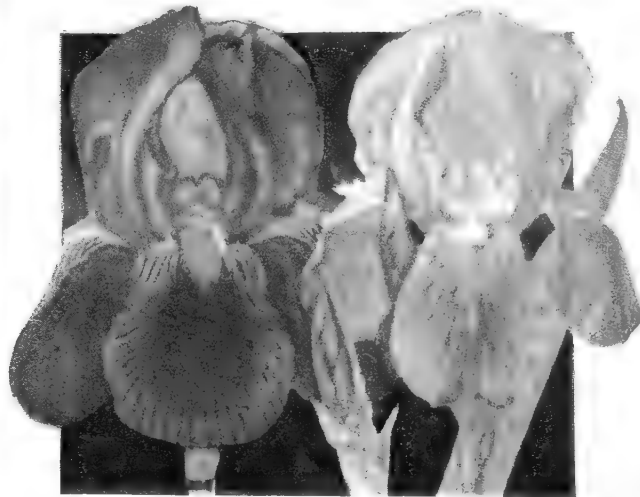

PRICE OF ABOVE IRIS—Except where noted: Each 30c; 3 for 75c; 6 for \$1.35.

Special Iris Offer No. 1

One select plant of each of the above 12 Grand New Iris for only \$2.50. The greatest bargain ever made.

E. B. WILLIAMSON

BLACK MAGIC

OCTOBER BLAZE

EVERBLOOMING IRIS

These fine Iris bloom not only in the spring but usually flower again in the fall.

BLACK MAGIC The most profuse fall bloomer. Deep blue violet with a rich velvety lustre.

FROST QUEEN—Free bloomer, large flowers of pure frosty white.

JEAN SIRET The best ever-blooming yellow. Medium height, plants are a mass of color when in bloom.

OCTOBER BLAZE—One of the most attractive fall bloomers. Large flowers of reddish purple.

Price of above Iris: Each 30c; 1 select plant of each for \$1.00.

BLACK WINGS

HEAVENLY BLUE

RED RADIANCE

BUFFAWN

WHITE SUPREME

WABASH

SIX SUPREME IRIS

On our farms we are constantly adding the newer Iris as they become available. The varieties listed below are all really superb in every way and are all "topnotchers."

BUFFAWN—An Iris of unusual coloring being a soft pinkish buff with brilliant tangerine beard. Very attractive and a profuse bloomer.

LIGHTHOUSE—A bright rose blend with glowing lighter center. Very hardy and will add life and snap to any Iris planting.

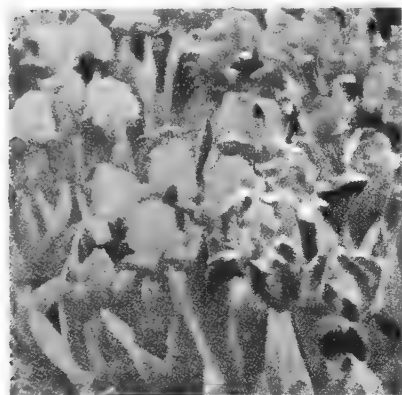

PIUTE—One of the most popular of all red Iris and sure to attract attention wherever grown. Flowers are very bright bronzy maroon red.

TIFFANY One of the best "plicas." Large gracefully frilled flowers of rich yellow blended with pink and violet. A strong grower and abundant bloomer.

WABASH A prize winning Iris of regal beauty. Giant flowers of glistening white standards with bright purple falls margined with white. The large flowers are borne on well branched stalks 3 ft. tall.

WHITE SUPREME—A superb pure white Iris that combines hardiness, beauty and profusion of flowers. The large glistening white flowers are borne on stems 3 ft. tall are well formed and of heavy substance.

PRICE OF ABOVE IRIS—Each 50c; 3 for \$1.25; 6 for \$2.40.

GIANT FANCY IRIS

DWARF IRIS—See Page 32.

Theodore Leistner, Mo.—The shipment of Iris plants were the finest plants I have ever received.

SPECIAL IRIS OFFER No. 3

One select plant of each of the above six Supreme Iris for \$2.25.

CONQUEST RUFFLED BEAUTY SHIRLEY TEMPLE BLUE ADMIRAL FL. METEOR

12 SUPERB NEW GLADIOLI

If you want a real surprise for yourself and friends, plant some of these splendid new "glads" listed below. They will produce flowers that for size and rare beauty are unexcelled.

BEACON Clear light rose scarlet with large orange throat. Strong grower, immense flowers.

BLUE ADMIRAL One of the best deep violet-blues. Large flowers borne on strong straight spikes. Highly recommended.

CHARMAINE A new shade of clear rich medium rose, 5 to 6 flowers open at one time with as many more buds showing color. Large flowers well placed on sturdy stalks, comes into flower early.

CONQUEST Dainty and beautiful, light salmon pink with cream throat. Large ruffled flowers.

DREAM OF BEAUTY Strong grower, bright and showy. Color like American Beauty Rose.

FLAMING METEOR Giant flame red, flowers borne on spikes 4 to 5 ft. tall, simply a gorgeous "red."

KING ARTHUR A grand deep rose-lavender. Flowers of giant size, heavy substance and heavily ruffled.

MILFORD—A lovely clear light blue. Flowers very large, well placed on strong sturdy spikes.

PICARDY The "Regal Beauty" Giant shrimp-pink, still ranks as the most popular gladioli.

RUFFLED BEAUTY Very large, heavily ruffled, soft canary yellow. Vigorous growers, tall straight spike.

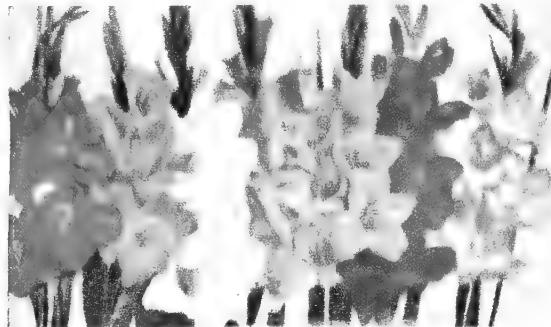

SHIRLEY TEMPLE As charming and beautiful as the lovely actress after whom it was named. Immense ruffled creamy white flowers. Strong vigorous grower.

VAGABOND PRINCE—One of our richest colored "glads," being a bronze red. A strong grower, straight spiked and 8 to 10 flowers open at once.

Price of above Gladioli: 3 for 40c; 12 for \$1.35

Gladioli Collection No. 3

One large select bulb of these 12 fine new Gladioli for \$1.40; 5 of each for \$6.75.

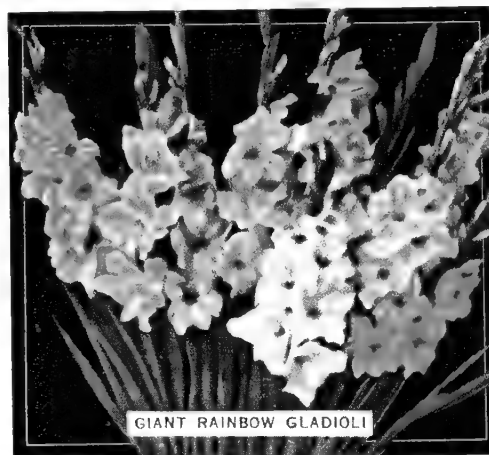

JUNG'S RUFFLED GIANT GLADIOLI

JUNG'S RUFFLED GIANT GLADIOLI

Immense Ruffled Flowers. Giant Tall Spikes of Flowers. Gorgeous Colors. Easy to Grow. Sure to Bloom.

These bulbs are put out for people who want the very best of the new giant flowered "glads." Only the newer varieties are used and each package is put up separately so if you order six or a dozen bulbs no two will be alike. If you wish to surprise your friends with gladioli that are giant in size and the most rare and beautiful colors plant some of these bulbs. Many of them will grow 4 to 5 ft. tall and produce flowers 4 to 5 in. across. **Large Select Bulbs.** 6 for 50c; 12 for 95c; 50 for \$3.50, postpaid.

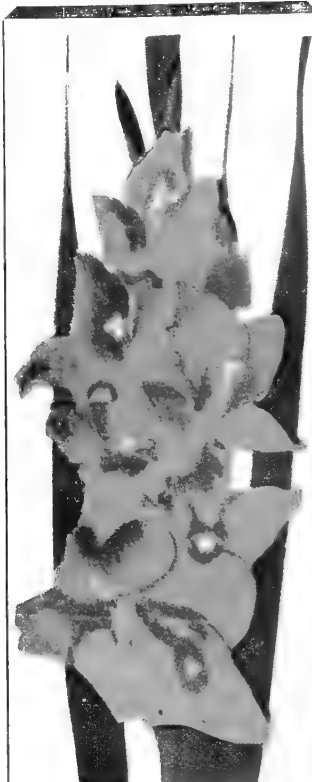

GIANT RAINBOW GLADIOLI

GIANT RAINBOW GLADIOLI

Easy to Grow. Sure to Bloom. Giant Flowers.

We grow these grand flowers by the acre and want all of our customers to share their beauty. You will be delighted with the size, beauty and gorgeous color of the flowers. Many of them will grow 4 to 5 in. across with 6 to 8 flowers open at one time. If cut when first flowers open will last for 10 days. In this mixture you get a grand assortment at a very reasonable price. **6 for 40c; 12 for 75c; 50 for \$2.65.**

Jung's Giant Red Gladioli

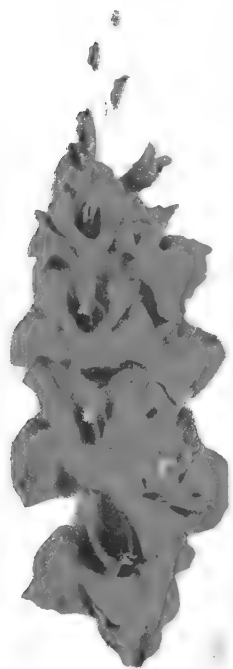

There are so many beautiful Gladioli that it is hard to pick a single variety as being the best. However, the red ones seem to be the most popular and if you wish something out of the ordinary order some of these bulbs, they will produce flowers of giant size and beauty in many shades of "red." **Large Select Bulbs:** 6 for 65c; 12 for \$1.25.

Mrs. A. Foster, Ohio: The Glad bulbs you sent me last year were just too beautiful.

Blue & Purple Gladioli

There is always a great demand for gladioli in blue and purple shades. To meet this demand we grew a nice lot of these colors the past year and are able to supply a very fine selection of these popular colors. **Select bulbs:** 6 for 65c; doz. \$1.25; Order early as our supply is limited.

STOP LIGHT

CASA BLANCA

GIANT EXHIBITION GLADIOLI

Here are some of the newest Gladioli originations that will thrill and delight you with their exotic beauty and charm.

AMULET—Beautiful heavily ruffled flowers of clear medium buff. Flowers well placed on medium length stiff straight stems, you will like Amulet.

BLUE BEAUTY—Considered one of the best blue gladioli. Large flowers of medium blue shading deeper towards the edges. Tall strong grower, makes a grand spike.

CASABLANCA A truly grand white "glad" that produces a tall straight spike with 6 to 8 flowers open at once. The glistening white flowers are of large size, slightly ruffled and well placed on the stalks.

OREGON GOLD The outstanding clear yellow "glad." Tall straight spikes often 4 to 5 ft. tall with as many as 10 beautiful flowers open at a time. A "must have" for all "glad" fans.

QUEEN ELIZABETH—Beautiful clear lavender with darker lines in the throat. The large flowers are heavily ruffled and open 7 to 8 flowers at a time, well placed on stiff straight spikes. A lavender in a class by itself.

STOPLIGHT—This new red "glad" we consider "tops." Large solid bright red flowers are produced on spikes 4 to 5 ft. tall and often 6 to 8 flowers open at the same time. Flowers are heavily ruffled and a bouquet of these is a sight to behold.

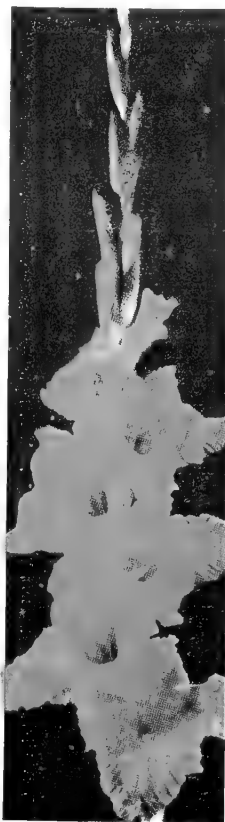

Price of above: Each 30c; 3 for 65c; 12 for \$2.00.

GLADIOLI COLLECTION NO. 2

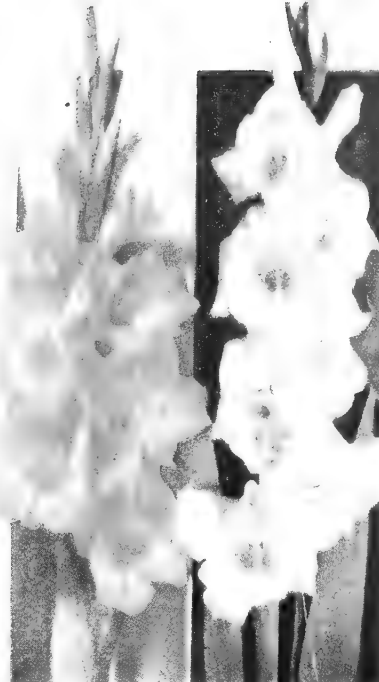

One large select bulb of each of the above six Giant Exhibition Gladioli for \$1.25; 5 of each for \$5.00.

QUEEN ELIZABETH

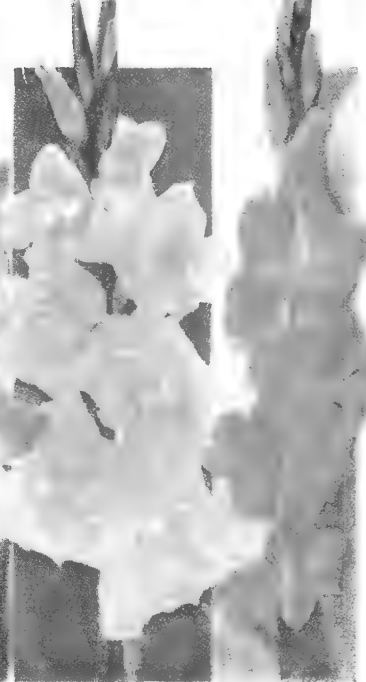

OREGON GOLD

VISTA BONITA

SNOW PRINCESS

KING LEAR

JUNG'S SELECT GLADIOLI

It's Easy to Grow Fine "Glads"

There is no bulb of such easy culture, embracing the great range of color with endless combinations and variety, to equal the Gladioli. Our bulbs are of the finest quality and will give bountiful satisfaction the first season. The bloom is continuous from the end of July until frost. Culture instructions will be sent with each order.

"Prizewinners" (See Cut Above)

The grand new Gladioli listed below are some of the very best of the new introductions and for size, beauty and color are really superb. If you wish something extra fine you will order this collection.

BARCAROLE Gorgeous large heavily ruffled flowers of rich, clear orange. A superb beauty.

BLACK OPAL Large black-red flowers produced on long spikes. Sure to attract attention.

CHAMONY—Large flowers of a live snappy rose pink color. The most beautiful deep pink.

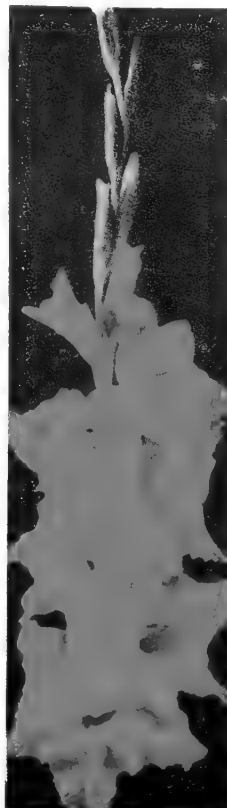

HARVEST MOON—Tall grower, straight spikes and 15 to 20 buds on a spike. The largest good yellow.

The Wonder "Glads"

ALADDIN—Bright salmon with large cream throat, immense beautifully ruffled flowers, simply gorgeous.

CORONA Creamy white with wide rose edge on all petals. Very distinctive and beautiful. Tall strong grower.

ETHEL CAVE COLE—A strong husky grower, strong spikes with 6 to 8 flowers open. Large showy flowers, rich pink color, one of the better "pinks."

RED FIRE

MARGARET BEATON—Heavily ruffled snow-white with small scarlet blotch in throat. One of the best "glads" to be had.

PINK RADIANCE An outstanding rose-pink that consistently grows a strong tall spike with many truly beautiful flowers.

PURPLE BEAUTY—Very large clear deep purple; you will be delighted with its size and beauty.

RED FIRE—Mammoth flowers of solid bright red that are sure to please with their showiness. Tall straight spikes, profuse bloomer.

ROSA VAN LIMA—One of the better "pinks," a bright snappy color. As many as 8 large flowers on a spike open at a time.

Price of above: Each 25c; 3 for 60c; 12 for \$1.75.

GLADIOLI OFFER No. 5—One select bulb of each of the above for \$1.50.

MARGARET BEATON

How to Grow "Glads"

Full instructions on treating gladioli bulbs and fighting thrips are sent free with all orders for bulbs.

Mrs. Kenneth Sovereign, Calif.—We were more than satisfied with your seeds and found them to be of hardiest stock, the Glads were especially beautiful and excell your descriptions.

INSPIRATION A rare beauty, deep shrimp pink, heavily ruffled and fluted. A new type sure to please.

IRAK—Something new and different. Large flowers of rich grey color produced on long sturdy spikes.

KING LEAR One of the best purple "glads." Large ruffled flowers, very rich and velvety.

LAVENDER RUFFLES A rare combination of grace, beauty and charm. Clear live lavender-pink rivaling orchids for beauty.

RED GIANT Immense deep scarlet red flowers produced on long straight spikes. A sure winner.

SNOW PRINCESS One of the best whites. Very large ivory-white flowers well placed on long straight spikes.

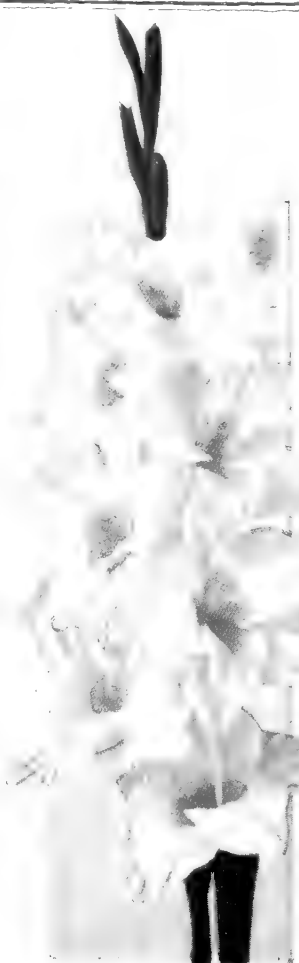

TAKINA An unusual color being Rosaline purple or deep old rose. The truly giant flowers are borne on sturdy tall straight stalks.

VISTA BONITA Huge blooms of a clear deep rose-pink color. You will be delighted with this one.

Price of above select bulbs: 3 for 45c; 12 for \$1.70; 100 for \$9.00.

Special Gladioli Collection No. 1

One select bulb of each of the above 12 grand new Gladioli for \$1.65; 5 of each for \$7.50.

SENSATION

SENSATION "The Wonder Glad" Bright soft rose, 6 to 9 massive heavily ruffled flowers on a spike, often grows 5 to 6 ft. tall, truly a wonderful "glad." Each 30c; 3 for 80c.

EVERBLOOMING WONDER LILY

RED RUSSIAN LILY

SUNSET LILY

Mrs. P. J. Powers,
Wis.—Am. very
much pleased with
the Rose bush or-
dered from you.

BEAUTIFUL HARDY LILIES

New Everblooming Wonder Lily

Easy to Grow. Sure to Bloom. Rivals
Easter Lilies for Beauty.

This marvelous new Lily has been a sensation the past season. It is a continual bloomer, sending up new spikes throughout the season. The stalks grow strong and very erect, 2 to 3 ft. tall and carry from 4 to 8 long, trumpet-shaped flowers. The flowers are very large, delightfully fragrant and look much like Easter Lilies except that the outside is slightly shaded with rose. You will never regret having planted some of these wonderful new Lilies. **The bulbs we offer are extra strong and will bloom this summer. Each 35c; 3 for \$1.00; doz. \$3.50. May also be grown from seed. Pkt. 10c; 3 pkts. 25c. Growing instructions on each packet.**

Red Russian Lily

You must see this wonderful Lily in bloom to realize how beautiful it is. The first year it will have from 4 to 10 flowers on a stalk, the second year as high as 25 flowers on a plant. The large flowers are orange-red in color and very showy. Grows 2 to 3 ft. tall, blossoms in June. One of the most easily grown lilies and is very hardy. **Each 30c; 3 for 85c; doz. \$3.25.**

Hardy Yellow Day Lily

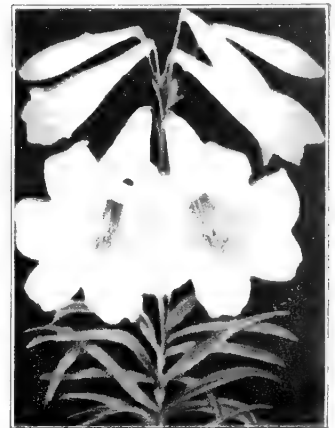

THE GEM—A perfectly hardy yellow Lily that needs no protection and will thrive in any good soil and will succeed in either sunny or shady locations. A clump of these fine lilies makes a fine show in any garden or border with their many tall stems of fragrant, wax-like, clear yellow blooms. Grows 2 to 3 ft. tall and produces 6 to 10 flowers on a stalk. **Each 25c; 3 for 70c; doz. \$2.50.**

Pardalinum Giant or Sunset Lily

One of our most hardy and easiest grown Lilies. Very vigorous and robust, growing to a height of 5 to 6 ft., and flowers profusely. The petals are a fiery red shading to a beautiful yellow inside and are dotted with dark brown spots. Does well in either full sun or partial shade. This Lily will add rare brilliance to your garden; its wonderful beauty must be seen to be appreciated. **Large blooming size bulbs: Each 30c; 3 for 85c; doz. \$3.25.**

The Beautiful Regal Lily

A magnificent new Lily that is sure to become popular as it is hardy, easy to grow and produces the most gorgeous blossoms. The flowers are of pure white inside, flushed with golden yellow in the throat and stained pink on the outside. Its perfume is exquisite and sweet, very much like Jasmine. It grows 2 to 3 ft. tall and increases in size and beauty from year to year. Blossoms in July. **We offer large, 3-yr. blooming bulbs which should not be confused with small sizes often offered at low prices. Each 25c; 3 for 65c; doz. \$2.50.**

REGAL LILY

SPECIAL LILY OFFER

One strong bulb of each of the
five fine Lilies on this page for
\$1.20; 3 for \$3.50.

Do not confuse our Lilies with
some that are offered at "bar-
gain" prices which usually are
small, inferior stock.

All of the Lilies we send out are
strong select bulbs which are sure
to bloom this summer.

HARDY RUGOSA ROSES

These roses are very hardy and can be grown in any part of the U. S. They were produced by crossing the hardy Rugosa Rose with some of the best double everblooming varieties. They have perfectly double flowers, bloom at frequent intervals throughout the season and are highly fragrant. They are absolutely hardy and are not susceptible to many diseases and insects that attack other roses.

BELLE POITEVIN—Grows a strong, vigorous bush and branches freely, every tip laden with large double flowers of a live, clear pink color. Buds are long and have an exquisite perfume. **Strong plants: Each 65c; 3 for \$1.80; 12 for \$7.00.**

HANSA—One of the finest of the hardy Rugosa Roses, growing a strong healthy bush that bears the large handsome flowers in great profusion. Flowers are large, very full and double and a rich maroon red in color. A bush of these roses is a grand sight when in bud or bloom. **Strong plants: Each 50c; 3 for \$1.40; 12 for \$5.25.**

HUGONIS OR GOLDEN ROSE OF CHINA

A wonderful new rose from China that is perfectly hardy and very showy even when not in blossom as the foliage is very fine or fernlike, deep green and very glossy. Very useful for planting with other shrubs or for show plants when planted singly. The bushes grow 4 to 5 ft. tall and when in full bloom are a mound of glistening gold, the branches drooping gracefully with a mass of blossoms. The long densely flowered branches may be cut for table bouquets without detriment to the bushes as the new growth produces the flowers. **Strong 2-yr. plants: Each 60c; 3 for \$1.65; doz. \$5.75.**

HARRISON'S YELLOW One of the hardiest yellow Roses. When in full bloom the plant is simply a mass of gold. Foliage is fern-like and very attractive. **Strong 2 yr. Plants: Each 90c.**

SIR THOMAS LIPTON A pure white Rugosa Rose, flowers are very double and borne in profusion throughout the season. A beautiful fragrant rose. **Strong 2-yr. plants: Each 65c; 3 for \$1.80; 12 for \$7.00.**

DWARF RAMBLER ROSE F. J. GROOTENDORST—A cross between Rugosa and Baby Rambler that blossoms profusely from early summer until fall. It forms a stocky bush, 2 to 3 ft. tall on which the blossoms are borne in clusters resembling bouquets of red carnations. Flowers are bright red and very fragrant. The finest rose for a hedge or massing with other shrubs as it is both hardy and everblooming. **Select plants: Each 75c; 3 for \$2.10; 12 for \$8.00.**

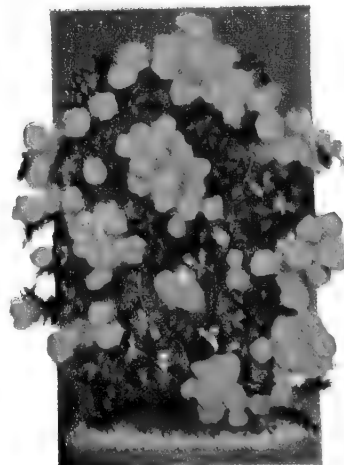

RED DOROTHY PERKINS

Climbing Rose "RED DOROTHY PERKINS"

A splendid new climbing rose remarkable for its brilliant fiery red flowers and the great masses of blossoms that are produced in clusters of 6 to 8 flowers each. The flowers are very double and much larger in size than the ordinary Rambler Roses. The vines are vigorous growers, leaves glossy and deep green and are practically immune from disease and insect attacks. **Select 2-yr. plants: Each 75c; 3 for \$2.10.**

PLEASE NOTICE:
When comparing prices please bear in mind that we sell only 2-yr. strong field grown Rose Bushes. We do not offer small 1-yr. grafts such as are often offered at low prices.

GROOTENDORST

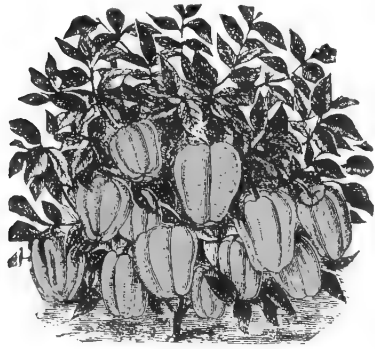

GOLDEN ROSE OF CHINA

SELECT PEPPERS

EARLY GIANT By far the largest early Pepper grown. The fruits will average as large as Ruby Giant but are ready to pick much sooner than that variety; the shape is very much like Chinese Giant. Plants grow rather dwarf and compact and are much more productive than most of the large fruited peppers, many plants bearing 12 of the immense peppers at one time. Its ripened fruit average 5 in. long by 3½ in. in diameter, of a deep glossy color turning to a bright crimson when matured. The flesh is thick, sweet and of a pleasant flavor. Probably one of the most profitable varieties to grow for market. Pkt. 8c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.60.

WORLD BEATER The very best extra large Pepper, being a cross of Chinese Giant and Ruby King, having the longer form and earliness of the latter with the size of the former. Fruits are of immense size, 4 to 5 in. long by 3½ to 4 in. in diameter; flesh is very thick and so mild and sweet that they sell readily on all markets. Exceedingly productive and a good shipper. Pkt. 7c; ½ oz. 25c; oz. 45c.

OSHKOSH

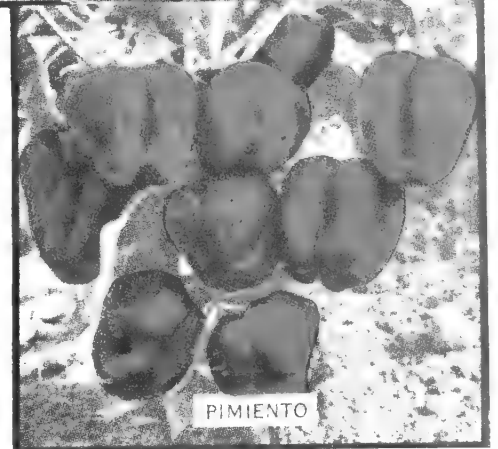

CALIFORNIA WONDER—A magnificent Pepper resembling Chinese Giant in its large size and "blocky" form of fruits, full grown peppers will measure 4½ in. in length and 4 in. in diameter. Flesh is unusually thick, very mild and sweet. A highly profitable variety for market gardens. Pkt. 8c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.75.

OSHKOSH The Best Yellow Pepper. A very distinct and desirable large fruited Pepper. The fruits are bright canary yellow at maturity but during growth they are a deep glossy green making an attractive sort to market as "green peppers." The flavor is mild and exceptionally sweet. Fruits average 4½ in. in length by 3½

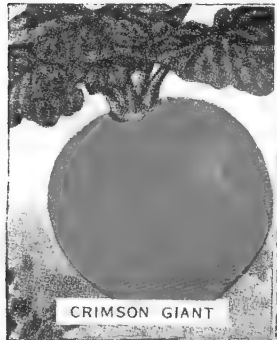

in. in diameter, broad at base and taper slightly to a blunt point. Plants grow compact and are very productive. Pkt. 10c; ½ oz. 30c; oz. 50c.

PIMIENTO—This variety grows peppers that are of large size and is largely used for man-goes, salads and stuffing. Flesh is very thick, mild and sweet, color bright red when ripe. Pkt. 8c; ½ oz. 30c; oz. 50c.

LONG RED CAYENNE This is the pepper so popular for seasoning and pickling. The peppers are long and slim, bright red when ripe and have a hot pungent flavor. Pkt. 8c; ½ oz. 25c; oz. 45c.

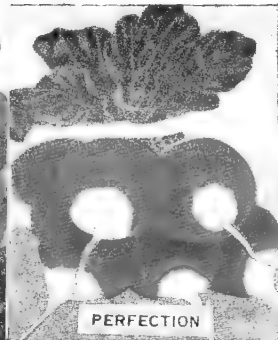

PIMIENTO

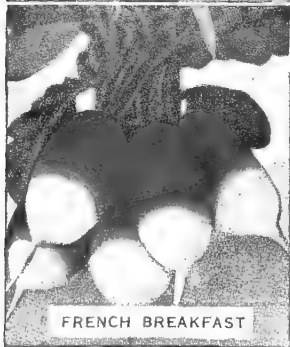

CRIMSON GIANT

RAPID RED

PERFECTION

FRENCH BREAKFAST

JUNG'S RAPID RED—This we find to be the quickest maturing of them all, Radishes having been grown in the short period of 18 days. Its attractive color and small tops make it especially desirable for forcing. The flesh is pure white, very crisp and tender. *If you want to be the first on the market with Radishes that will command fancy prices then plant "JUNG'S RAPID RED."* Pkt. 7c; oz. 15c; ¼ lb. 35c.

CRIMSON GIANT GLOBE This new variety is suitable for both forcing and growing outdoors. It is a fine shaped, bright red Radish, growing quickly to large size (see illustration). The Radish is a deep globe in shape and 1½ in. in diameter. Skin is thin and tender and of a deep crimson color. The flesh is pure white, crisp and of mild flavor. The roots are entirely free from hollow centers and pithy fibre. Pkt. 7c; oz. 15c; ¼ lb. 35c.

FRENCH BREAKFAST An early medium sized radish, olive shaped, very crisp and tender; of a beautiful bright, scarlet color tipped with white. It grows about 2 in. long and is decidedly stump rooted. A splendid variety for the table for its excellent quality and the beautiful color are unexcelled. It is a quick growing and exceedingly popular variety. Pkt. 7c; oz. 15c; ¼ lb. 30c.

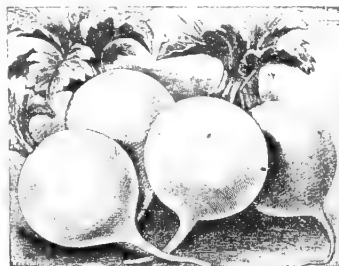

WOOD'S EARLY FRAME—This is one of the earliest long varieties. It is of a beautiful scarlet color, shading to white towards the tip. It is always juicy, tender, delicious and free from pith and sharpness so often found in long Radishes. Very much used for growing under glass. You will be delighted with this variety. Pkt. 7c; oz. 12c; ¼ lb. 30c.

WOOD'S EARLY FRAME

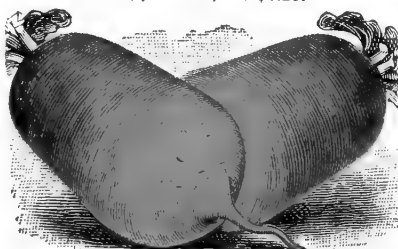

Winter Radish

CHINESE ROSE—This is a large and fine shaped Radish, growing partly above the ground. It is of a half long shape with a blunt point; rose colored skin, flesh pure white, solid as an apple. It has not the strong flavor of the Black Spanish and keeps equally as well. Pkt. 5c; oz. 10c; ¼ lb. 35c.

EARLY HAILSTONE

EARLY HAILSTONE The Earliest and Quickest Growing WHITE RADISH in Cultivation. It is ready for use from 15 to 18 days after sowing. The radishes are regular shaped, measuring 1 in. in diameter and about ½ in. in depth. Flesh is solid, crisp and of mild flavor. The foliage is unusually small. Pkt. 7c; oz. 15c; ¼ lb. 35c; lb. \$1.25.

CHINA ROSE WINTER

Wm. Finch, Mich.—Have been buying seeds and shrubs from you for a long time and have always been satisfied.

Crisp Tender Radishes

We take much pride in our select stocks of Radish Seed. It is grown from carefully selected roots and will produce Radishes of mild flavor and with less leaves than the seed usually offered.

PERFECTION EXTRA EARLY—The most attractive white-tipped Radish. This variety is bound to become the most popular of the white-tipped varieties as it combines handsome appearance, quality and extreme earliness. The white tips extend nearly half way up the roots and the brilliant color of the tops shows up in strong contrast. For quality it is unexcelled as it is very crisp, tender and sweet. One of the best varieties to grow for market as well as for the home garden. Pkt. 6c; oz. 12c; ¼ lb. 30c.

SELECT EARLY WHITE ICICLE—Long, slender, crisp, tender, mild and of purest white. Unexcelled as a money maker. It produces slender, pure white Radishes very early in the season, much earlier and finer in quality than any other long white variety. The shape is well shown in the illustration. The leaves are short and few, making it an excellent variety for forcing. It is of the best flavor and very brittle and crisp. The roots grow about 4 in. long and are ready for use in about 25 days after sowing. Pkt. 7c; oz. 15c; ¼ lb. 35c.

SELECT WHITE ICICLE

OKRA

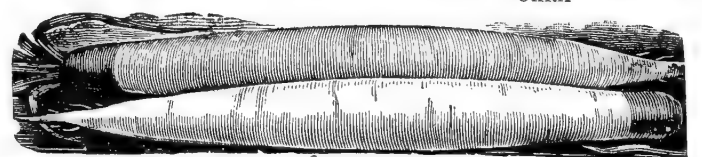

WHITE VELVET—The long slender pods of Okra are very delicious when sliced and cooked in soups. While this is its chief use it can be boiled and served like other vegetables. The pods should be gathered while young as they are then very tender. Pkt. 5c; oz. 15c.

OKRA

Gardening Instructions Free

At considerable expense we have prepared a booklet of complete planting instructions on Vegetables and Flowers. A copy will be sent free, when requested, with every order.

SALSIFY

Mammoth Sandwich Island Salsify

One of the most delicious vegetables and also one of the most nutritious. The flavor is very sweet and highly esteemed whether boiled with butter or other suitable sauces, or sliced and fried, or used in soup. The new variety is superseding the old type, as it produces roots nearly double the size and weight and of equally good quality. Seed sown in the spring produces large, fine roots that may remain in the ground or may be dug and stored in sand or earth in November thus keeping plump and sweet to be used as desired during the winter. Mild and delicious in flavor. Pkt. 8c; oz. 25c; ¼ lb. 95c; lb. \$3.25.

Earliest Garden Collection

14 Big Pkts. of the Earliest Vegetables for \$1.00

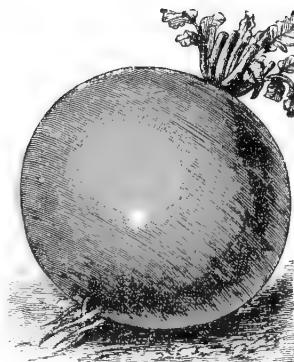

If you wish to have things in your garden very early, far ahead of your neighbors, plant this special collection. It is made up of our very earliest varieties of Northern Grown Seeds which are unexcelled for earliness, hardness and productivity. This collection contains 14 full sized packets as follows:

| | |
|----------------------------|------------------------------|
| BEANS—Top Notch Golden Wax | ONION—Giant Sweet Spanish |
| BEEF—Early Wonder | PEAS—Extra Early Marvel |
| CABBAGE—Golden Acre | RADISH—Jung's Rapid Red |
| CARROT—First of All | PARSNIP—Jung's Private Stock |
| CUCUMBER—Earliest of All | SPINACH—King of Denmark |
| SWEET CORN—Ex. Ea. Fortune | SQUASH—Table Queen |
| LETTUCE—Earliest Wayahead | TOMATO—Jung's Wayahead |

If bought at regular catalog price the above would cost \$1.40 but as a special offer we will send the above 14 full sized packets of Earliest Seeds for \$1.00. Booklet of Culture Instructions free with each collection.

TURNIPS

PURPLE TOP WHITE GLOBE—This grows very quickly to large size; roots even and regular in form and of most handsome appearance. The bulbs will measure 6 inches and more in diameter, being of perfect globe form. The plants being of such large, strong growth should be thinned more severely than with small early sorts. This variety is very extensively used for market growing. Pkt. 7c; oz. 10c; 1/4 lb. 25c; lb. 95c.

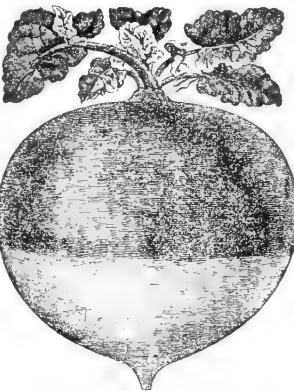

GOLDEN BALL

GOLDEN BALL—Of the yellow or golden fleshed turnips this is the best variety. Roots grow quickly to good size, are smooth and very fine in appearance. Flesh is a rich yellow color, tender and mild in flavor; in fact we consider it the best turnip for table use. Pkt. 7c; oz. 12c; 1/4 lb. 30c; lb. \$1.10.

EXTRA EARLY WHITE MILAN—A very valuable sort largely used by market gardeners for first or extra early use. The quickest growing variety and under favorable conditions is fit for use in a few weeks after sowing. The roots are of medium size, of pure white color and very handsome appearance. Flesh is fine grained, sweet and of mild flavor. A splendid variety for both the home and market garden. Pkt. 7c; oz. 15c; 1/4 lb. 30c; lb. \$1.10.

PURPLE TOP WHITE GLOBE

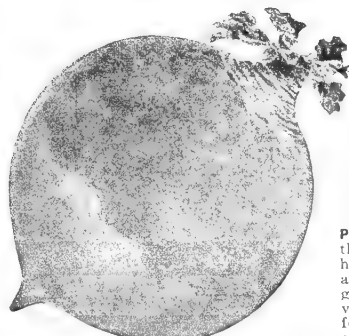

PERFECT MODEL

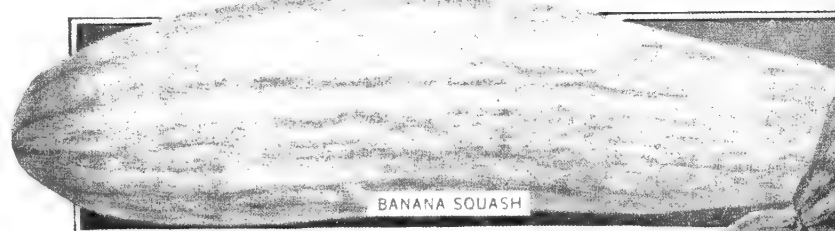

RUTA BAGAS

IMPROVED PURPLE TOP YELLOW—A hardy and productive variety, widely grown for market and stock feeding. It is of fine quality and keeps perfectly all winter and even into the following summer. Bulbs are large, smooth, round, and solid with a small tap root. Flesh richly colored, fine grained and very sweet. Pkt. 7c; oz. 12c; 1/4 lb. 30c; lb. \$1.10.

PERFECT MODEL—A highly improved Ruta Baga that is giving satisfaction wherever grown. A heavy yielder, flesh deep orange colored, sweet and fine grained, excellent for table use. It is globe shaped, yellow skin with purple top and very short neck. An excellent variety to grow for market as they present such a handsome appearance that they sell readily. Pkt. 8c; oz. 15c; 1/4 lb. 35c; lb. \$1.20.

IMP. PURPLE TOP YELLOW

BANANA SQUASH

Superb Winter Squash

THE GREAT BANANA SQUASH This squash is better shown in the illustration than we can describe it. It keeps equal to Hubbard, is even better quality, more prolific and earlier in ripening. The color is grayish green, shell soft so that it can be cut with a knife. It grows from 18 to 30 in. long, and 6 to 8 in. in diameter. It is very prolific and a shy seeder which accounts for the high price of seed. Flesh is of deep orange color, entirely free from fibre or stringiness. Cooks up perfectly smooth and of the most delicious flavor. Pkt. 8c; oz. 18c; 1/4 lb. 50c.

TABLE QUEEN—A squash that will suit the most exacting taste. Unexcelled for either baking or pies. If you want something in extra fine "eats" cut one of the squash in half, put in a lump of butter and bake; this serves one amply. It ripens early, will keep all winter and is so productive that a few hills produce enough for an average family. Pkt. 7c; oz. 15c; 1/4 lb. 40c.

IMPROVED HUBBARD—This is a superior selection of this famous variety and one of the best winter Squashes; flesh bright orange yellow; fine grained, very dry, sweet and rich flavored; keeps perfectly throughout the winter; boils or bakes exceedingly dry and is esteemed by many to be as good baked as a sweet potato. Our stock is most carefully selected with regard to quality of the flesh and color and wartsiness of the shell but the latter peculiarities are largely determined by the soils in which the Squashes are raised. Our customers can plant this variety in perfect confidence that every fruit will be pure Hubbard. Pkt. 8c; oz. 18c; 1/4 lb. 50c.

GOLDEN HUBBARD—An elegant Winter Squash. Flesh a deep golden yellow, much richer in color than Hubbard; fine grained, cooks very dry and is of excellent flavor. In keeping quality it has no superior. Its productiveness, combined with its sweet rich flavor, attractive color and shape are bound to make it a popular fall and winter variety. Golden Hubbard is a sport from the well known Hubbard which it closely resembles in every respect except in color, which is a bright, golden yellow. Pkt. 7c; oz. 18c; 1/4 lb. 45c.

NEW DELICIOUS—For table quality there is no other Squash that can be compared with Delicious in sweetness and richness of flavor. Excellent for fall as well as for winter use, keeping until late in the spring. Fruits are of medium size, weighing from 5 to 10 pounds. The rind is dark green, mottled in lighter shades. The flesh is dark orange, very fine grained and thick. Pkt. 8c; oz. 20c; 1/4 lb. 50c.

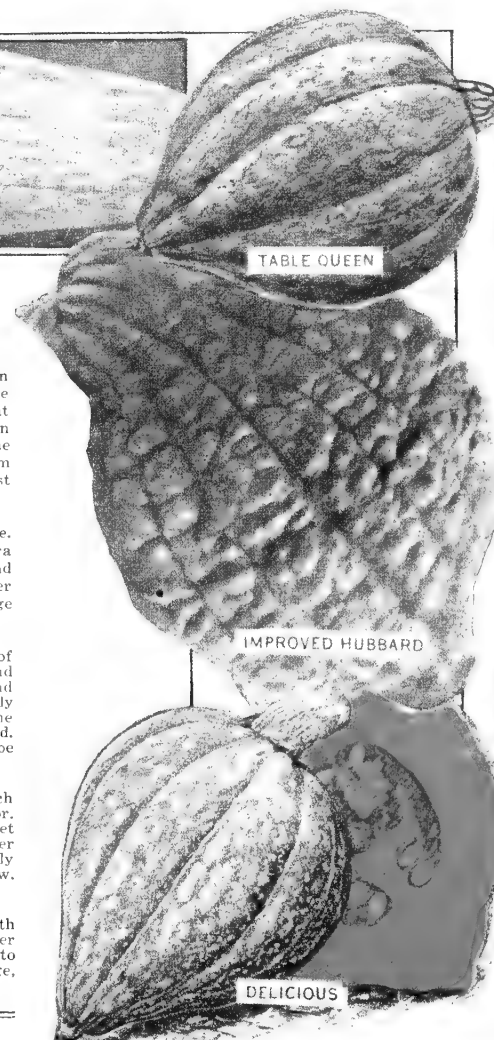

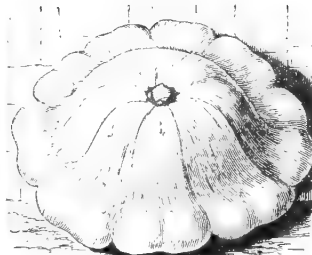

TABLE QUEEN

IMPROVED HUBBARD

DELICIOUS

GIANT STRAIGHTNECK

MAMMOTH WHITE BUSH

SUMMER SQUASH

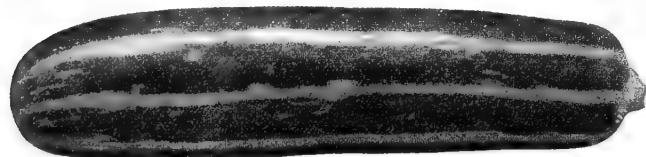

MAMMOTH WHITE BUSH—An early maturing bush summer squash which will bear throughout the season if kept picked. Squashes are pure white and of large size. Flesh is thick and of very fine quality. Pkt. 5c; oz. 15c; 1/4 lb. 35c.

GIANT STRAIGHTNECK—A new highly desirable summer squash that is replacing the older crookneck type. It is easier to pick, will yield just as heavily and is of the same appearance as Giant Crookneck, the neck is heavier and gives more edible squash and is easier to prepare for the table. Pkt. 7c; oz. 15c; 1/4 lb. 35c.

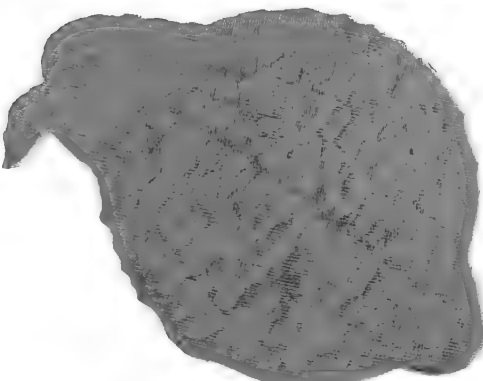

Cocozelle

The Most Delicious and Finest Flavored Summer Squash

Of compact bush growth, the vines yield heavily of fruit averaging 14 in. long and 5 in. in diameter, dark green in color with the yellow and green stripings. Used when 10 in. long and perfectly green. Pkt. 7c; oz. 15c; 1/4 lb. 40c.

GIANT EVERBEARING

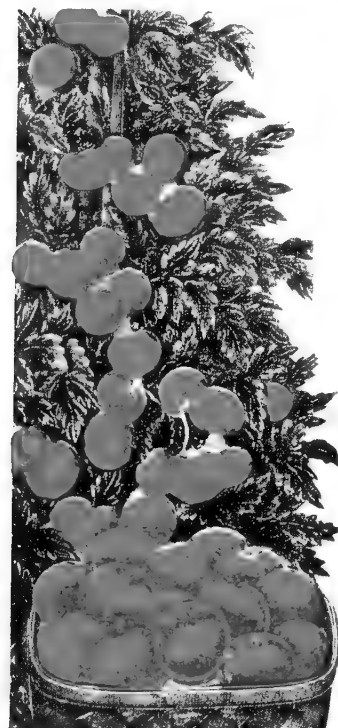

MARGLOBE

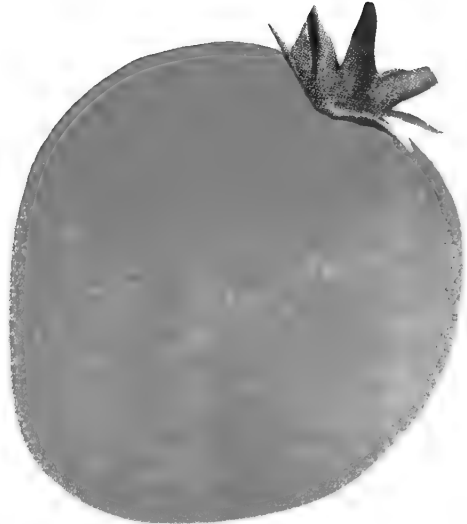

JUNG'S SUPREME EARLY

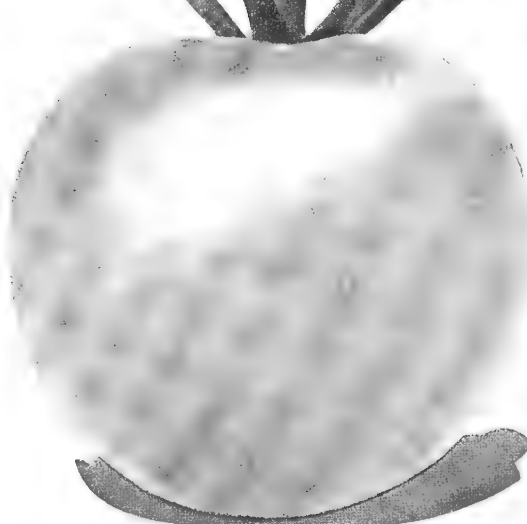

Otto F. Stocner, Texas—Your seeds are better than any I have ever bought

CLIMBING TOMATO

GIANT OXHEART

TRUCKER'S FAVORITE

Mrs. Belle Ambrose, Ill.—We prefer your seeds to all other houses and have always found them satisfactory.

Jung's Northern Grown Tomato Seed

We take pride in our tomato seed and are sure that it is unexcelled for quality. It is northern grown and will produce a crop that will ripen earlier, produce solid fruit and healthier plants than seed grown further south. It is folly to use cheap tomato seed for it takes only a few ounces to plant an acre.

GIANT EVERBEARING A wonderful tomato that commences to ripen early and continues to bear throughout the season, the later fruit is just as perfect as the first. It has been tried out in all parts of the U. S. and on different soils and always proved successful. The plants make strong vines that produce surprisingly large numbers of fine tomatoes from each plant. The fruits are large, solid and smooth, free from cracks and ripen up evenly to the stem. Fruits are a bright glossy red, flesh is solid, contains few seeds and is of exceptionally fine flavor. Choice seed of our own growing. Pkt. 8c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.50.

MARGLOBE or CORELESS We consider this the most ideal main-crop tomato as it is winter-istant and produces a large crop of large smooth fruits than any other variety. Marglobe is a beautiful scarlet globe-shaped tomato, fruits are very smooth, free from core and often weigh 1 pound each. We offer select seed of our own growing. Pkt. 8c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.50.

SUPER SELECT MARGLOBE or CORELESS This seed has been saved from only the first or crown-set fruits. The plants were especially selected for producing large, early-ripening tomatoes. Pkt. 15c; 1/2 oz. 65c; oz. \$1.00; 1/4 lb. \$3.00.

Mrs. Lillie M. Hamilton, Iowa—Your seeds have always been most satisfactory, the potato eyes were especially fine and productive.

JUNG'S SUPREME EARLY

Extra Early. Resistant to Rust and Wilt.

A wonderful new extra early tomato which we are pleased to offer to our customers. Fruits are of good size, globe shaped, very smooth and bright scarlet in color. The vines are of medium growth, free from disease and bear over a long period, ripening well to the stems. Fruits are very solid, making it an excellent shipper. Select Seeds of our own growing. Pkt. 10c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.75.

JUNG'S GIANT CLIMBING Enough tomatoes for an average family can be grown from a small space by planting this vigorous tomato and supporting the plants on a trellis or stakes. Vines will grow 6 to 8 ft. tall and bear tremendously. Fruits are very large in size, smooth, solid, deep red in color and ripen up evenly to the stem. May also be grown like ordinary varieties but be sure to give the plants plenty of room. Select seed of our own growing. Pkt. 10c; 1/2 oz. 25c; oz. 45c.

FANCY MIXED PRESERVING

FANCY MIXED PRESERVING—In a packet of this seed you will receive a fine assortment of the different small fruited varieties such as Red and Yellow Pear, Plum, Cherry and Peach. These tomatoes are all of unusually sweet, rich flavor and excellent for making preserves. As they are such prolific yielders a few plants will supply an average family. Pkt. 8c; 2 pkts. 15c.

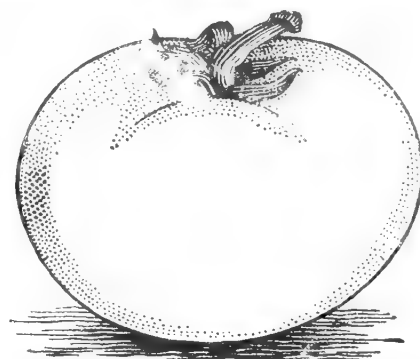

New Giant Oxheart

THE LARGEST OF ALL TOMATOES—Superb in Quality, Firm, Solid Flesh—If you wish to surprise your friends with truly large tomatoes plant Oxheart. Single fruits have been grown weighing 2 lbs. each. The fruits are oxheart shaped, deep pink in color and are almost all solid meat as they contain but few seeds. The size and quality of this new tomato will delight and please you. Pkt. 12c; 1/2 oz. 60c; oz. \$1.00.

TRUCKER'S FAVORITE—Very uniform in shape and size; thick, heavy and solid; one of the largest tomatoes grown. The fruits are of a purplish red or pink color, always smooth and fleshy. They hold their size to the very last picking and ripen well to the stem. The vines are not subject to blight or rust and produce enormous crops until killed by frost. Delightful in quality and flavor and unexcelled for slicing or cooking. As a dependable main crop tomato, Trucker's Favorite cannot be beaten. Pkt. 8c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.40.

WHITE WONDER A wonderful tomato which has creamy-white skin and flesh. The fruit is free of the usual acids and can therefore be enjoyed by persons who cannot eat red tomatoes on account of the acids they contain. The fruits are very firm and when cut open show a firm flesh. As a tomato for slicing or salads, it is unsurpassed. Be the first one to grow this new tomato and surprise your neighbors. We offer you choice seeds of our own growing. Pkt. 8c; 3 pkts. 20c.

GOLDEN DWARF CHAMPION—The famous Golden Dwarf Champion owes its wide popularity to its stiff, vigorous growth, smooth fruit and fine color. Plants are bushy and compact with heavy dark green foliage. The tomatoes are always smooth, round and solid and of a beautiful lemon color. Nothing makes a more tempting dish than red and yellow tomatoes sliced together. This variety has an unusual flavor, especially fine for preserves as it does not require as much sugar as other varieties. Pkt. 8c; 1/2 oz. 25c; oz. 45c.

WHITE WONDER

GOLDEN DWARF CHAMPION

Northern Grown POTATO EYES

Many of our customers who wish to get some of our pure bred seed potatoes but do not feel like paying the express or freight charges on a small quantity can now try them out at small expense by planting our select Potato eyes. These eyes are cut from selected potatoes, and we guarantee them to reach you in good condition. In this way you can try our potatoes at very small expense as we pay all postage charges. We can supply our select hand cut eyes of the varieties listed below. No less than 100 eyes of any one variety. State when you wish same shipped.

EXTRA EARLY TRIUMPH—The most popular and widely grown extra early potato. Skin light pink in color, flesh is pure white and of the best cooking quality. 100 for \$1.25; 200 for \$2.00; 500 for \$4.00 postpaid.

"SEBAGO"

Blight Resistant Potato

This fine main-crop Potato is rapidly replacing such varieties as Chippewa, Katahdin and Rural as it is highly resistant to late blight and leaf hoppers and will produce a fine crop when others are near failures.

Size and shape of the tubers is very much like Chippewa being white, thin skinned and having few and shallow eyes. It is a very vigorous grower and as the plants set many tubers should be planted on good rich soil and should also be planted quite early. 100 for \$1.35; 200 for \$2.20; 500 for \$4.50 postpaid.

JUNG'S SELECT FLOWER SEEDS

The same care and time used in growing our garden seeds also enters into the production of our flower seeds. They are grown from the most select stocks, carefully tested for germination, in fact you will find Jung's Flower Seeds to be equal to the best offered anywhere. With every order of 25c or more we send a booklet on growing flowers free.

ASTERS

JUNG'S SCARLET GEM — The most attractive of all Asters being a brilliant red. The flowers are large and full and are borne on a tall robust plant. Most effective for either beds or bouquets as their bright color makes them showy no matter where they may be placed. We know all of our customers will be delighted with it. Pkt. 10c; 1/4 oz. 50c.

JUNG'S RUFFLED GIANTS — Everyone is sure to admire these beautiful giant flowered Asters. The immense flowers are 5 to 6 in. across and rival Chrysanthemums for bouquets as they are borne on long stems and will last 10 days to 2 weeks if given fresh water. *White, Rosy Red, Shell Pink, Violet, and Mixed.* Pkt. 10c; 1 Pkt. of each color for 35c.

YELLOW CHRYSANTHEMUM — The rarest and newest Aster, being a delicate canary yellow, a new color that will be welcomed by every Aster lover. The flowers are of good size, remarkably full and double with centers well covered. Flowers are produced so numerous that a plant looks like a golden dome. Pkt. 10c; 3 pkts. 25c.

Blue Lace Flower

A beautiful and interesting annual which seems to have been lost sight of in the last few years. It blooms most profusely from July 'til November, plants grow about 18 in. high and have as many as 50 flowers open at one time, color an exquisite pale lavender. Pkt. 8c; 2 pkts. 15c.

"GROWING FLOWERS"

You can have an abundance of flowers from early summer until frost by sowing Jung's select Flower Seeds and following the simple instructions in our booklet "How to Grow the Most Beautiful Flowers." Sent free, when requested, with all orders.

Candytuft

FANCY MIXED — These Candytufts are very profuse bloomers and come into bloom soon after sowing and remain in flower for a long time. May be sown in solid beds or used for edging or borders. Pkt. 7c; 1/8 oz. 15c.

Miss J. Schink, Mass. — The Wonder Lily, Carnations and Garden Pinks sure are a grand sight in my garden, also the Scarlet Gem Asters and Sweet Peas.

Mrs. Charles Jones, Wis. — All the seeds, both vegetable and flowers were wonderful, we had a nice garden, many thanks.

Mrs. Benj. Swancy, Illinois — All our flower seeds from you were very nice and the garden seeds, there are none better, we were satisfied in every way.

Cockscomb

GIANT PRIZED MIXED — Wonderfully showy annuals producing crimson and yellow flowers or combs of immense size. Very easy to grow. Cut when partially open and dry in shady place and they make excellent winter bouquets. Pkt. 8c; 1/8 oz. 25c.

Mrs. Kenzie Erhard, Pa. — Flowers from your seed were grand, never saw so many colors of Asters from your seeds, the plants were nice and sturdy like little trees.

Candytuft

LITTLE PRINCE — This is a dainty and distinct Candytuft, the plant growing only about six inches high and bears immense spikes of snow-white flowers in great abundance. Pkt. 7c; 1/8 oz. 20c.

RUFFLED GIANT ASTER

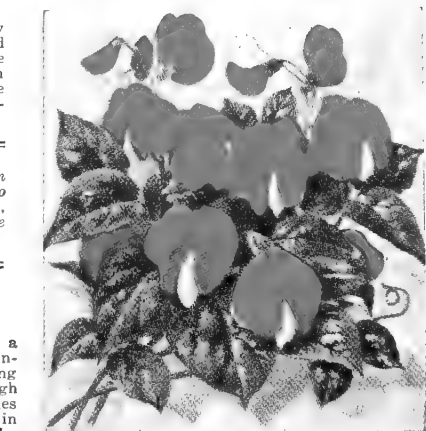

New Double Bush Balsam

A very beautiful new strain of Balsam. The flowers, very much like double roses, are produced in clusters on the tips of the stems and a bush in full bloom is a solid mass of color. You will be highly pleased with these grand Balsams. Our seed is a grand mixture of white rose and red shades. Pkt. 25c.

"Fire Flame" CELOSIA

An easily grown and highly attractive annual that may be grown in the flower garden or in pots. Plants grow 12 to 15 in. tall and the center stalk and each branch terminates in a fiery red flower head. Even more attractive than Geraniums or Salvias and remain in flower for weeks. Pkt. 20c.

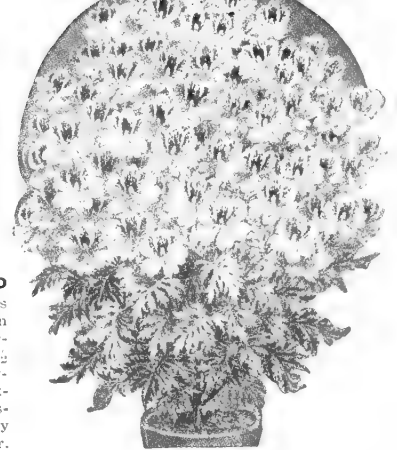

SCARLET RUNNER BEAN

Butterfly Plant

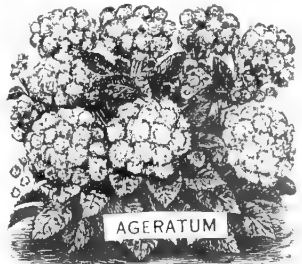

GIANT FLOWERED MIXED

— Wonderful showy plants having leaves like fern and blossoms like an orchid. The plants grow 1 1/2 to 2 ft. tall and are literally covered with the exquisite butterfly-like blossoms of almost every known shade and color.

These flowers are of lasting substance and a plant in bloom makes a truly beautiful sight. They are easy to grow in the garden and will also make beautiful pot plants for winter flowering. Pkt. 12c; 2 pkts. 20c.

BUTTERFLY PLANT

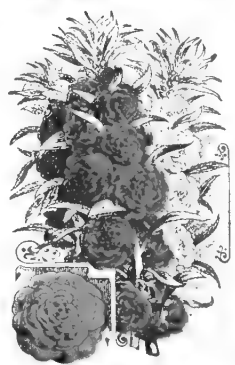

AGERATUM

Ageratum

DWARF BLUE PERFECTION — One of our best summer blooming plants. They are rapid growers and bloom from early summer until hard frosts. Even in hot dry summer the beautiful, bright blue flowers are produced in abundance. Especially valuable for beds, borders and window boxes, the plants being of dwarf compact growth, 9 to 12 in. tall. Pkt. 10c; 1/8 oz. 25c.

Balsam

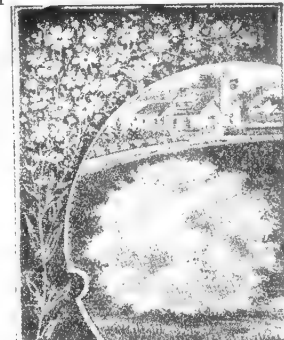

DEFIANCE MIXED — A favorite quick growing annual. The plants form symmetrical well branched erect bushes about 2 feet high. The branches are well covered with beautiful double flowers. The colors include white, rose scarlet, crimson, purple, lilac and violet. Our strain of these is unsurpassed for size of blooms, doubleness and beauty of flowers. Pkt. 8c; 1/8 oz. 20c.

BALSAM

Baby's Breath or Gypsophila

GIANT PARIS MARKET — These hardy annuals produce feathery sprays of tiny, pure white star-like flowers that are highly esteemed for cut flowers as they lend a most graceful effect when combined in bouquets. Successive plantings should be made if you wish a supply throughout the season. Pkt. 5c; 1/4 oz. 15c.

BABY'S BREATH

Baby Golden Glow

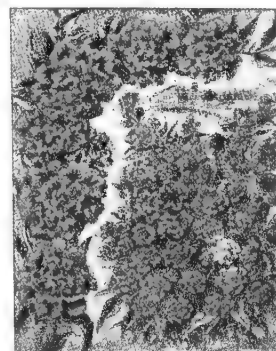

A most charming annual growing about 15 to 18 in. high bearing scores of bright yellow flowers. Seeds should be started indoors; the plants will begin to bloom almost as soon as set in the open ground affording an unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion. Pkt. 8c.

BABY GOLDEN GLOW

Scarlet Runner Bean

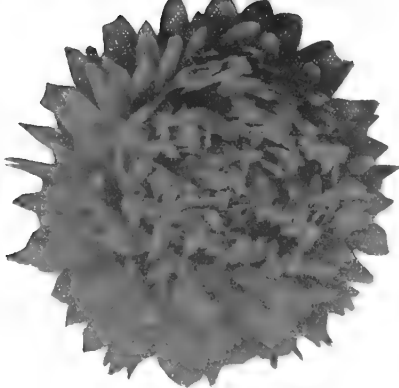

One of our fastest growing annual vines. Bears large clusters of showy bright scarlet flowers. Pods are tender when young and may be used like any pole bean. Both useful and ornamental. Large Pkt. 7c; oz. 15c.

CLARKIA

Clarkia

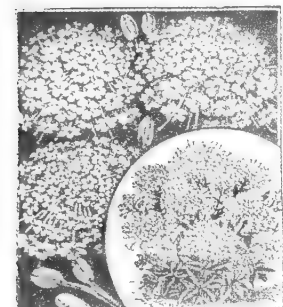

GIANT FANCY MIXED — For rare gracefulness and beauty few annuals will surpass Clarkias suitable for either the border or bouquets. They grow erect to a height of 2 ft. and the branches for their entire length are covered with double flowers resembling carnations or roses. Pkt. 7c; 1/8 oz. 20c.

JUNG'S SCARLET GEM

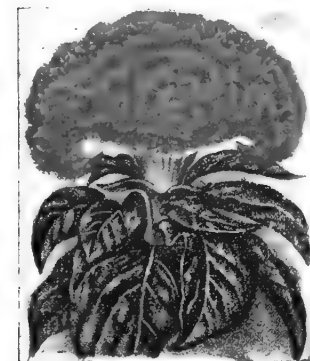

YELLOW CHRYSANTHEMUM

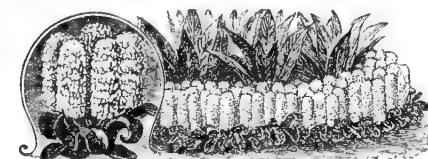

BLUE LACE FLOWER

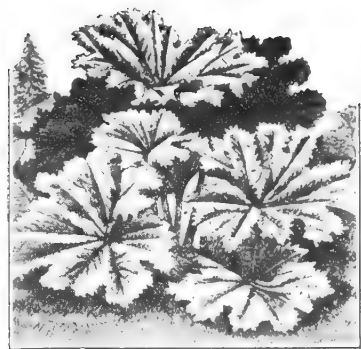

FANCY MIXED CANDYTUFT

COCKSCOMB

LITTLE PRINCE

CASTOR OIL BEAN

Castor Oil Bean

Our fastest growing ornamental plant, very useful for backgrounds or the center of a large flower bed. They are very ornamental as the large broad leaves are glossy green or bronze in color, palm shaped and give a tropical appearance. **Large Pkt. 7c; oz. 20c.**

GARDEN PINKS

Garden Pinks

FAIRFIELD FINEST MIXED — These hardy annuals may be ranked among the fairest gems of our flowers as few can equal them in beauty or profusion of blooms. They are of the richest and most varied colors. They may be sown in the open ground when danger from frost is over and in a few weeks they are masses of bloom continuing so until frost. Our mixture includes the best single and double sorts. **Pkt. 7c; 1/8 oz. 20c.**

Dahlias

JUNG'S FANCY MIXED—The Dahlia still holds its place as "king of all outdoor autumn flowers" and they may be grown to the greatest perfection from seed blooming the first summer. As easy to grow from seed as the most common plant. Anyone can have a magnificent display of these regal beauties at very small cost. Continue to bloom profusely until severe frosts when the bulbs can be taken up and stored until spring. A superb mixture of the finest varieties. **Pkt. 10c; 3 pkts. 20c.**

Love-in-the-Mist

NIGELLA—A lovely free flowering annual suitable for either beds, borders or bouquets. The dainty blue flowers are borne on long stems, splendid for either beds or cutting. An unusually fine bed of flowers may be had by sowing these and California Poppies in the same bed. **Pkt. 7c; 1/4 oz. 15c.**

Nicotiana

CRIMSON BEDDER — A splendid bedding plant being bright in color and remaining in bloom for a long time. Flowers are a deep rich red and very fragrant. Free flowering bushes grow to a height of 12 to 15 in. **Pkt. 10c; 3 pkts. 25c.**

Christmas Kochia

A great improvement on the old variety as this new strain retains its beautiful color until late in the winter while the old variety dried up in September. The bushes are a mass of dense live green in summer while after frost they turn to rosy claret red and are highly ornamental after all other shrubs are dead and the effect of this color against the snow is certainly a beautiful sight. The plants grow 3 to 4 feet high and very dense and symmetrical from the start. **Pkt. 7c; 2 pkts. 10c; 1/4 oz. 15c.**

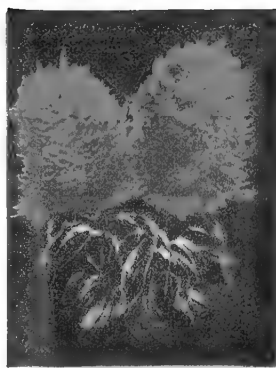

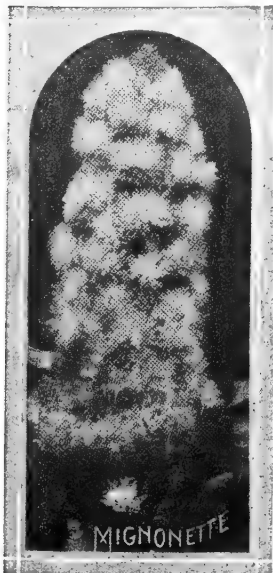

Mignonette

BISMARCK—One of the grandest mignonettes ever introduced. It is remarkable for size, color, fragrance and profusion of blooms. Flower spikes are of giant size, measuring 6 to 8 in. long and fiery red in color. Very showy as the bright flowers contrast effectively against the deep green foliage. **Pkt. 8c; 2 pkts. 15c.**

FINEST MIXED — A fine mixture, grows rapidly and produces fine spikes of blossoms during the cool weather of spring and fall. Make a second sowing in August to furnish fall flowers. **Pkt. 7c; 1/8 oz. 15c.**

Hardy Sweet Pea

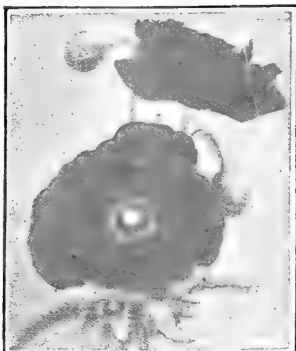

JUNG'S FANCY MIXED — The plants are hardy and increase in size and beauty from year to year. Vines may be trained on a trellis or allowed to cover rocks or other objects. Produces a mass of sweet-pea-like flowers in clusters of 8 to 10 and come in shades of white, pink and deep rose. **Pkt. 12c; 2 pkts. 20c.**

CHINESE WOOLFLOWER

Chinese Woolflower

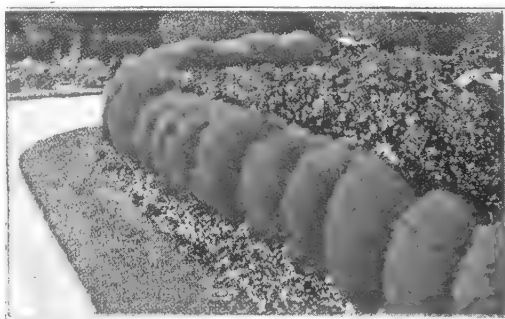

The plants average 2 feet in height branching freely, each shoot bearing a beautiful ball of wool in pink, yellow and scarlet. It flowers early and profusely and the heads of bloom mixed with fresh green foliage makes the plant look like an immense bouquet set in the ground. They continue to grow with a richness of color all summer and fall. Very much used for winter decorations. **Pkt. 8c; 3 pkts. 20c.**

AMERICAN LEGION POPPY

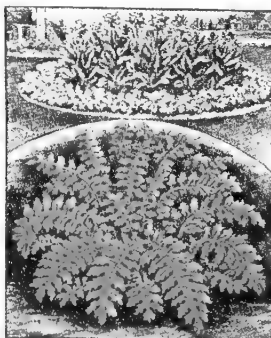

TULIP POPPY

CHRISTMAS KOCHIA

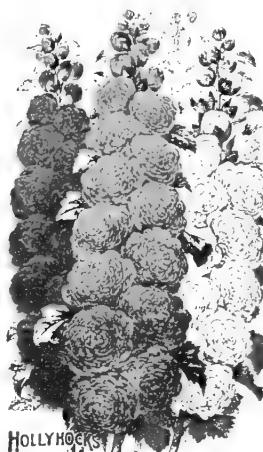

HARDY SWEET PEA

PYRETHRUM

Lavatera

ROSY MORN These handsome flowers should be grown by every flower lover. Plants grow 2 ft. in height and produce a mass of charming rose-pink flowers. Very useful for showy beds or borders and as the flowers are borne on long stems they are very useful for vases and bouquets. It is easy to grow and sure to please. **Pkt. 5c; 1/8 oz. 20c.**

HOLLYHOCK

Annual Hollyhock

INDIAN SPRINGS — Semi-double fringed flowers from delicate pink to rosy carmine, are freely produced on 4 to 5 ft. stalks the first season. Seed sown in March will bloom in August. Plants will live over winter and flower again the following year. **Pkt. 10c; 2 pkts. 15c.**

Everblooming Wonder Lily

A wonderful new hardy Lily that will bloom from seed the first year if started early. Flowers very much resemble Easter Lilies, being pure white inside, slightly tinged deep rose on the outside. They grow 3 to 4 ft. tall and often produce 10 to 15 flowers on a stem. Will increase in size and beauty from year to year. **Pkt. 10c; 3 pkts. 25c; 2 Yr. Blooming Size Bulbs: Each 35c; 3 for \$1.00; doz. \$3.50.**

LAVATERA

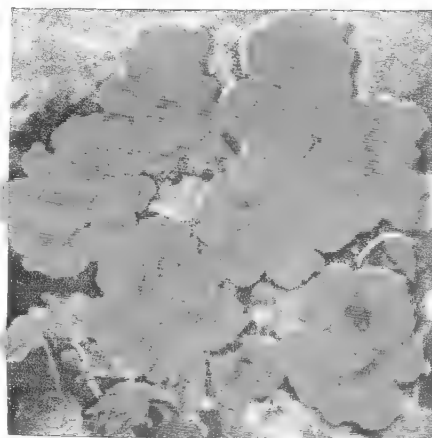

EVERBLOOMING LILY

Poppy

AMERICAN LEGION — A highly improved Flanders Poppy that will produce a mass of giant brilliant orange-scarlet flowers. A bed or row in your flower garden will produce a sight grand to behold. If cut in the bud and placed in water they will open and last for several days making brilliant bouquets. **Pkt. 7c; 2 pkts. 10c.**

Tulip Poppy

A very desirable hardy annual. Seed sown in May will produce plants that commence to flower in July and from then until hard frosts are in continual bloom. Flowers are tulip-shaped, of deep golden color and are the only poppy suitable for cutting, lasting fully a week. **Pkt. 8c; 2 pkts. 15c.**

GOLDEN GLEAM

Double Nasturtium

GOLDEN GLEAM—The most popular flower ever introduced, a double flowering, sweet scented Nasturtium of rare beauty. Plants make a strong growth; they commence to bloom early and remain in flower until hard frosts. The large, double golden flowers, 2 1/2 to 3 in. across, are borne on long stems and have a delightful odor. **Pkt. 7c; 1/2 oz. 12c; oz. 20c.**

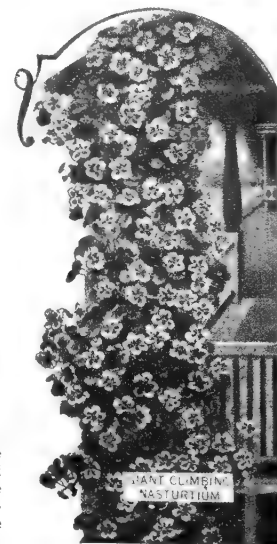

Climbing Nasturtiums

JUNG'S GIANT CLIMBING—This mixture is absolutely unsurpassed. Nothing can excel the wealth, richness and variety of these Nasturtiums for trellis, window boxes or bush planting, nor surpass them in freedom and profusion of bloom. On good soil they grow 8 feet tall. Our mixture includes a wonderful diversity of colors, some are solid while others are beautifully mottled and striped. **Pkt. 7c; 1/2 oz. 12c; oz. 20c.**

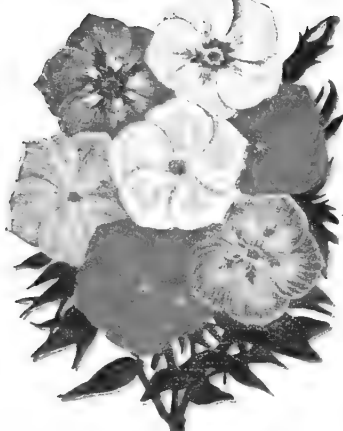

Pyrethrum

AUREUM—One of our most attractive and useful plants for borders and edgings. Grows 8 to 10 in. tall, foliage is an attractive golden color contrasting well with other green foliage plants. **Pkt. 8c; 1/8 oz. 25c.**

Mrs. M. H. Ivins, Pa.—The Pinks proved to be the most beautiful ones I have ever grown, many thanks.

GIANT CLIMBING NASTURTIUM

Dwarf Phlox

NANA COMPACTA MIXED — This splendid race of dwarf annual Phloxes cannot be overpraised for brightness and beauty. The plants are always lavishly covered with large flowers of the most brilliant hues. Nothing better for bedding purposes is listed in this catalog. Bushes are dwarf and compact, 6 to 8 inches high, forming dense masses of bloom all summer. The colors include pure white, deep and showy red with white eye and many other shades. **Pkt. 10c; 1/8 oz. 50c.**

Phlox Drummondii

GRANDIFLORA MIXED — This superb strain is notable not only for variety and brilliancy of colors but also for the perfection and size of the flowers. Many of the single flowers are so large that they will nearly cover a 50-cent piece. The colors range from pure white to deepest red or crimson while the clear eye of some of the flowers is peculiarly marked. **Pkt. 8c; 1/8 oz. 45c.**

Sweet William

HARDY ANNUAL MIXED — The old favorite Sweet William as all know does not flower until the second year but this new strain will begin to bloom in 50 to 60 days from seed sown in the spring and will continue to blossom all summer. The flowers or heads are of large size, very fragrant and of various colors, white, crimson, rose-pink, etc., many of which are edged with white. Splendid for beds or borders. **Pkt. 10c; 1/8 oz. 25c.**

Satin Flower

An easy growing annual that rivals the Azalea for beauty of its fine rose-like blossoms. Seed may be sown in the garden and by July they are a complete mass of blossoms completely hiding the foliage. Blossoms shiny like satin, deep rose colored and remain in blossom a long time. **Pkt. 8c; 2 pkts. 15c.**

Sweet Alyssum

LITTLE GEM — Free flowering, handsome annuals for beds, edgings, etc. This variety is very dwarf and blooms profusely forming a mass of solid pure whiteness throughout the summer. Excellent for either beds, borders or edgings; try it once and you will always want it. **Pkt. 7c; 1/8 oz. 20c.**

Mrs. Nora Mantz, Wis. — Have used your seeds so long I just depend on them, flower seeds such as Bachelor Button, Calendula and Dwarf Phlox, all were beautiful until frost took them.

Dwarf Iris

A dwarf strain of Iris growing only 6 to 8 in. tall and are very useful as borders for tall Iris, flower beds; also desirable for rock gardens. They come into bloom very early and spread freely soon forming a solid mass of color.

DR. POTTER — Deep purple, free flowering.

BETTY PRESBY — Light yellow, profuse bloomer.

Price of above: 6 for 65c; doz. \$1.25; 25 for \$2.25. Plants shipped in July and August.

Lily of the Valley

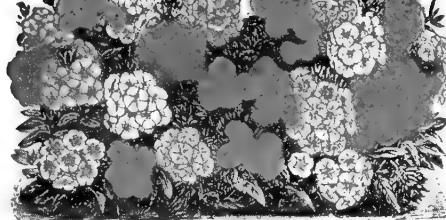

The Lily of the Valley is well known and will thrive and produce the handsome fragrant flowers during spring and early summer. It does unusually well in shaded places, especially on the north or east side of your house. The flowers are well suited for cutting; a bouquet will sweetly perfume any room. They are perfectly hardy and will bloom in 6 to 8 weeks after planting. **6 for 40c; 12 for 75c; 50 for \$3.00.**

Hardy Ferns

Hardy native ferns are gaining wide popularity as their value is becoming better known. They are easily grown where other plants and shrubs do not succeed. Our plants are grown here in the North and are sure to be hardy anywhere in the U. S. Full cultural instructions sent with each order. **Extra Large Plants: 3 for 65c; 6 for \$1.25; doz. \$2.25, post-paid.**

Yucca

A tropical looking plant with long narrow leaves which remain green almost the entire year. Grows in close clumps and throws up a flower stalk 4 to 5 feet tall from which hang beautiful creamy-white bell-shaped flowers, often 50 to 100 on a spike. It remains in bloom a long time and may be classed as one of the best hardy ornamental plants. Does well even on poor dry soil. **Each 30c; 3 for 80c.**

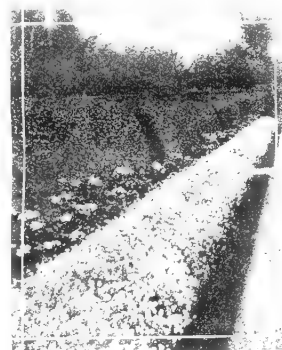

DWARF PHLOX

SALVIA BONFIRE

BRILLIANT SALVIA

BONFIRE — One of the finest Salvias and the grandest bedding plant known; single plants often carry 100 spikes measuring 10 to 12 inches in length. The flowers are of a brilliant, dazzling scarlet and from the time they begin to flower the plants are a continuous blaze of color until killed by frost. We know of no other flower that will equal the gorgeous effect of a row or bed of these Salvias when in full bloom. Why pay from 50 to 70 cents per dozen for these plants when you can raise at least 50 plants from a packet of our seed. **Pkt. 12c; 1/8 oz. 60c.**

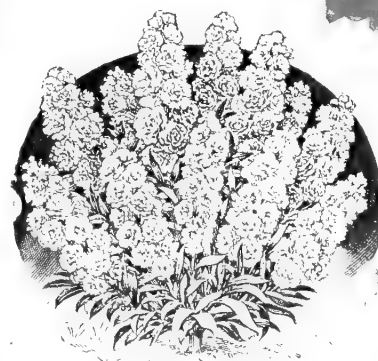

SWEET ALYSSUM

Poppies

ICELAND MIXED — Hardy perennials that bloom the first season. The fragrant, elegant satin-like flowers are produced from June until October on stems 12 in. long and are excellent for cut flowers as they last fully a week. Our seed includes the most beautiful colors. **Pkt. 10c; 3 pkts. 25c.**

ICELAND POPPIES

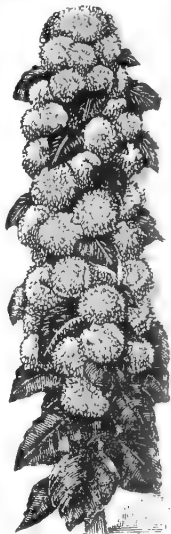

STOCKS

Snowdrift Stocks

An extra early strain of these popular annuals coming into flower 3 to 4 weeks before the other strains. Plants are covered with flowers from summer until hard frosts and as the flowers are produced on long spikes they are splendid for cutting or bouquets; very fragrant. **Pkt. 10c; 3 pkts. 25c.**

Sunflower

SUN GOLD — Grows 4 to 5 feet tall. Perfectly double. Color is the brightest golden yellow. The plants branch and afford fine stout stems for cutting. This gigantic Sunflower will be of great value for the hardy garden and herbaceous border. The flowers are so perfect in form that they resemble Chrysanthemums. **Pkt. 10c; 3 pkts. 20c.**

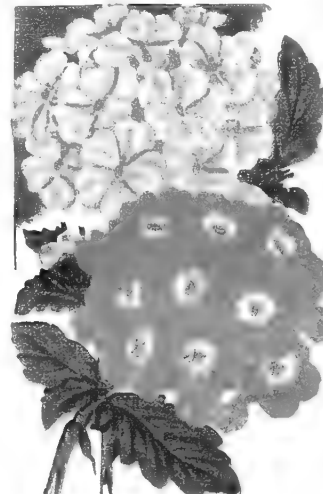

SUNFLOWER

Mary C. Stoll, Wis. — Was highly pleased with your seeds last year, the flowers were beautiful.

Verbena

FAIRFIELD FAMOUS MIXED — We offer you a giant flowered mixture of these beautiful annuals. The trusses measure 9 to 12 inches in circumference and the individual florets on well grown plants measure 1 inch across. They bloom freely, are vigorous in growth and contain beautiful new colors and shades. A mass of bloom from July until heavy frosts. **Pkt. 8c; 1/8 oz. 35c.**

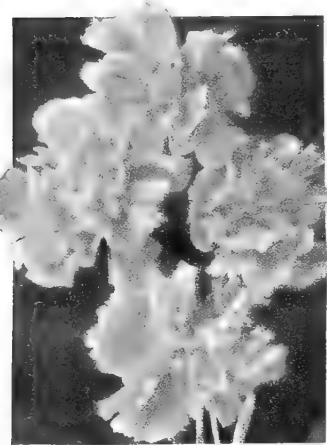

You will find Jung's Flower Seeds to be of the highest quality. Utmost care is used to insure that you will get seeds that will grow and produce flowers of rare beauty. Ask for our booklet on Growing Flowers; it will be sent free with your order.

DWARF IRIS

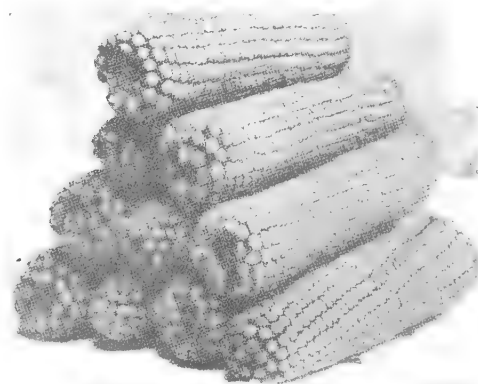

YUCCA

LILY OF THE VALLEY

HARDY FERNS

WIS. HYBRID No. 335

Extra Early Hybrid Corn-Wis. No. 335

Earlier Than Flint Corn. Heavier Yields.

We no longer offer Flint Corn as this Hybrid is even earlier, a far better yielder and is much easier to husk. Under normal conditions it will mature in 90 days and as it grows a tall stalk makes an excellent variety for areas where seasons are short. It is a reddish colored corn similar to the old "Smoky Dent" or Northwestern Dent. An excellent variety to plant for "hogging" down or for late planting, we are highly pleased with the yield of this corn as it is so much better than Flint. **Lb. 45c; 3 lbs. \$1.10, postpaid. Not prepaid: Large Flats, pk. \$2.45; bu. \$9.00; Med. Flats, bu. \$8.90; Med. Rounds, bu. \$7.25; Large Rounds, bu. \$6.50.**

"LARGE ROUNDS"

We consider these to be one of the most desirable grades of Hybrid Seed Corn for the reason that the larger size of the kernel will come up stronger and endure more adverse weather and soil conditions than any other grade. All standard makes of corn planters can be supplied with plates that will drop "large rounds" just as accurate as any other size of kernel and the saving you make on a few bushels will more than pay for the cost of the plates. On our own farms we prefer these large kernels and always have splendid crops from them.

Jung's Wisconsin Hybrid Corn

Jung's Hybrid Seed Corn has an enviable reputation for high quality and every effort is made to insure that you will get seed that will grow and produce a large crop of sound ripe corn.

The seed we offer was grown here in Wisconsin on our own farms and the growing of this corn is under the care of capable experienced men who have had many years of training in this work.

Our Hybrid Corn being grown here in the north can be depended upon to produce a large crop of sound ripe corn that will keep and not mold in the crib. Jung's Hybrids are famous for solid ears, small cobs and deep kernels — corn that will put "Meat on your Hogs" and "Milk" in the Pail.

When you order from us you are dealing direct with the grower and save several dollars per bushel. The fact that more farmers every year are planting Jung's Hybrid Corn is the best evidence that it is giving satisfaction.

Jung's 1947 Hybrid Corn Prices

Blue Tag — State Certified

Our Hybrid Seed Corn is of exceptionally fine quality this year and of very high germination. However, we advise ordering early and also to give second choice so that your orders will not be delayed.

| | Pk. | Bu. | 5 Bu. |
|---------------|--------|--------|---------|
| Large Flats | \$2.45 | \$8.75 | \$43.25 |
| Medium Flats | 2.40 | 8.85 | 43.50 |
| Small Flats | | 8.00 | 39.50 |
| Medium Rounds | | 7.00 | 34.50 |
| Large Rounds | | 6.25 | 29.75 |

BY PARCEL POST PREPAID: Lb. 45c; 3 lbs. \$1.00; 7 lbs. (enough for 1 acre) \$1.85. All prices subject to change.

Do not make the mistake of planting Hybrid Corn too thick. You will get larger ears and more bushels per acre if planted 3 kernels in a hill.

W-525 ONE OF OUR BEST HYBRIDS

W-HYBRID 464 THE GOLDEN GLOW HYBRID

We Offer These Excellent Wisconsin Hybrids

W-355—90 Day—This is probably one of the best and most widely grown Hybrids in the 90 day maturities. It is adapted to a wide range of soils and has shown up exceptionally well in test yields. Its medium tall stalks stand up unusually well, produce fine ears of medium length well filled with deep yellow kernels.

W-416—95 DAY—Here is another unusually fine Wis. Hybrid suited for sections that must have an early maturing corn, or in many cases there are fields where for some reason planting is delayed until late in the season an early variety must be used. It is one of the best early maturing hybrids, ears are deep yellow, fine in appearance and remarkably large for so early a corn. Stalks grow 7 to 8 ft. tall, are very leafy and like all good hybrids stand up straight.

W-464—100 DAY—This Hybrid is about the same maturity as early strains of Golden Glow and is especially suited for central Wis., Minn., and similar latitudes. If you wish to shred your corn you will find this variety will mature early and the stalks will cure out properly. Even though it ripens early it is a remarkably heavy yielder. Ears are 7½ to 8½ in. long, deep golden color and have 14 to 16 rows of deep kernels. It grows a strong vigorous stalk, 8 to 9 ft. tall, well supplied with foliage and has a strong root

system; it will stand up and produce a fine crop even in hot dry seasons.

W-525—105 Day—This is one of the most widely grown Hybrids in the medium maturities, famous for its high yields year after year. We sell more of this than any other variety. Stalks grow 8 to 9 feet tall, stand up straight and practically every stalk bears a large ear. Ears are large and showy. It has proved to be a dependable heavy yielder of high quality corn.

W-606—110 Day—A very good Hybrid suitable for Southern Wisconsin, Minnesota, Michigan, Northern Illinois, Iowa and similar latitudes. Vigorous tall stalks produce long ears well filled with deep yellow grains. The heavy yield of large handsome ears which this variety produces will delight every farmer who plants this corn.

W-645—115 Day—This is our largest and heaviest yielding Hybrid. It grows a strong tall stalk 8 to 10 feet tall, well supplied with heavy leaves. Each stalk will produce a very large handsome ear and it does not take many to fill a bushel basket. Shells out unusually heavy as it has such a small cob. Especially suited for Southern Wisconsin, Michigan, Minnesota and also for Illinois, Iowa, Indiana, Ohio and similar latitudes.

W-HYBRID 606

W-HYBRID 645

Why Hundreds of Farmers Plant Jung's Hybrid Corn

It is grown from approved crossing stocks produced by the University of Wisconsin.

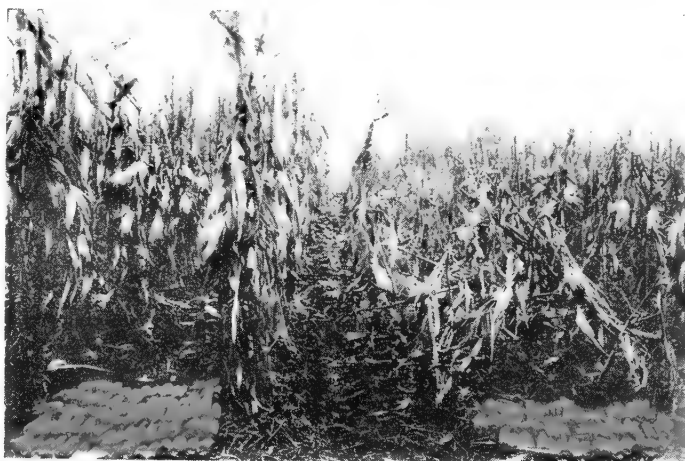

The seed crop receives expert attention from the time it is planted until the seed is bagged and sealed.

That most important operation "de-fasseling" is under the care of experienced men.

We have modern equipment for drying and grading. You will find our seed to be uniform in size and shape.

Our Hybrid Corn is all treated with Somesan Jr., ready for planting.

Nothing has been left undone to assure you of getting as good Hybrid Seed Corn as can be produced. No matter what price you pay you cannot buy better Hybrid Corn.

Hybrid Corn (left) and ordinary corn (right). Note difference in yield and how Hybrid Corn stands up. Photo courtesy Wis. College of Agr.

Jung's Wisconsin Hybrid Ensilage Blend

Will Fill Your Silo with Less Acres. Giant Sized Ears. Tall Leafy Stalks. Stands Up.

This is a special blend of several Hybrids that mature over a period of 10 days so that even if weather during pollination is very hot you will have well filled ears and tall leafy stalks. Stalks will be 9 to 10 ft. high and each stalk will produce a large, well developed ear. The stalks and leaves remain green for a long time, thus making a fine quality of ensilage. Those who had lodged corn the past season will appreciate a corn that stands up under adverse conditions like this corn did. Ears are 8 to 10 in. long and a rich golden yellow color. Yields of 60 to 75 bu. per acre have been frequent. **Large Flat Kernels:** Bu. \$8.75; **Medium Flat Kernels:** Bu. \$8.00; **5 bu. \$38.50. Select Graded Medium Rounds:** Bu. \$6.25; **5 bu. \$30.00. Select Graded Large Rounds:** Bu. \$5.50; **5 bu. \$26.50. Small Flats:** Bu. (enough for 9 to 10 acres) \$7.50.

TYPICAL EARS OF HYBRID ENSILAGE BLEND

Leon Cooper, Mich.—I have used your W-355 Hybrid corn for the past several years and it has done wonderfully well.

Lawrence Bartell, Wis.—Have planted your Hybrid Corn for three years and it has outyielded all other brands.

J. H. Goodale, N. H.—The Hybrid Corn purchased from you last year was excellent.

L. D. Karker, N. Y.—I had a fine crop of corn from your seed, garden seed also done well.

Attached to every bag (1 bu. or more), of our Hybrid Seed Corn and certified Seed Grain and Soy Beans you will find a tag with the above Big Red W.

It is your guarantee that you are getting seeds of the very highest quality as the use of this tag is authorized to be used only on seeds that were produced from seeds obtained from the University.

All such seeds are free from foul weeds and are unusually high in purity and germination, they are "top" quality in every way.

JUNG'S NORTHERN GROWN FARM SEEDS

No other article will bring a farmer greater returns on his investment than planting the best seeds it is possible to purchase. It costs just as much to raise a poor crop as a good one and without good seeds the best land and cultivation cannot produce a good crop. The Farm Seeds we offer are uniformly of the VERY BEST GRADE, free from foul weeds and of high germination. The Earliness and Tremendous Productiveness of Northern Grown Seeds need no comment, they stand at the head of the list. No charge for bags, remember this when comparing prices. All prices subject to change.

WIS. No. 38 SMOOTH BEARDED BARLEY

The Coming Barley. Smooth Beards. Easy to Handle as Oats. Large Plump Kernels. Heavy Yielder. Why Grow the Old Bearded Variety Any Longer? This New Barley is Pleasant to Handle and Yields More.

The beards are smooth and will not cling like the ordinary barley and for this reason will soon displace the rough bearded varieties. However, the smooth beards are not its only good characteristic; in a test conducted at the Wisconsin Experiment Station over a period of 4 years the Wis. 38 average yield was 54.6 bushels per acre. **We have seed to offer this year that was grown on our own farms, is high in germination and free from foul weeds. Blue Tag Certified Seed: Lb. 35c; 3 lbs. 90c, postpaid. Not prepaid: Bu. \$3.25; 2 1/2 bu. \$7.50. State Tested Seed: Bu. \$2.50; 10 bu. \$23.75. Bags free.**

NEW MARION OATS

**Heavy Yielder
Resistant to Rust
Grows a Tall Straw**

Another fine rust-resistant Oat especially suited for light soils where Vicland might be too short. It was developed at the Iowa Agr. Station and has made wonderful yields where ordinary oats were failures. Kernels are white, slightly larger than Vicland and have a thin hull.

We have some nice clean seed grown on our own farms. Lb. 30c; 3 lbs. 70c, postpaid. Not prepaid: 3 bu. (1 bag) \$4.95; 5 bags or more at \$4.80 per bag. Bags free.

WIS. No. 38 BARLEY

MARION OATS

A. Chubb, N. Y.—Your Vicland and Marion Oats were way ahead of everything around here. Other oats weighed 16 to 18 lb. per bu. while mine weighed 34 lbs.

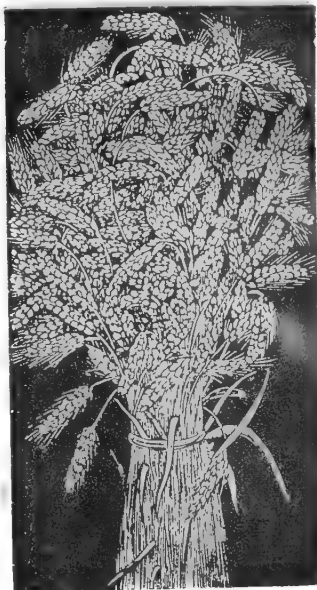

New Wisconsin Wheat "Henry"

Resistant to Rust and Smut. Heavy Yielder. Large Plump Kernels.

This remarkably fine new wheat developed at the Wis. Experiment Station will probably become as famous in wheat as "Vicland" is with oats. Its principal advantages are its resistance to smut and rust and its high yields, in tests covering several years it has greatly outyielded the older varieties and it will probably be one of the most widely sown spring wheats here in the north central states.

It grows a strong stiff straw, stands up well and matures about 5 to 7 days after Vicland Oats. The kernels are much larger than most spring wheats and have good milling and baking qualities.

The certified seed we offer made the remarkable yield of 56 bu. per acre this past year, we have but a limited quantity of this wheat to offer. **Certified Seed: Bu. \$4.50; bag (2 1/2 bu.) \$10.60. State tested seed (grown from certified seed) bu. \$3.35; bag (2 1/2 bu.) \$8.00. Bags free.**

HENRY WHEAT

THE NEW SWEET SUDAN GRASS

This new variety was developed by the Texas Experiment Station in cooperation with the U.S. Dept. of Agriculture. Compared to the common Sudan Grass it grows a more vigorous plant, stools out heavier and has more and broader leaves. However, its greatest value is in its sweet and palatable leaves and stalks, when planted side by side with the common variety cattle will always eat down this new variety first, a sure indication of its higher feeding qualities. **Lb. 45c; 3 lbs. \$1.25, postpaid. Not prepaid: 25 lbs. \$4.75; 100 lbs. \$17.50.**

COMMON SUDAN GRASS—Lb. 35c; 3 lbs. \$1.00, postpaid. Not prepaid: 25 lbs. \$3.90; 100 lbs. \$14.00. Prices subject to change.

WIS. ROX ORANGE SORGHUM OR SUGAR CANE

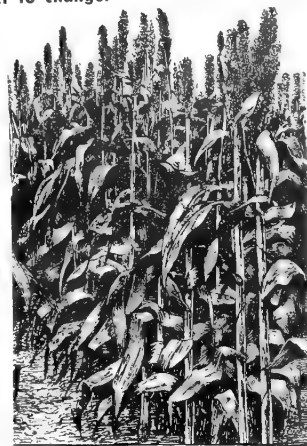

Probably the best sorghum or sugar cane of them all. Developed at the Wisconsin Experiment Station and bred for high sugar content. It grows a thick sturdy cane, produces a high quality syrup and more of it than any other variety. Owing to its unusual sweetness it is unexcelled for silage as it grows 8 to 10 feet tall. **Select seed of our own growing: Lb. 40c; 3 lbs. \$1.10, postpaid. Not prepaid: 25 lbs. \$5.00; 100 lbs. \$18.50.**

ATLAS SORGO—The Wis. Rox Orange is so much better that we no longer offer Atlas.

NEW IMPROVED HANSEN WHITE PROSO

The Great Emergency Grain Crop. Matures in 60-70 Days. Excellent Poultry and Hog Feed.

This is a great improvement over the common hog millets as it has a larger kernel, is whiter in color and yields more. Makes an unusually good poultry feed and is equal to grain for hogs and live stock. Well suited for dry areas where barley and oats will not succeed; here in the middle west it can be sown at the end of June and still mature a crop. **The seed we offer was grown here on our own farms and yielded 48 bushels per acre. Sow 18 to 25 lbs. per acre. Lb. 35c; 3 lbs. 90c. Not prepaid: 25 lbs. \$1.75; 50 lbs. \$3.25; 100 lbs. \$6.25. Bags free.**

ROX ORANGE

VICLAND OATS

"VICLAND"

**The Famous Rust-Proof Oats
America's Most Popular Oats**

Resistant to Rust and Smut. Stiff Straw. Immense Yielder.

Another season has added to the fame of Vicland Oats as they produced large yields and heavy oats where other varieties were only fair and often poor in quality, yields of 100 bushels per acre were nothing unusual. Vicland Oats were originated at the Wisconsin Experiment Station and have proved to be one of the best varieties ever sent out. It has a short stiff straw and is especially suited for rich soils where other varieties lodge; it is resistant to both rust and smut. The kernels are medium in size, yellow in color, have a thin hull and usually weigh 36 to 38 lbs. per measured bushel. It will stand in the shock for a long time without sprouting, a distinct advantage in rainy weather such as we had the past year. Do not sow too thick, 7 to 8 pecks per acre is enough for a good crop. **As usual "Vicland" has again produced a wonderful crop and we have a very fine lot of this seed grown here on our own seed farms. State Certified Blue Tag: Lb. 35c; 3 lbs. 80c, postpaid. Not prepaid: 3 bu. (1 bag) \$6.25; 5 bags or more at \$6.00 per bag. Fancy State Tested Seed (grown from certified seed): 3 bu. (1 bag) \$4.50; 5 bags or more at \$4.40 per bag. No charge for bags.**

THE NEW "FORVIC" OATS

Another new Oats that was developed at the Wis. Experiment Station. It is rust resistant, ripens with Vicland but it grows taller and is a whitekerneled variety. Seed very scarce, only one bag to a customer. **Certified Seed: Bag (3 bu.) \$9.00.**

SOY BEANS

**Inoculate Soy Beans —
See Page 35**

Soy Beans are rapidly becoming one of our major crops as they can be used in so many ways. They are grown for hay, silage, and the cured beans. They are the only legume that can be grown on acid soil and build up the fertility. **Prices subject to market changes.**

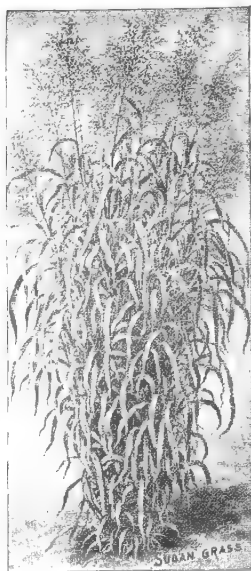

WIS. MANCHU No. 606—An extra early variety developed at the Wisconsin Exp. Station at Spooner, Wis. Especially suited for Wisconsin and Minnesota where other varieties are too late. Grows a sturdy bush and is a remarkable good yielder. **Blue Tag State Certified Seed: Lb. 35c; 3 lbs. \$1.00, postpaid. Not prepaid: Bu. \$4.00; 10 bu. \$39.25. Bags free.**

MANDARIN No. 507—Another extra early variety suitable for short seasons as it will mature in 95 to 100 days, has given very good yields for such an early variety. **Price same as for Manchu No. 606 above.**

SOY BEANS

R. Berndt, Wis. — Have planted your seeds for quite a number of years and always found them very good. They produce wonderfully.

SUDAN GRASS

REED CANARY GRASS

REED CANARY GRASS

A very valuable pasture and hay crop suitable for low wet ground: Such land is almost worthless for ordinary farm crops but it can be made into some of your most productive land by sowing it to this crop. After once started it remains for many years; it will produce two cuttings of 3 to 4 tons of excellent hay, or may be pastured. It is very hardy, never freezes out and has successfully come through the recent drought years. It makes a very high quality hay, much better than Timothy, is highly relished by horses and cattle. **Requires 5 to 6 lbs. seed per acre. Full planting instructions will be sent with every order. Lb. 80c; 5 lbs. \$3.75, postpaid. Not prepaid: 10 lbs. \$7.50; 25 lbs. \$17.00; 100 lbs. \$62.00.**

PROSO

ALFALFA THE GREAT HAY CROP FOR AMERICA

A clover-like leguminous plant of great importance as a hay crop; nutritious and rich in protein elements. It grows from 2 to 5 feet high and roots 8 to 12 ft. deep. It needs one season to become established; after that it yields enormous crops annually for years. Two to six cuttings per season, aggregating three to eight tons of cured hay are harvested, according to conditions and locality. It should be grown by every farmer and dairyman.

NOTE—All of the Alfalfa seed we offer is strictly select quality seed of the highest grade. It is plump, of high germination and free from fowl weeds. Do not confuse this seed with second or screening grade often offered at "bargain prices."

DRY LAND DAKOTA No. 12—This strain is practically as hardy as Grimm and is very popular here in the north where winters are severe. The seed we offer is of very high quality and was grown on dry land in the "Blackhills" region where winters are even more severe than in Wisconsin.

Why You Should Grow ALFALFA

It is always advisable to inoculate Alfalfa.

It contains as much protein as wheat bran.

It does not exhaust but enriches the soil.

It produces from three to eight tons of hay to the acre.

One acre will pasture 20 hogs for 6 months.

Thirty-five pounds makes a full feed for fattening steers.

A lamb will winter and thrive on three pounds a day.

There is no state in the Union where Alfalfa cannot be successfully grown.

A SECOND CUTTING OF ALFALFA

Jung's Fancy Recleaned Clover Seed

Clover is without any question the most popular and widely grown crop for hay, pasture and also for building up or enriching the soil. This season the price of the seed is very reasonable and every farmer should sow clover liberally. In sowing clover nothing is more important than that the seed be pure and free from fowl weeds.

FANCY MEDIUM OR RED CLOVER

We have an unusually fine stock of Medium Clover Seed. It is bright, pure, of high germination and free from fowl weeds. This is the standard Red Clover and a dependable all-around variety for farmers and stockmen. It makes two crops a year. The first is usually cut when in bloom for hay; the second crop may be cut for hay, harvested for seed or plowed under to add fertility to the soil. It pays always to buy the best grade of CLOVER SEED that can be obtained. Even though the first crop cost is more than the cheaper grade, it will be found in the long run that inferior seed is the most expensive, not only on account of less hay or seed produced from it but from the fact that one's land is liable to become infested with weed seeds. Sow **GOOD CLOVER SEED** and plenty of it. **Fancy Seed: Lb. 80c; 3 lbs. \$2.25; postpaid; not prepaid: Pk. \$8.75; bu. \$34.00; 2 1/2 bu. \$83.00**

ALSIKE CLOVER

The advantage of Alsike over Red Clover is its true perennial character and great hardiness. It will adapt itself to extremes of either wet or drought and will flourish on soils where red clover would not grow. It is also more leafy and does not have heavy stalks and for this reason makes a finer hay especially when sown with Timothy. Also excellent for pasture as it is very hardy and seldom winter-kills. Alsike is the only clover that will thrive and not kill out on low places. **Fancy Seed: Lb. 80c; 3 lbs. \$2.10, postpaid. Not prepaid: Pk. \$8.70; bu. \$33.25.**

MAMMOTH CLOVER

This is well known for its enormous yield and is largely used as a fertilizer to plow under green. It is very hardy and hardly ever freeze out. Also excellent for pasture as it produces so much forage. It produces very large crops of hay, 3 to 5 tons per acre. As a fertilizer to plow under green it has no equal; also excellent to sow with small grain for fall pasture, using from 4 to 6 lbs. per acre. **Lb. 80c; 3 lbs. \$2.25, postpaid; not prepaid: Pk. \$9.00; bu. \$34.75. Bags free.**

Fancy Recleaned TIMOTHY

As a crop for hay TIMOTHY is probably unsurpassed by any other grass. It is highly relished by all kinds of stock, especially horses. It yields more nutritive matter than any other grass or forage plant. It is not suited for a permanent pasture as it will run out in the course of a few years. The largest crops of hay are raised on rich land. It is not suited for light, sandy soil so well as some other grasses. The most important point in the growing of TIMOTHY is the selection of **GOOD SEED. POOR SEED, besides containing weed seed WILL NOT ALL GROW.** Extra Fancy Seed: **Lb. 30c; 3 lbs. 80c, postpaid; not prepaid: Pk. \$1.40; bu. \$5.20; 2 1/2 bu. \$12.50. Bags free.**

BROME GRASS

A vigorous growing grass well suited for dry soils as it roots deeper than most grasses. Well suited for hay or pasture, often used with alfalfa. Sow 18 to 25 lbs. per acre. **Lb. 50c; 3 lbs. \$1.25, postpaid. Not prepaid: 25 lbs. \$7.00; 100 lbs. \$26.50.**

FANCY HULLED RED TOP

A suitable grass for moist, rich soils where it thrives most luxuriantly. It is a good variety to sow with Timothy or clover for meadow or pasture and is more permanent than either of the other two. **Lb. 50c; 3 lbs. \$1.25, postpaid; not prepaid: 10 lbs. \$3.20; 25 lbs. \$7.50; 100 lbs. \$27.50.**

HARDY MONTANA—Has the reputation of being one of the hardest common Alfalfas and well deserves its popularity. We have some very fine seed this year.

FANCY KANSAS—Although lower in price it has proved very desirable for hardiness. At the Wis. Exp. Station they rank it next to Mont. and S. Dak. for hardiness.

FANCY NEBRASKA—This seed has been used in Wis. for many years with gratifying results and many farmers sow nothing else for their alfalfa crop. We have nice seed to offer this year.

Alfalfa Prices for 1947

| | Postpaid | Not Prepaid |
|------------------------|------------|-----------------|
| Lb. 3 Lbs. 1/2 Bu. Bu. | | |
| Dakota No. 12 | .85 \$2.25 | \$18.00 \$35.25 |

| Fancy Kansas | .70 2.00 | 15.75 29.90 |

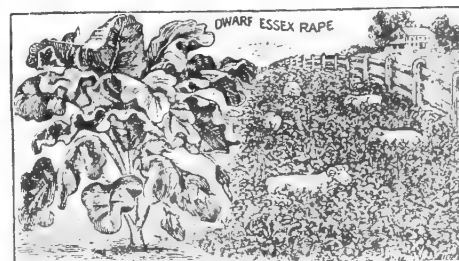

Be Sure to Inoculate Your Alfalfa—When ordering Alfalfa please give first and second choice.

"LADINO"

The Sensational New Clover. Grows on Moist Soil. Equal to Alfalfa.

Similar to White Dutch Clover but spreads by runners and grows much taller, the runners throw up leafy stalks 18 to 24 in. tall, leaves resemble Red Clover in size and shape. Excellent for pasture, especially suited for poultry, also makes a very nutritious hay being equal to alfalfa in protein. It will grow on low moist soil where clover or alfalfa will not thrive. An ideal mixture is 2 to 3 lbs. of this clover and 5 to 6 lbs. Brome Grass per acre. **Lb. \$2.75; 5 lbs. \$13.25 postpaid. Not prepaid: 10 lbs. or more at \$2.50 per lb.**

DWARF ESSEX RAPE

It is ideal for sheep pasture and is now largely sown for cattle and hogs. It furnishes an immense amount of green feed on a small area. Under favorable conditions it is ready for pasturing in 6 weeks from the time of sowing and furnishes excellent feed throughout the summer and fall. Dwarf Essex Rape thrives best on good soil, rich in vegetable matter. We handle the **VERY BEST SEED** which is always sure to give satisfaction. **Lb. 35c; 3 lbs. \$1.00, postpaid. Not prepaid: 10 lbs. \$2.00; 25 lbs. \$4.75; 100 lbs. \$18.00.**

GIANT AMERICAN BUCKWHEAT

Heavy Yields. Large Kernels.

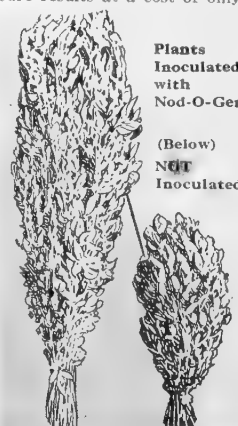

A new variety of great merit, it grows a stronger plant and yields much larger crops than the older strains. Seed dark brown, also black, extra large in size and will command an extra price on the market. An excellent crop to kill out quack grass. **Extra choice seed of our own growing: 3 lbs. 60c, postpaid. Not prepaid: Bu. \$2.75; 5 bu. \$13.00.**

SILVER HULL—This is very widely planted as it will mature a crop in 70 days and can be sown as late as July 10th and will ripen before the end of September. It is a prolific grower and heavy yielder and makes a fine grade of buckwheat flour. **Bu. \$2.65; 5 bu. \$12.50.**

Dickinson's Humus Inoculation

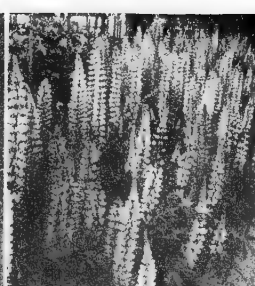

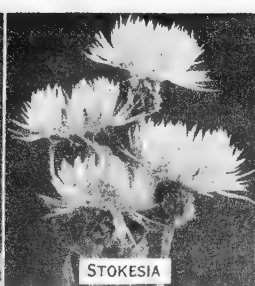

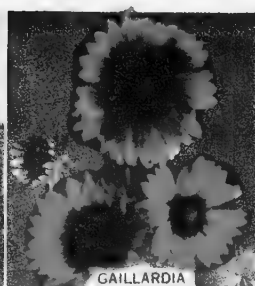

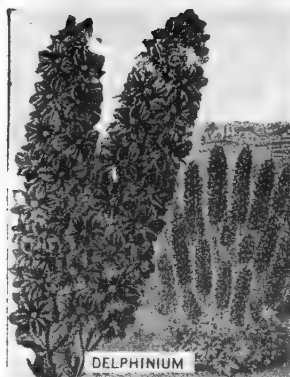

Now you inoculate your alfalfa, clover, soybean or other legume seed without the use of water and still be sure of a growth of soil-improving root nodules as full and vigorous as was formerly possible to obtain only by the use of bottle or "jelly" type cultures. Dickinson's New Humus Inoculation has been perfected after careful study and experiment in the country's largest commercial soil bacteriological laboratory. Each culture contains millions of vigorous root nodules bacteria living in a specially blended humus substance which can be mixed with the seed dry, just as it comes from the can. Every can contains plenty of culture material to fully inoculate the quantity of seed for which it is intended. Full directions are printed on the label. No skill or experience is required to get good results with Dickinson's Humus Inoculation. It is safe and easy to use and produces sure results at a cost of only a few cents per acre. Only a few minutes are required to inoculate the seed which can then be sown immediately. Many growers now prefer Dickinson's Humus Inoculation because of the handy form and the ease with which it is used.

—Your seeds are the best I ever bought.

Hardy Perennials

We offer a list of the most popular perennials, varieties that are easy to grow and sure to please.

SHASTA DAISY—Giant White—You will be delighted with the size and beauty of these Giant Daisies. A great improvement over the common Shasta Daisy as many of the flowers are 4 to 5 in. across and produced on long stiff stems. Flowers are pure white and continue in flower throughout the season.

AQUILEGIA or HONEYSUCKLE—Giant Fancy Hybrids—By all means plant a few of these wonderful perennials, they are perfectly hardy and easy to grow. They grow strong, thrifty bushes and produce flowers of the largest size. We offer a select strain containing beautiful tints and color combinations, hardly two plants producing flowers that are exactly alike.

COREOPSIS — Grandiflora Mixed—These fine hardy perennials are sometimes called yellow daisies. The beautiful rich golden flowers are borne on long graceful stems. They flower for a long period of time and will blossom the first year if started early.

SPECIAL OFFER!

Any Perennials on this page: Pkt. 10c; 3 pkts. 25c; 6 pkts. 45c. One pkt. of each, 14 in all, for 90c.

COREOPSIS

CHINESE LANTERN

SWEET WILLIAM

HOLLYHOCKS

"Order Early"

ICELAND POPPIES

FOX GLOVE—Mammoth Flowered Mixed—For stately beauty in the garden, tall border or among shrubs the Fox Glove stands supreme. Produces enormous spikes 4 to 6 ft. in height and flower heads are often 3 ft. long. Colors range from pure white and shell-pink to deep rose and many are beautifully spotted.

CHINESE LANTERN—This is a highly ornamental and interesting plant grown for its bright colored balloon-like fruits or husks that cover the bush in late summer or autumn. The fruits are about 1½ in. in diameter, bright orange red when ripe and on account of their shape and texture are called "Chinese Lanterns." Branches with the fruits may be dried and make splendid material for winter bouquets.

HOLLYHOCKS—Double Rose Flowered Mixed—These are old time garden favorites but of late years are becoming very popular and well they may as they are the most majestic of the hardy flowers. They grow 6 to 7 ft. tall, for planting among shrubbery or back-grounds they are unequalled. We offer superb mixture of the best double flowering varieties.

POPIES—Iceland Mixed—Hardy perennials that bloom the first season. The fragrant, elegant satin-like flowers are produced from June until October on stems 2 in. long and are excellent for cut flowers as they last fully a week. Our seed includes the most beautiful colors.

PLATYCODON—Grandiflora Mixed—An extra good, very hardy and free flowering perennial. They form branching plants 1½ to 2 ft. tall and produce large blue and white bell-shaped flowers. They remain in flower from June to October and will thrive in sunny or shady places. One of the best hardy perennials.

HARDY BLUE STOKESIA—A beautiful hardy plant that will do well in any sunny position. Bushes grow 2 to 3 ft. tall and blossom freely from June until September. Flowers measure 4 to 5 in. across, bright lavender-blue in color and being borne on long stems are invaluable for cutting.

SWEET WILLIAM—Giant Perfection Mixed—Popular hardy perennials that are splendid for beds or borders. They produce large heads or clusters of flowers in great profusion and having long stems they make fine bouquets. They produce masses of brilliant color and remain in flower a long time. We offer an extra select strain.

Thompson's
DEE-CEE-PEE
WEEDICIDE
2,4-dichlorophenoxyacetic acid
KILLS WEEDS
IN 7 TO 30
DAYS' TIME

SPRAY THE LEAVES
KILLS WEEDS TO THE ROOT OF THE WEED
KILL THE ROOTS

RID YOUR FIELDS OF WEEDS with 70% 2, 4-D WEEDICIDE

This revolutionary Weed Killer destroys weed pests such as Creeping Jenny or Bindweed, Dandelions, Poison Ivy, Morning Glory, Nettles, Thistles, Wild Mustard and many others, it not only kills the tops but the roots as well.

It will not harm the soil or sprayers, is harmless to animals and is not dangerous to handle. Easy to apply by simply mixing with water and spraying, full instructions on every container. One pound of this powder will make 100 gallons of spray and it should be applied at the rate of 200 gal. per acre. Note new low prices for 1947. 1 lb. \$1.70; 25 lbs. \$35.00; 100 lbs. \$127.50 prepaid.

HYPONEX
PLANT FOOD

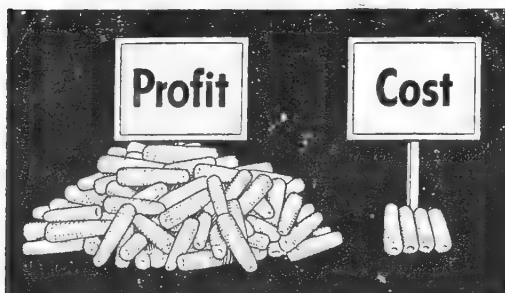

Hyponex is a clean, odorless, soluble powder which, with water, is a complete plant food. It grows bigger and better plants in poorest soil, even in sand, cinders

This startling CONTRAST

NORMAL | FED WITH
ORDINARY | HYPONEX-
GROWTH | AND-WATER

Grow stronger plants, larger and more flowers indoors or out. Modern science aids Nature for astonishing results in soil, sand or barren earth

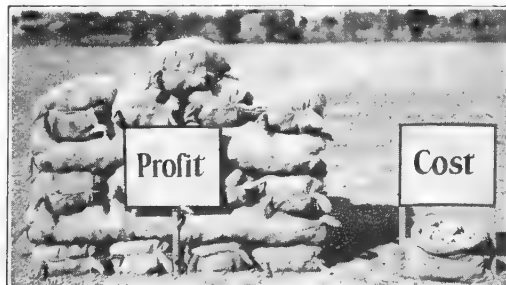

This is a highly concentrated and well balanced fertilizer for pot or house plants, roses, ferns, and also for outdoor flowers and shrubs. It increases the foliage and improves the color and size of blossoms. Odorless and harmless. HYPONEX is sure to bring forth healthy plants and lots of flowers. 3 oz. can makes 18 gal. 25c; 1 lb. can makes 96 gal. \$1.00; 2 for \$1.85.

New Improved Semesan Jr. increased the yield on the average 3.55 bushels per acre. Only 4 ears, or 3½ pounds of corn required to pay for this increase in yield.

Treat Your Seed Corn With NEW IMPROVED SEMESAN JR.

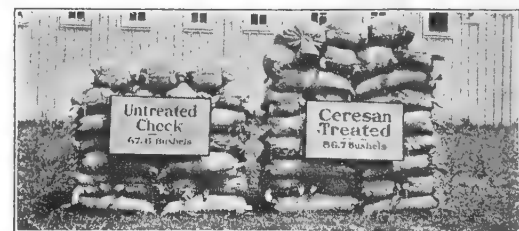

Disease of corn, such as Ear, Root and Stalk Rots, that attack corn cause millions of dollars loss every year to the American farmer. Semesan Jr., not only holds these diseases in control but it also increases the yields from 5 to 10 per cent. We have found it extremely valuable for treating all of the corn we plant, especially when the soil is wet and cold, as it will prevent rotting of the seed. It is easy to apply to the seed by dusting 1½ oz. to a bushel of seed. It only costs 3 to 5 cents per acre to treat your seed corn and we believe is one of the best paying investments any farmer can make. Ask for booklet on Treating Corn with Semesan Jr. 1½ oz. pkt. 15c; 2 for 25c; 12 oz. can 65c; 6¼ lb. can \$3.75.

Only 0.4 of a bushel of the average yield increase of 35.4 bushels was required to pay for the Improved Semesan Bel, leaving a return on money invested of 9830 per cent. Easy to Apply. Costs only 2c per Bu. Prevents Scab and Rot.

Treat Your Potatoes With NEW IMPROVED SEMESAN BEL

Treat your seed potatoes with New Improved Semesan Bel. The quick dip treatment will take care of potato disease, especially rot and scab. One pound will treat from 60 to 80 bushels, which makes the cost of treating from 1½ to 3 cents per bushel. Full instructions on every can. 2 oz. pkg. 25c; 1 lb. can \$1.65; 5 lb. can \$7.25.

NEW IMPROVED CERESAN Will Increase Your Grain Yields

PREVENTS SMUT. INCREASE YIELD. LOW COST. Why grow smutty grain, which greatly reduces your yield, when for 2 to 3 cents per bu. you can treat your seed and prevent a loss. Very effective in preventing bunt or stinking smut on wheat, covered smut and stripe disease on barley and smut on oats. Also improves the stand and will increase your yield from 3 to 5 bu. per acre. Easily and quickly applied, requires no water, and will not bother in sowing after it is treated. A pound can will treat 30 bu. of seed grain. Full instructions on every can. 1 lb. can 80c; 4 lb. can \$3.00.

OPTOX

PLANT SPRAY

On our Seed Farms and Nurseries we have tried out many different Plant Sprays but thus far have had the best results with Optox, especially for cucumber bugs.

This spray is deadly to insects but absolutely harmless to humans, birds and animals. Will not "burn" delicate leaves on tender flowers. While this spray has always been good it is even stronger have been added, it contains no DDT. Better than some others but you will find it results are compared.

Easy to use as all that is necessary is to add water. Full instructions with every bottle or can.

Increases Root Growth
Makes Strong Vigorous
Plants
Larger and Better Yields

| Treated | Not Treated |
|--|-------------|
| <p>This is a preparation of root forming hormones and Vitamin B₁ and is especially valuable for treating both plants and shrubs when transplanting as it greatly increases root growth and plants thus treated will suffer very little set-back from transplanting. One ounce dissolved in water will make 10 gallons of solution. simple instructions will be found on every package. $\frac{1}{2}$ oz. (enough for small gardens) 25¢; 3 oz. \$1.00; lb. \$4.00.</p> | |

GRAIN-O

This is a powder to be applied by dusting on seed before sowing and has given splendid results on Garden, Farm and Flower Seeds. It makes more and stronger roots, helps germination and plants thus treated will produce better and larger crops. Easy to apply, use $1\frac{1}{2}$ to 2 oz. per bu. of seed. Pkt. (enough for the average garden) 25c; 1 lb. \$2.75; 5 lbs. \$12.00. Detailed information on its use for different crops sent free.

ALWAYS KEEP AN EXACT COPY OF YOUR ORDER

Owing to the extra cost of handling and packing, orders for shrubs and plants must amount to \$1.00 or more. If your order is less than that amount enclose or add 15c extra to cover the cost of packing. This applies to only shrubs and plants and not on seeds and bulbs.

Jung's Free Seeds

As stated on Page 1 of our catalog the following varieties are free with orders for seeds, plants and shrubs. Select one pkt. for each 50¢ worth ordered but not more than 6 pkts. to a customer. Check varieties wanted.

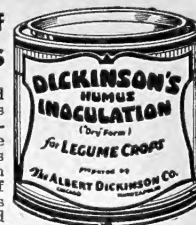

- ... Tendercore Carrot
... Tenderleaf Lettuce
... Earliest of All Cantaloupe
... Annual Painted Daisies
... Superb Mixed Clarkias
... Little Midget Marigold

If your order amounts to \$5.00 or more you are entitled to 3 Giant Prize Gladioli bulbs. If it amounts to \$8.00 or more you may have 6 Gladioli, while if it amounts to \$10.00 or more you have your choice of 12 Gladioli, a Chinese Lilac, or 3 Giant Fancy Iris.

STATE BELOW PREMIUM SELECTED

NOTE—Each order is entitled to only one Premium regardless of size.

**Will Increase Your Crops of
BEANS, PEAS & SWEET PEAS**

This is a compound which when applied to the seed before planting promotes stronger, healthier growth, hastens maturity, increases the crop, improves the quality and also enriches the soil. It is for legume plants such as Beans, Garden Peas and Sweet Peas. In the case of Sweet Peas larger and finer flowers will be had and in Garden Peas and Beans your crop will be much heavier and of finer quality. You can use more pods from each plant. It is best to apply as it is put up in powder form and will stick to the seeds, no water is necessary and it can be used a little at a time. **Large size Pkt. (enough for 5 lbs. of seed) 10c; 3 for 25c. Bu. size for Beans or Peas 50c.**

Transportation, including parcel post, express and freight, are overburdened and service is not as prompt as formerly. For this reason order early, you may not get the seeds and plants you want and not get them in time if you delay ordering until spring. Play safe by ordering early.

There is no comparison in quality between vegetables fresh from your own garden and those purchased on the market. Vegetables fresh from the garden are crisp and tender and retain all of the vitamins and food elements so essential to good health. A well tended garden pays big dividends in health, wealth and happiness.

We are not satisfied to only sell you good seeds, we also want to see you have the finest garden in your neighborhood as this is the best "ad" we can have. At considerable expense we have gotten up complete cultural instructions for both Vegetables and Flowers which we send free when requested with every order. You will get much valuable information from these instructions.

Bleeding Heart, Day Lily, Ferns, Hydrangeas, Lythrum, Monarda, Snowberry, Spireas, Tuberous Begonias.

Ageratum, Candytuft, Dwarf Marigolds, Dwarf Phlox, Sweet Alyssum.

Barberry, Chinese Elm, Dwarf or Arctic Willow, Honeysuckle,
Persian Lilac, Privets, Spirea V. H.

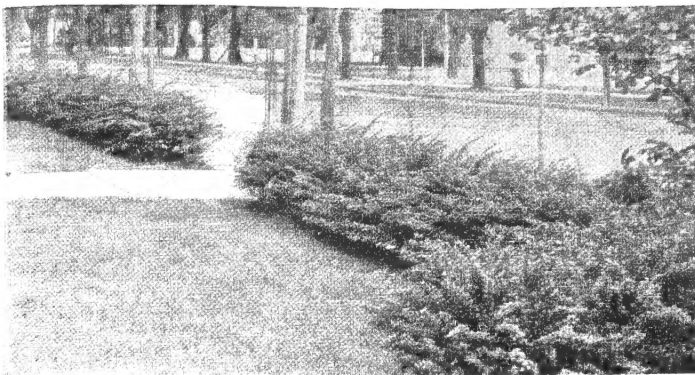

Cleome or Spider Plant, Marigolds, Nasturtiums, Larkspur, Petunias, Phlox, Verbenas, Zinnias.

V. W. Lohaus, Wis.—We like to compliment you on your seeds. Have planted them for 3 years and every seed seems to grow.

H. E. Cunningham, N.J.—Seeds from you last year were very fine.

D. I. Miller, Calif.—Have always been well pleased with all plants and shrubs purchased from you.

Mrs. H. Kriedeman, Wis.—Was very much pleased with the shrubs received from you.

JAPANESE BARBERRY

HEDGE PLANTS

JAPANESE BARBERRY

Colors Wonderfully in the Fall

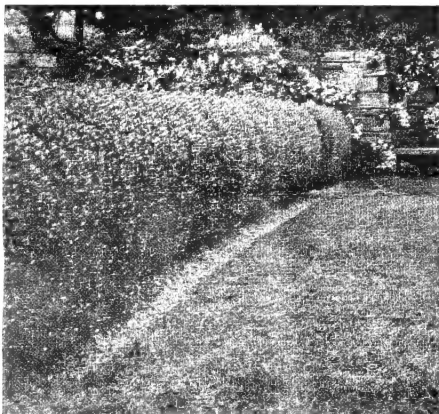

One of our most desirable and useful hedge plants. They are easy to grow and are absolutely hardy and can be sheared to suit any taste. They grow very dense, are attractive deep green in summer and in the fall the foliage turns to glorious shades of yellow, crimson and gold; during the winter they are covered with bright red berries. This variety does not spread rust. **Strong bushy 2-year plants. Each 30c; 12 for \$3.25; 25 for \$5.75.**

HARDY AMOOR RIVER PRIVET

This is the well known hardy Privet and is well suited for planting here in the North where the California variety freezes out. They are almost like evergreens as the foliage retains its color and remains on the plant until well into the winter; also succeeds quite well in shady places. Very largely used for hedges or foundation plantings next to buildings; can be pruned or sheared to suit your fancy—the more you cut or prune it the bushier and denser it will grow. Foliage is a deep glossy green and not subject to blight. **We offer strong 2-year transplanted plants of our own growing. 3 for 60c; 12 for \$2.00; 50 for \$7.25; 100 for \$14.00.**

CHINESE ELM FOR HEDGES AND WINDBREAKS

These are the same as regular Chinese Elm except that they are heavily branched from the ground up and grown especially for anyone wishing a thick hedge or an effective windbreak. For a hedge set the plants 3 to 4 ft. apart; for windbreaks 5 to 6 ft. Do not confuse our plants with seedlings that are often offered at low prices as the ones we offer will give you results at once while seedlings require 3 to 4 years. **Strong 2-year 3 to 4 ft. plants. 3 for 95c; doz. \$3.25 postpaid.**

CHINESE ELM HEDGE

HANSEN BUSH CHERRY

A Beautiful and Useful
Hardy Ornamental Shrub

A beautifully hardy shrub that is both useful and ornamental. The bushes grow 3 to 4 ft. tall and bear a fine crop of cherries that are especially fine for jellies and jam. Especially resistant to drought and makes a splendid ornamental shrub. Early in the spring they are a mass of white when in bloom, later they leaf out heavily with silvery green foliage which turns to red and gold in the fall. **Strong 2-year field-grown plants. Each 45c; 3 for \$1.25; doz. \$4.25.**

PUSSY WILLOW

FRENCH PUSSY WILLOW

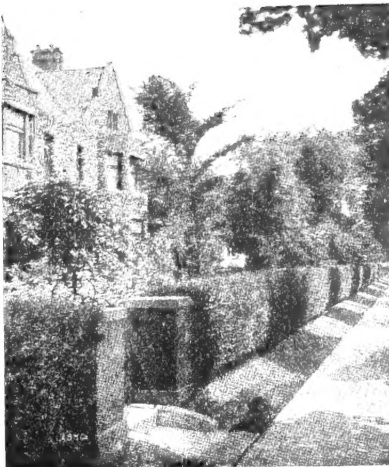

A highly improved variety that has created a sensation wherever shown. Branches of it have been selling during winter months for \$1.50 per doz. You can grow them on your lawn or back yard very easily; excellent for screens or back-grounds. Cut off the ends of the branches in February or March, place them indoors in a vase of water and soon the large silvery pink catkins, 1 to 2 in. long, will unfold. Will grow to a height of 8 to 10 ft. Very hardy and plants well supplied with attractive foliage. **Select 18-24 in. plants. Each 45c; 3 for \$1.25.**

SNOWBERRY

A Shrub for Shady Places

A valuable and desirable shrub with pink flowers which are followed by large white wax-like berries which hang on the plant through fall and most of the winter. Grows 2 to 3 feet high, very showy and succeeds almost anywhere. Of special value for planting in shady places where other shrubs will not grow. **Strong, bushy plants. Each 40c; 3 for \$1.10; 12 for \$4.00.**

Chas. Fraeh, Minn.—Just received my order and am very well pleased, all the shrubs look strong and healthy.

AMOOR RIVER PRIVET

REGEL PRIVET

REGEL OR FERN PRIVET

A very hardy type abundantly supplied with dark green shiny foliage. Grows very dense; the branches grow horizontally, giving the shrub a very graceful appearance. One of our best shrubs for planting in front of taller shrubs, foundations, and entrances. **Strong 2-year plants. Each 40c; 3 for \$1.10; 12 for \$4.00.**

SCARLET CLIMBER ROSE

The size of flowers, profusion of bloom, and dazzling red color makes this one of our most gorgeous climbing roses. The flowers are large in size, very double, and are borne in clusters of 5 to 8 flowers; as they are produced on long stems they are well suited for cutting and bouquets. **Strong 2-year field-grown plants. Each 85c; 3 for \$2.40.**

NOTICE Owing to the extra expense of filling and packing plants and shrubs we cannot accept orders for these items unless they amount to \$1.00 or more. With every order we include free a booklet of instructions on how to plant and care for Bulbs, Plants and Shrubs.

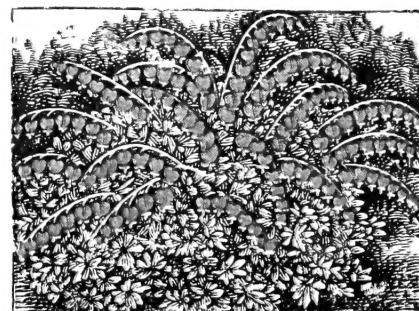

Guy B. Hudson, Okla. — All shrubs purchased from you have been of excellent quality with good roots.

GOLDEN ELDER

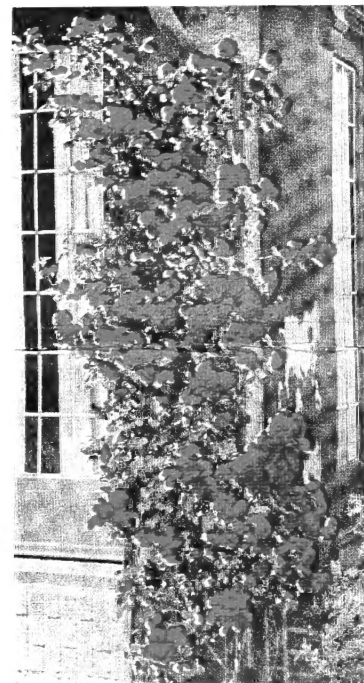

A valuable plant for producing contrast if planted with other shrubs as it has bright golden foliage but should have full sun for best effect. Grows rapidly on most any soil and can be pruned to form a neat compact bush. One of our best golden leaved shrubs. **Extra strong 2 year plants: Each 40c; 3 for \$1.10.**

GIANT BLEEDING HEART

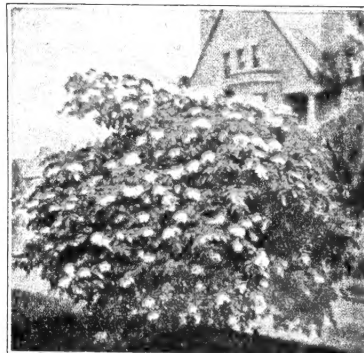

An improved type of the popular old fashioned favorite. The beautiful finely cut foliage and long showy branches of graceful heart-shaped pink flowers are always attractive. The plants are very hardy and may be used as borders or margins of shrubbery; also used quite extensively for cutting or bouquets. Does equally well in sun or shade. **Each 55c; 3 for \$1.50.**

JUNG'S FAIRFIELD SPECIAL LAWN GRASS

JUNG'S FAIRFIELD SPECIAL LAWN GRASS

Always Grows, Always Thrives, Hardy Deep Velvety Green, Sure to Please

Our mixture combines the very best varieties of grasses, suitable for the purpose of making a lawn beautiful in appearance, durable and lasting, deep green at all seasons. **The seed used is PURE AND HEAVY, and is especially cleaned.** This mixture weighs from 25 to 27 pounds per bushel, is of strong vitality and makes a quick healthy growth. One pound of our seed weighs as much as two quarts of other seedmen's brands. It contains the right quantity of White Clover but no Timothy or other cheaper grass seed. Nothing better to be had. **Lb. 75c; 5 lbs. \$3.50, postpaid. Not prepaid: 25 lbs. \$16.50; 50 lbs. \$32.25; 100 lbs. \$64.00.**

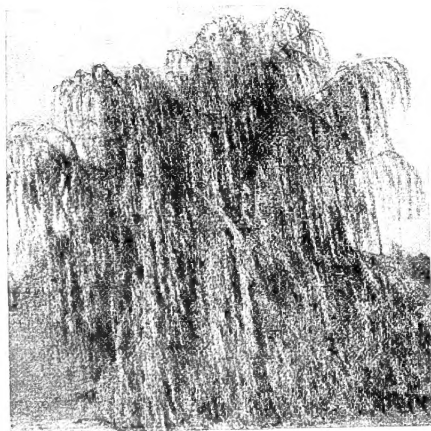

SHADY SPOT LAWN GRASS

This is a mixture carefully prepared for sowing under large trees and other heavily shaded places where ordinary grass will not thrive. **Lb. 85c; 5 lbs. \$4.10, postpaid.**

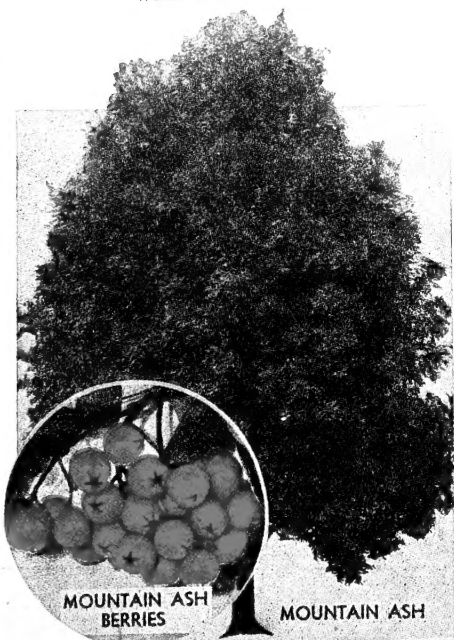

FANCY WISCONSIN WHITE CLOVER

For some lawns, especially in poor clay soil, it is advisable to use White Clover liberally. For renovating old lawns it is especially valuable as it takes hold where other grasses fail. **Fancy Seed. 1/4 lb. 40c; 1/2 lb. 75c; lb. \$1.45; 5 lbs. \$7.00, postpaid.**

PREPAID DELIVERY Except where noted we prepay all delivery charges on seeds, plants, shrubs and bulbs. Please remember this when comparing prices.

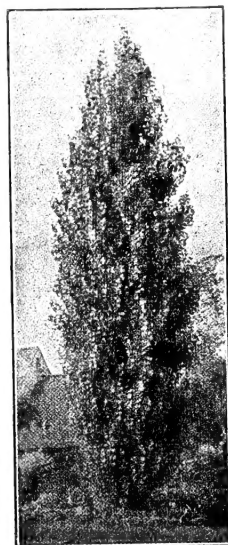

WEeping WILLOW

MOUNTAIN ASH BERRIES

MOUNTAIN ASH

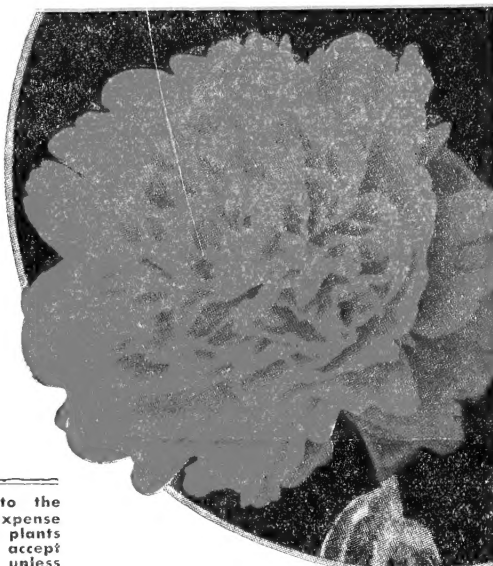

LOMBARDY POPLAR

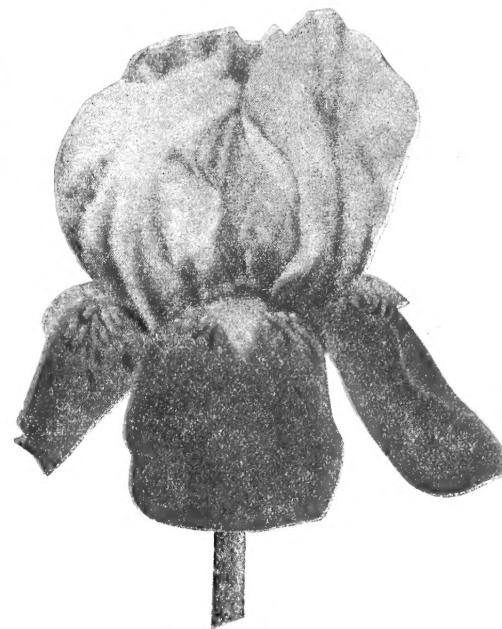

SOLANGE

NEW PEONY

"SOLANGE"—The Regal Beauty—Its high rating of 9.7 should convince every flower lover that Solange is a choice Peony. The flowers are truly giant in size, often 6 to 7 in. across, double rose-type and are borne so profusely that a plant in full bloom is covered with flowers. Flowers are a delicate soft cream. A rare beauty and the nearest "yellow" Peony to be had. **Strong plants: Each 75c; 3 for \$2.10.**

JUNG'S GIANT RED PEONY

RED IRIS

BEAUTIFUL RED TONED IRIS

Not many people are aware of the wonderful progress that has been made with Iris in recent years, especially in red shades. So that you may have a fine assortment of the red-toned varieties we will send you a collection of

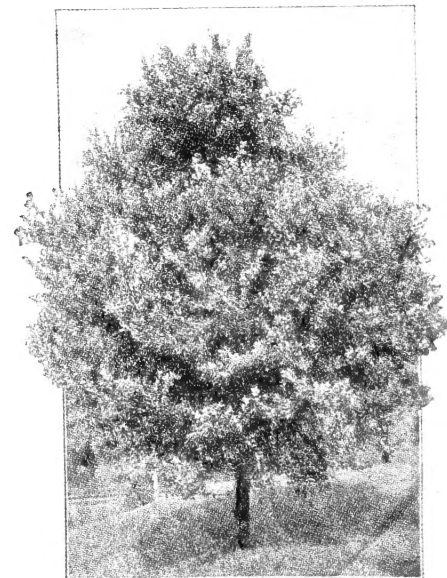

5 RED IRIS for \$1.25

These are large, select plants; many of them sold for \$2.00 each only a few years ago. Each plant labeled.

Iris plants shipped during July and August

JUNG'S GIANT RED PEONY

If you can have but one Peony plant, let it be this grand variety. Flowers are very large, fully double and a bright live red with no trace of purple. Very free flowering and if cut when in bud will last a week or more indoors. A plant of this fine peony when in full bloom will make a grand sight on your lawn or in your garden. **Strong 3 to 5 eye plants. Each 65c; 3 for \$1.75.**

CHINESE ELM

ORNAMENTAL AND SHADE TREES

MOUNTAIN ASH—A hardy, medium-sized tree of unusual beauty with graceful fern-like foliage. The clusters of white flowers in the spring are followed by large clusters of bright showy red berries. Foliage turns to beautiful orange and red in the fall. An unusually fine ornamental and shade tree. **3-4 foot trees. Each 75c; 3 for \$2.00, postpaid.**

LOMBARDY POPLAR—A widely used slender-growing tree suitable for planting along drives and boundary lines; also useful for windbreaks and tall screen hedges. Well supplied with bright green foliage with silvery appearance on under side. Makes a rapid growth and is very hardy. **4-5 ft. trees. Each 40c; 3 for \$1.10; 12 for \$4.00, postpaid.**

CHINESE ELM—A new elm which is becoming very popular as it is one of the rapid growing shade trees. It is a fine shaped tree, extremely hardy, and will thrive in dry sections. Well suited for either shade or street trees. Our trees are transplanted, with plenty roots, sturdy trees; no spindly seedlings as are often offered at low prices. **Strong transplanted 4-5 foot trees. Each 45c; 3 for \$1.25; 12 for \$4.50, postpaid.**

WEeping WILLOW—A graceful tree that grows to large size, is very hardy and will grow in either moist or dry ground; is also a rapid grower. The long, slender drooping branches are well supplied with narrow green leaves. The bright golden yellow bark is very effective in landscape even when not in leaf. **3-4 foot trees. Each 50c; 3 for \$1.35.**
